could be reconsidered and revised to produce new insights      The Essential Guide to Dutch Music Jolande van der Klis, 2000

Of all the composers of Dutch origin only a handful have achieved world renown such as early seventeenth century's Jan Pieterszoon Sweelinck and today's Louis Andriessen. Nonetheless so much more Dutch music is worthy of attention. Now for the first time ever four centuries of composition in the Netherlands are documented in an alphabetical reference work. This book an initiative of MuziekGroep Nederland contains a hundred articles written by over forty specialists. Each essay deals with the life and work of an individual composer and is followed by a list of works as well as a discography. Short bibliographies make suggestions for more specialized reading.

**The Art of Teaching Music** Estelle R. Jorgensen, 2024-06-06. The Art of Teaching Music takes up important aspects of the art of music teaching ranging from organization to serving as conductor to dealing with the disconnect between the ideal of university teaching and the reality in the classroom. Writing for both established teachers and instructors on the rise Estelle R. Jorgensen opens a conversation about the life and work of the music teacher. The author regards music teaching as interrelated with the rest of lived life and her themes encompass pedagogical skills as well as matters of character disposition value personality and musicality. She reflects on musicianship and practical aspects of teaching while drawing on a broad base of theory research and personal experience. Although grounded in the practical realities of music teaching Jorgensen urges music teachers to think and act artfully imaginatively.
