Thirteen Stories Eudora Welty, 1965-03-17 I've read her Thirteen Stories many times and I'm always awed by how much comedy pathos satire and lyricism she manages to squeeze into her stories Sue Monk Kidd A strong sense of place in this case Mississippi along with often larger than life characterizations of ordinary folk with all their glorious eccentricities and foibles and above all a completely distinctive voice come together in Eudora Welty's fiction to offer us a world that is sometimes sad sometimes comic often petty and always compassionate Here is a baker's dozen of Welty's very best including The Wide Net in which a pregnant wife threatens to drown herself despite fear of the water and a communal dragging of the river turns into a celebratory fish fry Petrified Man revealing the savagery of small town gossip Powerhouse Welty's prose answer to jazz improvisation and the emotional heart of the blues and Why I Live at the P O the hilariously one-sided testimony of a postmistress who believes herself wronged by her family With her highly tuned ear and sharp insight into human behavior Eudora Welty has crafted stories as vital and unpredictable as they are artful and enduring Miss Welty has written some of the finest short stories of modern times The New York Times Eudora Welty is one of our purest finest gentlest voices Anne Tyler Eudora Welty: Stories, Essays, & Memoirs (LOA #102) Eudora Welty, 1998-08 A selection of nine literary and personal essays includes evocations of the Jackson of her youth that is essential to her work and cogent discussions of literary form **Selected Stories of Eudora Welty**, 1936 A Curtain of Green Eudora Welty, 2017-08-01 The debut short fiction collection from the Pulitzer Prize winning Southern author A fine writer and a distinguished book The New Yorker When A Curtain of Green was published it immediately established an unknown young writer from Mississippi as a uniquely original literary voice and a great American author In her now famous introduction to the collection Katherine Anne Porter wrote that there is even in the smallest story a sense of power in reserve which makes me believe firmly that splendid beginning that it is it is only a beginning In this collection are many of the stories that have become acknowledged

masterpieces the hilarious over the top family drama that drives a small town resentful postmistress to explain Why I Live at the P O the deeply satisfying thwarting of a trio of busybodies by a feeble minded young woman in Lily Daw and the Three Ladies the poignant pilgrimage of elderly Phoenix Jackson in A Worn Path and the boldly experimental and jubilantly playful literary improvisation of Powerhouse inspired by a performance Eudora Welty saw by Fats Waller Porter added that Welty has simply an eye and an ear sharp shrewd and true as a tuning fork Like the jazz tunes Powerhouse bangs out on the piano Welty's stories remain as fresh alive and unpredictable today as when they first appeared Miss Welty's stories are deceptively simple They are concerned with ordinary people but what happens to them and the manner of the telling are far from ordinary The New Yorker

Selected Stories Shirley Ann Grau, 2006-09-01 This magnificent summation of the short stories of Shirley Ann Grau winner of the Pulitzer Prize for her novel The Keepers of the House gathers together eighteen gems ranking with the finest of Eudora Welty and Flannery O'Connor Grau possesses a range representing a master course in the craft of this most demanding art form Her reader's banquet offers character sketches of Chekovian poignance and insight a hilarious love story excursions into the gothic and hauntingly apocalyptic the elegiac and experimental and stories that feel like compressed novels in their lapidary polish depth and emotional weight Grau belongs in the company of the great southern short story writers and the author's own choices of her best work remind readers of the unmatched capacity of the brief fictional form to depict character epiphany and such timeless themes as redemption and rebirth the struggle between power and love and the persistence of the past

The Heart of the Story Peter Schmidt, 1991 New scholarly vistas for the study of Welty's stories Winner of the 1991 Eudora Welty Prize

The Golden Apples Eudora Welty, 1956-09-14 This collection of short stories of the Mississippi Delta by the Pulitzer Prize winning author is a work of art The New York Times Book Review Here in Morgana Mississippi the young dream of other places the old can tell you every name on every stone in the cemetery on the town's edge and cuckolded husbands and love starved piano teachers share the same paths It's also where one neighbor has disappeared on the horizon slipping away into local legend Black and white lonely and the gregarious sexually adventurous and repressed vengeful and resigned restless and settled the vividly realized characters that make up this collection of interrelated stories with elements drawn from ancient myth and transplanted to the American South prove that this National Book Award winning writer as Katherine Anne Porter once wrote had an ear sharp shrewd and true as a tuning fork I doubt that a better book about the South one that more completely gets the feel of the particular texture of Southern life and its special tone and pattern has ever been written The New Yorker

The Short Story Charles May, 2013-10-14 The short story is one of the most difficult types of prose to write and one of the most pleasurable to read From Boccaccio's Decameron to The Collected Stories of Reynolds Price Charles May gives us an understanding of the history and structure of this demanding form of fiction Beginning with a general history of the genre he moves on to focus on the nineteenth century when the modern short story began to come into focus From there he moves on to later nineteenth century realism and early twentieth century formalism and finally to the modern renaissance of the form that shows no signs of abating A chronology of significant events works and figures from the genre's history notes and references and an extensive bibliographic essay with recommended reading round out the volume
