Self Families Take Care Of Yourself Images Theme 4 Heath Literacy:

Human Disease and Health Promotion Leslie Beale, 2017-03-22 The essential tools and methodologies for real world patient education Human Disease and Health Promotion offers a comprehensive introduction to health advocacy and patient education in a real world context Covering the epidemiology and pathology of major communicable and non communicable diseases this book details up to date health promotion strategies and communication approaches designed to engage diverse populations These methodologies can inform health promotion efforts You ll learn how to partner with the patient to navigate healthcare systems and services and how to manage the relationship to avoid patient dependence and advocate burn out An extensive guide to common diseases includes details on mechanism treatment epidemiology pathology and attendant psychosocial implications and prevention and control are emphasized to the degree that the patient has the capacity to obtain process and understand the information and services needed to make appropriate health decisions Rich in examples tools and exercises this text includes access to a downloadable workbook that provides additional exercises to reinforce concepts and build essential practical skills Public health education and advocacy is an enormous undertaking with many variables This book helps provides a real world picture of the depth and breadth of the field with clear guidance toward current theory and practice Apply current health literacy theories and participatory patient education strategies Design implement and evaluate programs targeting various groups Analyze and apply new technologies in patient education and health advocacy Understand the mechanisms treatments and epidemiology of common diseases Nine out of ten adults may lack the skills needed to manage their health and prevent disease and over half find it a challenge to self manage chronic diseases and use health services appropriately Human Disease and Health Promotion helps you develop your role as health educator and advocate so you can connect patients with the care and information they need

Citizenship and Mental Health Michael Rowe, 2015 More than 50 years ago President Kennedy gave an address to Congress that launched the community mental health movement in the U S This movement involved a vast and complex effort to replace the wholesale institutionalization of people with serious mental illnesses with community mental health centers public education on mental illness and prevention efforts The mission and main thrust of this new movement however were quite simple we would provide effective mental health treatment to people in their home communities and provide the conditions for them to have a life in the community Starting in the 1990s with Jim a person who was homeless and initially refused help from outreach workers Citizenship Mental Health tells a 20 year story of practice theory and research to support the full participation of persons with mental illnesses who in many cases have also been homeless have criminal charges in their past and are poor As the first of its kind this book addresses the concept of citizenship as an applied theory for fulfilling the promise of the community mental health center movement Citizenship is defined as a strong connection to the 5 R s of rights responsibilities roles resources and relationships that society offers to its members and a sense of belonging that comes from others recognition of one s valued

membership in society The citizenship model supports the strengths hopes and aspirations of people with mental illnesses to become neighbors community members and citizens El-Hi Textbooks and Serials in Print ,1985
