Selected Poems And Prose Of Michael Roberts:

Selected Poems and Prose [of] Michael Roberts Michael Roberts,1980 *The Criterion* Jason Harding,2002 In this detailed study of literary culture in the inter war period Jason Harding examines the standing of T S Eliot s journal the Criterion in relation to other literary periodicals and beyond that to the larger cultural networks of the time The Criterion may at first sight seem a well studied publication often dismissed as predictably conservative even proto Fascist However through his examination of insufficiently known archive material and interviews with living witnesses to the period Harding significantly alters our understanding of the journal and of Eliot s role as editor More than that by carefully resituating the journal in its relations of both competition and co operation with a range of other literary periodicals for the most part little studied themselves he shows himself an authoritative and discriminating guide to the often complex networks within which Eliot worked The Criterion Cultural Politics and Periodical Networks in Inter War Britain defends the journal against charges of Fascism and anti Semitism it is an invaluable book for scholars of Eliot and an original and incisive exploration of difficult areas of literary cultural exchange The Cambridge Companion to British Literature of the 1930s James Smith,2019-12-19 The 1930s is frequently seen as a unique moment in British literary history a decade where writing was shaped by an intense series of political events aesthetic debates and emerging literary networks Yet what is contained under the rubric of 1930s writing has been the subject of competing claims and therefore this Companion offers the reader an incisive survey covering the decade s literature and its status in critical debates Across the chapters sustained attention is given to writers of growing scholarly interest to pivotal authors of the period such as Auden Orwell and Woolf to the development of key literary forms and themes and to the relationship between this literature and the decade s pressing social and political contexts Through this the reader will gain new insight into 1930s literary history and an understanding of many of the critical debates that have marked the study of this unique literary era **W.H. Committed Styles Benjamin Kohlmann,2014-08-14 Committed Styles offers a new understanding of the politicized literature of the 1930s and its relationship to modernism It reclaims a central body of literary and critical works for modernist studies offering in depth readings of texts by T S Eliot and I A Richards as well as by key left wing authors

including William Empson David Gascoyne Charles Madge Humphrey Jennings and Edward Upward Building on substantial new archival research Benjamin Kohlmann explores the deep tensions between modernist experimentation and political vision that lie at the heart of these works Taking as its focus the work of these writers the book argues that the close interactions between literary production critical reflection and political activism in the decade shaped the influential view of modernism as fundamentally apolitical Intervening in debates about the long life of modernism it contends that we need to take seriously the anti modernist impulse of 1930s left wing literature even when attention is paid to the formal complexity of these committed works The tonal ambiguities which run through the politicised literature of the 1930s thus effect not a disengagement from but a more thorough immersion in the profoundly conflicted political commitments of the decade At the same time the study shows that debates about the politics of writing in the 1930s continue to inform current debates about the relationship between literature and political commitment **Eliot Now** Megan Quigley, David E. Chinitz, 2024-07-25 Over a dozen new volumes of T S Eliot's poetry prose and letters have been published in the past decade This collection presents unabashedly fresh approaches to Eliot while simultaneously guiding readers through the new materials that are available for the first time outside of restricted archives Eliot the figurehead of literary modernism continues to be someone whom critics love to hate Misogynist Reactionary Anti Semite and readers love to devour Profound Revolutionary Resonant Why does one artist elicit such different responses Eliot Now collects new and established voices in Eliot studies integrating contemporary critical approaches with careful attention to the newly published materials Whether grappling with the controversial new two volume Poems narrating the experience of opening Eliot's letters in the Emily Hale papers until 2020 the most famous sealed archive in the world or rereading his works through ecocritical or trans studies lenses Eliot Now shows how this most effusively celebrated and heatedly criticized 20th century writer continues to change the way we read literature in the 21st century The collection concludes with six award winning contemporary poets considering the influence of *The Waste Land* on poetry today *Modernist Writing and Reactionary Politics* Charles Ferrall, 2001-02 Ferrall offers insights into the relation between modernist aesthetics technology and politics [The Longman Literary Companion to Science](#) Walter Bruno Gratzner, 1989 *The Literary Companion to Science* is an exploration of the way in which science and scientists have been portrayed in fiction memoirs reportage and poetry Much of the material gathered here is from recent times though some is of earlier epochs A special aim has been wherever possible to link people phenomena and events of science represented in fiction or poetry to the reality as reflected in memoirs biography and journalism The anthology contains over 200 extracts by writers such as Gustave Flaubert Conan Doyle George Bernard Shaw H G Wells and Aldous Huxley linked by commentary Nothing in the book requires the reader to know any science to speak of nor does it seek to teach him anything The purpose is solely to entertain surprise sometimes stir and once in a while to dismay the reader and to reveal to him byways down which he may ramble at his leisure **Bookseller and the Stationery Trades' Journal**, 1886 **The**
