Ernestine Ruben Ernestine Ruben, 2000 *Rediscovering Rubén Darío through Translation* Carlos F.

Grigsby, 2024-06-13 A long overdue examination of Rubén Darío's multilingual work and influences alongside the contexts and politics of canonization in world literature *Rediscovering Rubén Darío through Translation* addresses the peculiar obscurity of Darío by asking these questions: How can one of the most important writers of a major world language be almost entirely unknown in the English speaking world? How is it that other writers of the same language e.g. Lorca or García Márquez achieve widespread recognition in the anglophone world while he remains unnoticed? What role does translation play in this? What can it tell us about the way in which world literature is articulated? Carlos F. Grigsby approaches Darío's oeuvre through translation. In doing so he explores not only the place of Darío in the translation of Spanish American literature into English but also the place of translation in Darío's own writing. The result is a double-sided painting as it were: the recto is titled *Translation in Darío* and the verso *Darío in Translation*. This book challenges the field of world literature by revealing some of the biases present in its representation of Spanish American literature. It adopts a multilingual framework chiefly using English, Spanish, French and to a lesser degree Latin and Catalan in analyzing Darío's writing alongside that of his contemporaries. As a result it reveals the multilingualism of Darío's own writing opening new avenues for the study of his work and of Spanish American modernismo more generally.

Inabarcable e inmarcesible, la obra de este escritor dejó una huella honda en la poesía pero también en otros géneros que hoy no siempre asociamos con él como la crónica periodística de la cual dependió económicamente durante buena parte de su vida y que ejerció incansablemente en distintos países. Escritor, periodista, diplomático y hombre de mundo, se labró una notable fama de artista bohemio y temperamento genial a la que su propia pluma contribuyó con no pocos pasajes de carácter biográfico. Basada en una exhaustiva documentación y evitando los excesos novelescos, y la hagiografía, este libro permite un acercamiento natural y completo a la persona de Rubén Darío en cuya obra se encapsulan varios de los más grandes movimientos literarios del siglo XX que en distintas ocasiones previó y prologó.

La caravana pasa (1902) Rubén Darío, Günther Schmigalle, 2025-05-02 La Universidad Nacional de Tres de Febrero presenta unas nuevas Obras completas de Rubén Darío en edición crítica. Al poner a disposición del público los textos de una de las más relevantes figuras literarias latinoamericanas en versiones fidedignas y anotadas, la Universidad aspira a enriquecer el campo de los debates culturales contemporáneos. Tras décadas de esporádica atención a su legado, la obra de Darío

o reaparece en una edición que rescata y recompone sus textos con máximo rigor filológico. En diez tomos cronológicos con volúmenes coordinados por reconocidos especialistas en modernismo hispanoamericano el proyecto se propone compilar toda la producción dariana conocida junto a nuevos materiales surgidos de la investigación y ofrecer versiones fidedignas de sus escritos acompañados de una introducción aparatosa con cotejo de variantes, notas explicativas y apéndices documentales.

Nota importante: La caravana pasa es el primer volumen publicado de la Colección. Si bien las Obras completas tienen tomos y volúmenes sucesivos, los mismos irán apareciendo a medida que los equipos de investigación culminen los trabajos sobre cada libro. La secuencia total se completará al finalizar la colección. Mientras tanto, los volúmenes irán apareciendo sin seguir el orden planificado.
