John Sullivan

RoutledgeFalmer Reader In History Of Education:

The RoutledgeFalmer Reader in the History of Education Gary McCulloch, 2020-11-25 This Reader brings together a wide range of material to present an international perspective on topical issues in history of education today Focusing on the enduring trends in this field this lively and informative Reader provides broad coverage of the subject and includes crucial topics such as higher education informal agencies of education schooling the state and local government education and social change and inequality curriculum teachers and pupils education work and the economy education and national identity With an emphasis on contemporary pieces that deal with issues relevant to the immediate real world this book represents the research and views of some of the most respected authors in the field today Gary McCulloch also includes a specially written introduction which provides a much needed context to the role of history in the current educational climate Students of history and history of education will find this Reader an important route map to further reading and understanding

Education and Constructions of Childhood David Blundell, 2012-01-12 Education and Constructions of Childhood considers the social construction of childhood through the institutions of education and schooling Grounded in a strong conceptual theoretical framework this accessible text will guide the reader through this evolving area Reflective exercises chapter summaries and useful websites will encourage and support student learning and the application of new concepts Education and Constructions of Childhood is essential reading for undergraduate and postgraduate students on Education Studies and related courses

Social Change in the History of British Education Joyce Goodman, Gary McCulloch, WILLIAM RICHARDSON, 2013-09-13 This work provides an overall review and analysis of the history of education and of its key research priorities in the British context It investigates the extent to which education has contributed historically to social change in Britain how it has itself been moulded by society and the needs and opportunities that remain for further research in this general area Contributors review the strengths and limitations of the historical literature on social change in British education over the past forty years ascertain what this literature tells us about the relationship between education and social change and map areas and themes for future historical research They consider both formal and informal education different levels and stages of the education system the process and experience of education and regional and national perspectives They also engage with broader discussions about theory and methodology The collection covers a large amount of historical territory from the sixteenth century to the present including the emergence of the learned professions the relationship between society and the economy the role of higher technological education the historical experiences of Ireland Scotland and Wales the social significance of teaching and learning and the importance of social class gender ethnicity and disability It involves personal biography no less than broad national and international movements in its considerations This book will be a major contribution to research as well as a general resource in the history and historiography of education in Britain

History of Education Deirdre Raftery, David Crook, 2016-04-08 Specially

commissioned to mark the 40th Anniversary of History of Education and containing articles from leading international scholars this is a unique and important volume Over the past forty years scholars working in the history of education have engaged with histories of religion gender science and culture and have developed comparative research on areas such as education race and class This volume demonstrates the richness of such work bringing together some of the leading international scholars writing in the field of history of education today and providing readers with original and theoretically informed research Each author draws on the wealth of material that has appeared in the leading SSCI indexed journal History of Education over the past forty years providing readers with not only incisive studies of major themes but delivering invaluable research bibliographies A must have for university libraries and a must own for historians This book was originally published as a special issue of History of Education

The Struggle for the History of Education Gary McCulloch, 2011-02-25 In The Struggle for History Education Gary McCulloch sets out a vision for a future of study in the history of education which contributes to education history and social sciences alike Education in a Catholic Perspective

John Sullivan, 2016-04-29 A distance is opening up between Catholic education and the rich intellectual heritage of the Catholic Church Education in a Catholic Perspective explores Catholic philosophical and theological foundations for both education per se and for Catholic education in particular With contributions spanning the theological foundations of Catholic education the interplay of theology and education and discussions of the social and missional dimensions of education this book will be of considerable interest to educators and students of Catholic education to academics in the fields of applied theology and philosophy and to those with an interest in the foundations of education

International Handbook of Research in Arts Education Liora Bresler, 2007-01-26 Providing a distillation of knowledge in the various disciplines of arts education dance drama music literature and poetry and visual arts this essential handbook synthesizes existing research literature reflects on the past and contributes to shaping the future of the respective and integrated disciplines of arts education While research can at times seem distant from practice the Handbook aims to maintain connection with the live practice of art and of education capturing the vibrancy and best thinking in the field of theory and practice The Handbook is organized into 13 sections each focusing on a major area or issue in arts education research The Routledge Companion to Education

James Arthur, Andrew Peterson, 2013-07-23 The Routledge Companion to Education presents the most comprehensive up to date guide available to the major topics and theories in education Forty specially commissioned chapters covering all aspects of education introduce you to the key thinkers events ideas research and issues that have shaped the field of education Handbook of Historical Studies in Education

Tanya Fitzgerald, 2020-04-03 This book offers an in depth historiographical and comparative analysis of prominent theoretical and methodological debates in the field Across each of the sections contributors will draw on specific case studies to illustrate the origins debates and tensions in the field and overview new trends directions and developments Each section includes an introduction that provides an overview

of the theme and the overall emphasis within the section In addition each section has a concluding chapter that offers a critical and comparative analysis of the national case studies presented As a Handbook the emphasis is on deeper consideration of key issues rather than a more superficial and broader sweep The book offers researchers postgraduate and higher degree students as well as those teaching in this field a definitive text that identifies and debates key historiographical and methodological issues The intent is to encourage comparative historiographical perspectives of the nominated issues that overview the main theoretical and methodological debates and to propose new directions for the field

The Guided Reader to Teaching and Learning History Richard Harris, Katharine Burn, Mary Woolley, 2013-10-15 The Guided Reader to Teaching and Learning History draws on extracts from the published work of some of the most influential history education writers representing a range of perspectives from leading classroom practitioners to academic researchers and highlighting key debates surrounding a central range of issues affecting secondary History teachers This book brings together key extracts from classic and contemporary writing and contextualises these in both theoretical and practical terms Each extract is accompanied by an introduction a summary of the key points and issues raised questions to promote discussion and suggestions for further reading to extend thinking Taking a thematic approach and including a short introduction to each theme the chapters include The purpose of history education Pupil perspectives on history education Assessment and progression in history Inclusion in history Diversity in history Teaching difficult issues Technology and history education Change and continuity Historical Interpretations Professional development for history teachers Aimed at trainee and newly qualified teachers including those working towards Masters level qualifications as well as existing teachers this accessible but critically provocative text is an essential resource for those that wish to deepen their understanding of History Education
