Losing A Parent Practical Help For You And Other Family Members:

Losing A Parent Fiona Marshall, 2009-04-28 Whether from a sudden accident or a slow terminal illness the death of a parent is devastating to adults and children alike In *Losing a Parent* Fiona Marshall helps readers understand the process of coping with a parent's death from preparing for death to recognizing the different stages of grief from nurturing the relationship with the surviving parent to harnessing new strength to carry on with life Wise compassionate and practical *Losing a Parent* is an invaluable source of support for a time of overwhelming loss *Living, Loving and Loss* Brad DeFord, Richard Gilbert, 2016-12-05 One of the unspoken aspects of mourning concerns the ways that loss affects our intimate relationships and our sexual expressiveness This text opens these subjects for conversation with the aim of promoting the trust care and respect that enable us to be vulnerable It purposefully covers a range of topics including 1 the meaning of intimacy and the significance of sexuality providing a basis for the use of these terms throughout the book 2 death grief and differences in sexual orientation including death and intimacy in the lesbian gay bisexual and transgender LGBT community and the losses endured by young people due to gender issues 3 loss of relationship and restoration of intimacy in families including pharmacological effects on the grief processes of widowers grieving a not so loved parent the layered losses of infertility and intimacy and the tolls of war intimacy and sexuality challenges for soldiers and their families 4 adjusting to life's losses associated with aging or illness or infirmity including Alzheimer's and dementia related illnesses physical health losses after 50 and intimacy sex and hospice self determination and dignity at the end of life and 5 religious bases that have shaped our perspectives for understanding intimacy sexuality and healing after loss and which give us hope including the spiritual reflections of a rabbi and a Christian voice in defining what is right Set in a framework that is both psychological and spiritual the well researched contributions are intended to acknowledge these experiences both professionally and personally The book concludes with an extensive bibliography valuable for research and reference This book will be of value in undergraduate and graduate courses on thanatology as well as for anyone interested in knowing more about grief both those currently bereaved and those who wish to support others in mourning The contributors appreciate both the importance of our capacities for intimacy and sexuality and our inhibitions and hesitations in giving voice to our needs and concerns perhaps especially when we are grieving The information and compassionate understanding they provide encourage us to bridge the gap between the secret and the private and to share what is close to our hearts

Losing a Parent Fiona Marshall, 1993-01-01 **Death and Dying** John F. Szabo, 2009-11-02 While it can be traced to the 1700s the term thanatology has gained traction in recent decades to refer to the study of death Because of the breadth of the published material and the challenges of discovery in large bibliographic databases and catalogs finding and identifying monographic material on death dying grief and bereavement can be extremely challenging Although there have been several bibliographical resources published on thanatology those titles were incomplete limited in scope or leaned heavily toward

one area of the field In *Death and Dying An Annotated Bibliography of the Thanatological Literature* John F Szabo provides more than 2 200 citations of monographs on the science and study of death and dying Among the areas this volume addresses are the psychological philosophical and attitudinal aspects coping and dealing with the burdens of caregiving and working in the helping professions instructional and educational topics for practitioners primarily health care providers cultural differences in bereavement rituals and grief mourning and loss In addition notable titles on or relating to death and dying in popular culture death themes in literature methods of death or specific ethical policy or public issues are also included when they contribute important information to subject areas on which the book focuses This book will be helpful to students researchers academics caregivers health care professionals psychologists social workers and anyone with an interest in death dying bereavement or the care of the terminally ill

When Parents Die Rebecca Abrams,1999 This new edition covers the entire course of grieving from the immediate aftermath of a parent s death through to the point of recovery paying particular attention to the many circumstances that can prolong and complicate mourning

Losing a Parent to Suicide Marty Loy,Amy Boelk,2013-09-05 The suicide of a parent has life long consequences few more traumatic scenarios exist and counselors often struggle for ways to help clients deal with its effects Few understand the pain and life altering effects of these tragedies better than children who have experienced the suicide of a parent Despite this there are few texts that incorporate and evaluate the first person accounts of grief following a suicide while advancing a method for helping *Losing a Parent to Suicide* analyzes stories of parent suicides and explores the grief and coping processes that follow discovering the strategies methods and modes of therapy that have empowered grieving individuals and helped them rebuild their lives

