Royal Palaces and Parks of France Milburg F Mansfield,2024-02-06 The modern traveller sees something beyond mere facts Historical material as identified with the life of some great architectural glory is something more than a mere repetition of chronologies the sidelights and the co related incidents though indeed many of them may be but hearsay are quite as interesting quite as necessary in fact for the proper appreciation of a famous palace or chateau as long columns of dates or an evolved genealogical tree which attempts to make plain that which could be better left unexplained The glamour of history would be considerably dimmed if everything was explained and a very seamy block of marble may be chiselled into a very acceptable statue if the workman but knows how to avoid the doubtful parts An itinerary that follows not only the ridges but occasionally plunges down into the hollows and turns up or down such crossroads as may have chanced to look inviting is perhaps more interesting than one laid out on conventional lines A shadowy something which for a better name may be called sentiment if given full play encourages these side steps and since they are generally found fruitful and often not too fatiguing the procedure should be given every encouragement
