The Egyptian Book of the Dead Eva Von Dassow, 2008-06-02. Reissue of the legendary 3500-year-old Papyrus of Ani, the most beautiful of the ornately illustrated Egyptian funerary scrolls ever discovered, restored in its original sequences of text and artwork.

Revival: Book Of The Dead (1901) Ernest Alfred Thompson Wallis Budge, 2018-05-08. The translations of the Egyptian hymns and religious texts printed in this and the two following volumes form a representative collection of the various compositions which the Egyptian inscribed upon the walls of tombs and sarcophagi, coffins and funeral stelae, papyri and amulets etc. in order to ensure the well-being of their dead in the world beyond the grave. These translations first appeared in the third volume of my work on *The Book of The Dead* which was published under the title *The Chapters of Coming Forth by Day* at the end of the year 1897 where they seemed to be a necessary accompaniment to the edition of the hieroglyphic texts of Theban Recension and the hieroglyphic vocabulary thereto. The demand for that bulky and comparatively expensive work proved that it filled a want but soon after its appearance frequent requests were made that the English translation might be issued in a smaller and handier form.

Gods Of The Egyptians - 2 Vols E. A. Wallis Budge, 2013-10-28. First published in 2005. By far the most thorough, most useful coverage of the gods of Ancient Egypt is this book by Dr Budge of the British Museum, one of the foremost Egyptologists of the century. In it is presented practically everything known about the high gods, the local gods, demigods, demons and mythological figures of Khem. This title is the second volume of a two-part series which covers research and information on Egyptian mythology and culture. It provides full information on the origins of the ancient religion, its peculiarly Egyptian aspects, evolution of cults, rites and gods, the priesthoods, the heretical aberration of Ikhnaten and the Aten cult, the cult of Osiris, the Book of the Dead and its rites, the sacred animals and birds, heaven and hell, and much other secret wisdom that has been discovered hidden in mummy cases or written on tomb walls. Richly illustrated with many reproductions of tomb and mummy case paintings, with many full texts, are presented with both hieroglyphs and translation. Dr Budge's book is a standard work in the history of religion. It is also a most useful background book for anyone seriously interested in the life and thought of Ancient Egypt, an explicator of many of the obscurer passages in the Book of Dead.