Helping Those Experiencing Loss Robert J. Grover Professor Emeritus,Susan G. Fowler,2011-07-13 This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources Grief caused by loss is both a very common human experience and a highly individualized one For example children experience a number of losses that are unique to their young age such as sibling and parent death adoption or divorce and should be given special consideration by professionals and parents helping them in these situations For gay lesbian or cohabiting heterosexual couples that suffer the loss of a partner societal standards often deny the survivors in these relationships the right to grieve *Helping Those Experiencing Loss A Guide to Grieving Resources* is a book like no other supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime as well as a comprehensive guide to the literature of bereavement and grieving It explains the grieving process interpreting the results of research on the topic in plain language and addressing specific groups children young adults parents who have lost a child adults who have lost spouses and the aging population

Maternal Child Nursing Care - E-Book Shannon E. Perry,Marilyn J. Hockenberry,Deitra Leonard Lowdermilk,David Wilson,Kathryn Rhodes Alden,Kitty Cashion,2017-09-09 *Maternal Child Nursing Care E Book*

Contemporary Families at the Nexus of Research and

Practice Scott W. Browning, Brad van Eeden-Moorefield, 2017-04-21 Contemporary Families at the Nexus of Research and Practice integrates current research with clinical theory to establish the most up to date evidence supported treatment options for unique contemporary families Each chapter begins with a case study and genogram A research section that explains family experiences outlined in the case study follows Finally a treatment section presents clinical theory and provides an evidence supported practice Together each chapter demonstrates how theory gets translated into practice Family forms discussed include families of divorce stepfamilies families of addiction impoverished families families of incarceration families of cyberbullying and families of murder victims Whether you re a professional or a student this book will provide both relevant research findings and explicit instruction and case material to augment your practice **Healing Relational Trauma Workbook: Dyadic Developmental Psychotherapy in Practice** Daniel A. Hughes, Kim S. Golding, 2024-02-20 A resource for practitioners implementing attachment focused treatment for young people Dyadic Developmental Psychotherapy DDP is an attachment focused treatment for children and adolescents who have experienced abuse and neglect and are now living in stable foster and adoptive families Here Daniel Hughes and Kim S Golding provide a practical accompaniment to their highly successful DDP text coauthored with Julie Hudson Healing Relational Trauma with Attachment Focused Interventions 2019 In this workbook practitioners are invited to reflect on their experience of implementing the DDP model through discussion examples and reflection prompts Readers are encouraged to consider the diversity of both practitioners and those receiving DDP interventions and how each unique individual s identity can be embraced within the application of DDP interventions DDP can be practiced as a therapy a parenting approach and as a practice approach for those working within healthcare social care or education and this workbook is an invaluable resource for readers who fall into any one of these roles *Handbook of Social Work Practice with Vulnerable and Resilient Populations* Alex Gitterman, 2001 Role in forming balanced assessments *Wong's Nursing Care of Infants and Children - E-Book* Marilyn J. Hockenberry, 2022-12-23 American Journal of Nursing AJN Book of the Year Awards 1st Place in Child Health Provide quality nursing care through each stage of child development Wong s Nursing Care of Infants and Children 12th Edition uses an easy to follow family centered approach to describe the care of children at each age and stage of development The book begins with a discussion of the influences on and assessment of child health then provides chapters on child health promotion and health problems all organized by age groups and body systems Up to date evidence based information helps you develop critical thinking skills along with the sensitivity needed to become a compassionate caring pediatric nurse Written by a team of experts led by Marilyn J Hockenberry Wong s continues to be the leading text in pediatric nursing Focus on family centered care emphasizes the role and influence of the family in child health and illness with a separate chapter and Family Centered Care boxes Full color drawings and photographs reflect the latest in nursing care Nursing Care Guidelines boxes offer clear step by step instructions for interventions in a variety of situations and

conditions and Nursing Care Plan boxes included expected patient outcomes and rationales for nursing interventions Nursing Tips include helpful hints and practical clinical information Translating Evidence into Practice and Applying Evidence to Practice boxes help you apply research to improve the outcomes of nursing care Atraumatic Care boxes contain techniques for care that manage pain discomfort or stress along with approaches to promote self esteem and prevent embarrassment Emergency Treatment boxes serve as a quick reference for interventions in critical situations Cultural Considerations and Cultural Competence content provides tips from clinical experts Community and Home Health Considerations boxes address issues such as increasing immunization rates decreasing smoking among teens and preventing lead poisoning Drug Alerts highlight important drug related information for safe appropriate care Nursing Alerts call out critical considerations such as key assessment data risk factors and danger signs that must be considered in providing care Research Focus boxes emphasize research with concise reviews of important evidence

Non-Death Loss and Grief Darcy L. Harris, 2019-10-16 Non Death Loss and Grief offers an inclusive perspective on loss and grief exploring recent research clinical applications and current thinking on non death losses and the unique features of the grieving process that accompany them The book places an overarching focus on the losses that we

encounter in everyday life and the role of these loss experiences in shaping us as we continue living. A main emphasis is the importance of having words to accurately express these living losses such as loss of communication with a loved one due to disease or trauma which are often not acknowledged for the depth of their impact. Chapters showcase a wide range of contributions from international leaders in the field and explore individual perspectives on loss as well as experiences that are more interpersonal and sociopolitical in nature. Illustrated by case studies and clinical examples throughout this is a highly relevant text for clinicians looking to enhance their support of those living with ongoing loss and grief.

