Eleven Poems of Rubén Dario Rubén Darío, 1916 **Ruben Dario Centennial Studies** Miguel

Gonzalez-Gerth, George D. Schade, 2014-07-03 Rubén Darío 1867 1916 the undisputed standard bearer of the Modernist movement in Hispanic letters was born in Nicaragua In 1886 he went to Chile where he published *Azul* 1888 his first important book of poems and stories Later he lived for extended periods in Argentina Spain and France and in these countries produced his best work compelling poems of beauty style and dignity especially *Cantos de vida y esperanza* 1905 The perfection of form exotic essences and rich ornamentation of his earlier work give way in his most mature poems to self-probing and doubts the anguish so characteristic of twentieth century literature But the hedonistic note the quenchless appetite for life dominating *Azul* and *Prosas profanas* 1896 never die out and are magnificently present in *El poema del otoño* 1910 Darío has had a tremendous impact on Hispanic literature He is one of the best examples of the poet who is true to his art as determined by his innermost impulses His poetry has fertilized a whole generation of writers in Spanish America and in Spain and even now his influence continues to be felt **Selected Poems of Ruben Dario** Rubén Darío, 1973 Ruben Dario in New York Eliot G. Fay, 1972 *Poet-errant: a Biography of Rubén Darío* Charles Dunton Watland, 1965 *Critical Approaches to Rubén Darío* Keith Ellis, 1974-12-15 Rubén Darío 1867 1916 of Nicaragua was the leader of the important Latin American literary movement known as Modernism He is considered by many to be the greatest poet in Latin American literature and the volume of writings devoted to his work since 1884 is perhaps greater than that on any other writer in the history of Spanish American literature The celebration in 1967 of the centenary of his birth gave rise to a formidable number of new analyses increasing the need for the classification and assessment of the many studies In this book Professor Ellis examines and evaluates the wide range of methods and perspectives available to the reader of Darío's works He considers the biographical approach social and political questions influences and sources structural analysis providing three structural studies of his own and in an appendix Darío's own concept of the role of the literary critic His book is comprehensive both in time and in range and includes an up to date bibliography This is the first systematic study of the critical works on a Spanish American writer It is significant not only in its treatment of the work on an individual author but also as a reflection on and an indication of the trends methods and preoccupations of modern appraisals of Latin American writing Selections from the prose and poetry of Ruben Dario Rubén Darío, 1947 Eleven Poems of Rubén Dario Rubén Darío, 1916 Modernism, Rubén Darío, and the Poetics of Despair Alberto Acereda, Rigoberto Guevara, 2004 Modernism Rubén Darío and the Poetics of Despair presents a detailed study of a neglected facet of Rubén Darío and in general of Hispanic Modernism metaphysical and existential dimensions as preludes to Modernity Alberto Acereda and J Rigoberto Guevara approach the life and death issues in Darío's works with special emphasis on his poetry The authors demonstrate how the Nicaraguan poet takes the first steps towards poetic modernity The tragic component of Darío's works are examined in the light of Nineteenth Century

philosophy especially the work of Arthur Schopenhauer Various thematic proposals are also formulated for the study of the works of Ruben Dar o *Rubén Darío and the Romantic Search for Unity* Cathy Login Jrade,2012-10-03 Modernism was the major Spanish American literary movement of the late nineteenth and early twentieth centuries Leader of that influential movement was Rub n Dar o the Nicaraguan now recognized as one of the most important Hispanic poets of all time Like the Romantics in England and the Symbolists on the Continent Dar o and other Modernists were strongly influenced by occultist thought But as the poet Octavio Paz has written academic criticism has preferred to close its eyes to the stream of occultism that runs throughout Dar o s work This silence damages our comprehension of his poetry Cathy Login Jrade s groundbreaking study corrects this critical oversight Her work clearly demonstrates that esoteric tradition is central to Modernism and that an understanding of this centrality clarifies both the nature of the movement and its relationship to earlier European literature After placing Modernism in a broad historical and literary perspective Jrade examines the impact of esoteric beliefs upon Dar o s view of the world and the role of poetry in it Through detailed and insightful analyses of key poems she explores the poet s quest for solutions to the nineteenth century crisis of belief The movement that Ruben Dar o headed brought Hispanic poetry into the mainstream of the modern tradition with its sense of fragmentation and alienation and its hope for integration and reconciliation with nature Rub n Dar o and the Romantic Search for Unity enriches our understanding of that movement and the work of its leading poet
