access hides deeper more mysterious and more Romantic elements in his work Haskell analyses well known and some quite unknown poems in order to build up a picture of Dawe s poetry as a whole and his chapters approach Dawe from some surprising perspectives for example in relation to Asia and as a love poet Aimed at both students of Dawe s work and the general literary reader the book places Dawe in the context of Australian poetry and cultural values and in relation to the larger traditions of poetry in English It includes a substantial bibliography and a comprehensive chronology A Dictionary of the Avant-Gardes ,2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture **May Swenson: Collected Poems (LOA #239)** May Swenson,2013-04-04 Often compared to the works of E E Cummings and Elizabeth Bishop these poems are a free ranging exploration of outer and inner worlds of nature and the human mind In celebration of the centenary of May Swenson s birth The Library of America presents a one volume edition of all of the poems that Swenson published in her lifetime from her first collection Another Animal 1954 to the innovative shaped poems of Iconographs 1970 to her final work In Other Words 1987 as well as a selection of previously uncollected work The collection reveals the sweeping compass of Swenson s curiosity nature poems display her keen observation of wildlife exuberant and erotic love poems celebrate beauty and passion place poems record her travels to the American Southwest France and Italy and her residence in New York City and Sea Cliff Long Island verse analyses investigate baseball wave motion the DNA molecule bronco busting James Bond movies and the first walk on the moon Swenson was an inveterate reviser poems in earlier volumes were frequently reworked for inclusion in later volumes such as To Mix with Time 1963 and New and Selected Things Taking Place 1978 While preserving the order of publication this volume presents the author s final or definitive version Substantive textual variants and title changes are detailed in the notes to the volume LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation s literary heritage by publishing and keeping permanently in print America s best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries Selected Poems Robert Duncan,1997 Bertholf s selections are so attuned to the essentials of Duncan s writing that even those familiar with the whole body of Duncan s work will become more sensitized to his recurring imagery and consistency of thought pattern throughout this collection Publishers Weekly **Coterminous Worlds** ,2020-10-12 The present collection of essays endeavours to furnish informed responses to central questions posed by the editors Is the fact that the marvellous coexists with the factual and never resolves itself into the supernatural an indication that the whole literary project of magical realism is an instrumental and representational form which can be regarded as particularly suitable for reconciling dichotomies and oppositions otherwise experienced as intolerable Was magical realism an explosive process in cultural dynamics taking place

Tradition Richard Swigg, 1994 The poetry of Charles Tomlinson is distinguished by its respect for the world as objective fact as set apart from human mythmaking symbolizing and egotistic projection In *Charles Tomlinson and the Objective Tradition* Richard Swigg examines the amazingly versatile speech and relationship that Tomlinson has brought to the concreteness of nature and city from the early poems of the 1940s up to the late 1980s by assessing the achievement within an Anglo American tradition of factuality from which Tomlinson has drawn strength and which his work now illuminates Blake's gleaming particularities Constable's science of painting Ruskin's visual energy Emerson's and Wordsworth's delight in humble solidities Whitman's celebration of American facts all belong to the lineage that as Tomlinson's poetry reveals takes on new expression in the modernism of Wallace Stevens and Marianne Moore This book traces Tomlinson's debt to Stevens and Moore in his poetry of the 1950s but gives special attention to the larger influence and widening of range that the art of William Carlos Williams exerted on the poetry of the 1960s and after Williams's sense of the local as a way into the universal touches a theme that has special significance for Tomlinson's Englishness and internationalism particularly in the way that this double quality gives us new insight into the poetry of other Englishmen Ivor Gurney and D H Lawrence in relation to Whitman Edward Thomas in relation to Robert Frost who also sought New World precisions to speak their nativeness The volume's close attention to the vocal grain and texture of many individual poems is especially marked in a chapter devoted to Tomlinson's politico historical poems on Danton Charlotte Corday and Machiavelli The poet not only provides a perspective on T S Eliot and Octavio Paz but in a poem about Trotsky's assassination draws on the singular American quality of Orson Welles's *Citizen Kane* Swigg assesses Tomlinson's stature in post war British poetry by contrasting his work with that of Philip Larkin and W H Auden and by demonstrating how much he shares with David Jones and Basil Bunting The latter two

English internationalists of The Anathemata and Briggflatts have like Tomlinson won their way home to a Britain of spiritual density and concreteness BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Ground of Our Beseeching Peter Sharpe, 2004 The Ground of Our Beseeching Metaphor and the Poetics of Meditation describes the signature styles of meditation in three American poets and shows how each generated language out of spiritual yearning The author's inquiry in this area grew out of an interest in the interplay of creativity language and religion and a need to know as both critic and practicing poet how metaphor arises particularly in the context of poetry which hearkens after the sacred How far in other words has metaphor taken some of our central poets T S Eliot Wallace Stevens and Theodore Roethke in matters of belief No other critique of American poetry prior to this study has systematically linked the idea of the sacred with the practice of metaphor Nor has a compelling case been made until now for viewing meditation a style of thinking close to prayer as the source or ground of these poets BOOK JACKET Title Summary field provided by

After the Death of Poetry Vernon Lionel Shetley,1993 In this deft analysis Vernon Shetley shows how writers and readers of poetry operating under very different conventions and expectations have drifted apart stranding the once vital poetic enterprise on the distant margins of contemporary culture Along with a clear understanding of where American poetry stands and how it got there *After the Death of Poetry* offers a compelling set of prescriptions for its future prescriptions that might enable the art to regain its lost stature in our intellectual life In exemplary case studies Shetley identifies the very different ways in which three postwar poets Elizabeth Bishop James Merrill and John Ashbery try to restore some of the challenge and risk that characterized modernist poetry s relation to its first readers Sure to be controversial this cogent analysis offers poets and readers a clear sense of direction and purpose and so the hope of reaching each other again