Community/Public Health Nursing Practice Frances A. Maurer, Claudia M. Smith, 2012-10-01 Focusing on practical need to know information Community Public Health Nursing Practice helps you learn how to apply the nursing process at the community and family level. It features an engaging easy to understand writing style as well as assessment tools, detailed case studies and clinical examples that demonstrate how key concepts apply to real world practice. Additional resources on the companion Evolve website expand and enhance content within the text. Practical features including Case Studies, Ethics in Practice and The Nursing Process in Practice illustrate real world applications of key community public health nursing concepts. A complete unit on the community as client helps you understand how the assessment, diagnosis, planning, intervention and evaluation steps of the nursing process apply to the community as opposed to an individual. A chapter devoted to community assessment provides a complete assessment tool and shows you how the tool applies to two different types of communities. UNIQUE A chapter on screening and referral promotes population focused practice which is the crux of community public health nursing. A separate unit on the family emphasizes the importance of viewing the family as a singular client. A complete discussion of the Minnesota Wheel helps you better understand this widely accepted framework for community public health nursing practice. Helpful sections such as Focus Questions, Chapter Outlines, Key Ideas and Learning by Experience and Reflection help you pinpoint essential information. NEW Healthy People 2020 objectives throughout the text help you identify common health risk factors in populations and families. NEW Coverage of health care reform including the Patient Protection and Affordable Care Act of 2010 (PPACA) explores how current health care legislation impacts community public health nursing. NEW Discussions of community health hot button issues such as human trafficking, genital circumcision and bullying introduce you to today's health care challenges. NEW Information on weather related disaster fatalities, bioterrorism and national and state planning responses familiarize you with current relevant issues which affect the health of populations worldwide and shape the role of the community public health nurse. Parents as Partners Jennie Lindon, 2012-05-28 It is a widely acknowledged fact that if parents are involved in their child's early learning there is a positive impact on development and later school achievement. This title looks at how to build a positive relationship with the parents of children in your care whether you work in a group or home setting. This book offers practical advice on how to set up and maintain a respectful relationship with parents, what the EYFS expects of practitioners, how to encourage parental

involvement how to include fathers as well as mothers and working with hard to reach parents

The Practice of Psychoanalytic Parent-Infant Psychotherapy Tessa Baradon, Michela Biseo, Carol Broughton, Jessica James, Angela Joyce, 2016-01-13 The Practice of Psychoanalytic Parent Infant Psychotherapy is a comprehensive handbook addressing the provision of therapeutic help for babies and their parents when their attachment relationship is troubled and a risk is posed to the baby's development Drawing on clinical and research data from neuroscience attachment and psychoanalysis the book presents a clinical treatment approach that is up to date flexible and sophisticated whilst also being clear and easy to understand The first section The theory of psychoanalytic parent infant psychotherapy offers the reader a theoretical framework for understanding the emotional interactional environment within which infant development takes place The second section The therapeutic process invites the reader into the consulting room to participate in a detailed examination of the relational process in the clinical encounter The third section Clinical papers provides case material to illustrate the unfolding of the therapeutic process This new edition draws on evidence from contemporary research with new material on Embodied communication between parent and infant and clinician patient's Fathers and fathering Engagement of at risk populations Written by a team of experienced clinicians writers teachers and researchers in the field of infant development and psychopathology The Practice of Psychoanalytic Parent Infant Psychotherapy will be an essential resource for all professionals working with children and their families including child psychiatrists psychoanalysts psychotherapists and clinical and developmental psychologists

Oxford Textbook of Palliative Care for Children Richard Hain, Ann Goldman, Adam Rapoport, Michelle Meiring, 2021 Comprehensive in scope exhaustive in detail and definitive in authority this third edition has been thoroughly updated to cover new practices current epidemiological data and the evolving models that support the delivery of palliative medicine to children This book is an essential resource for anyone who works with children worldwide
