

LEGITIMACY AND LOSING

Losing Legitimacy

Yicheng Fang

Losing Legitimacy:

Unintended Outcomes of Social Movements Fang Deng, 2014-03-18 For the first time ever the Tiananmen Square massacre is presented as an unintended outcome of social movement The author shows how and why that is so and challenges existing explanations that are based on ideology democracy vs totalitarianism and capitalism vs communism an oversimplified framework that does not fit the complex reality in China In a way that has never been done the author offers an intriguing high powered game theoretical analysis of the interplay between the 1989 movement in China and the Chinese state The main contribution of the book is a finding that a particular condition namely a newly created social system with four highly specific properties was both necessary and sufficient to create the Tiananmen tragedy Determinism is dead in the social sciences This book provides an alternative theoretical framework and methodological approach for change

Encyclopedia of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume Encyclopedia of Criminological Theory available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory

The SAGE Handbook of Criminological Theory Eugene McLaughlin, Tim Newburn, 2010-07-06 For any criminologist looking to make sense of recent developments in the field this is the go to book In essays by leading specialists it provides the latest updates on traditional theories whilst charting new directions It also offers interpretive frameworks for criminology's current flux and fragmentation and closely examines relationships among theory policy and criminal justice practice Invaluable and indispensable Nicole Rafter Professor Northeastern University The SAGE Handbook of Criminological Theory re-centres theory in the boldest most

thought provoking form possible within the criminological enterprise Written by a team of internationally respected specialists it provides readers with a clear overview of criminological theory enabling them to reflect critically upon the variety of theoretical positions traditional emergent and desirable that are constitutive of the discipline at the beginning of the twenty first century Each chapter has been specially commissioned to include the following A brief historical overview of the theoretical perspective Core ideas and key associated concepts A critical review of the contemporary status of the perspective Reflections on future developments In addition the Handbook features a substantive introduction by the editors providing a review of the development of criminological theory the state of contemporary criminological theory and emergent issues and debates The SAGE Handbook of Criminological Theory is an indispensable international resource for libraries and scholars of all levels studying the rapidly developing interdisciplinary field of criminology

Prosecuting War Crimes James Gow, Rachel Kerr, Zoran Pajic, 2013-09-23 This volume examines the legacy of the International Criminal Tribunal for the former Yugoslavia ICTY which was created under Chapter VII of the UN Charter as a mechanism explicitly aimed at the restoration and maintenance of international peace and security As the ICTY has now entered its twentieth year this volume reflects on the record and practices of the Tribunal Since it was established it has had enormous impact on the procedural jurisprudential and institutional development of international criminal law as well as the international criminal justice project This will be its international legacy but its legacy in the region where the crimes under its jurisdiction took place is less clear research has shown that reactions to the ICTY have been mixed among the communities most affected by its work Bringing together a range of key thinkers in the field Prosecuting War Crimes explores these findings and discusses why many feel that the ICTY has failed to fully engage with people s experiences and meet their expectations This book will be of much interest to students of war crimes international criminal law Central and East European politics human rights and peace and conflict studies

Stacie E. Goddard, 2009-11-04 This book challenges the conventional wisdom that territorial conflicts in Jerusalem and Northern Ireland were inevitable Stacie Goddard s research shows that it was radical political rhetoric and not ancient hatreds that rendered these territories indivisible preventing negotiation and compromise and leading to violence and war

The China Crisis James R. Gorrie, 2013-05-08 A controversial look at the impending Chinese economic collapse the history behind it its contemporary causes and its dire implications for the global economy All the experts agree the 21st century belongs to China Given America s looming insolvency and the possibility of the collapse of the U S dollar who can doubt that China is poised to take over the role of economic superpower Written by political economist and leading financial journalist James Gorrie this book offers a highly controversial contrarian view of contemporary China Drawing upon a wealth of historical and up to the minute data Gorrie makes a strong case that China itself is on the verge of an economic crisis of epic proportions He explains how caught in a recurrent boom bust cycle that has played itself out several times over the past sixty years China is again approaching total economic and social collapse But with one important difference this time they

may very well take the entire global economy down with them Explores the Chinese communist party's unfortunate history of making costly and very bloody mistakes on an enormous scale One by one Gorrie analyzes those critical mistakes and explains how they may lead to economic collapse in China and global depression Describes Chinese cannibal capitalism and where its massive abuse of the country's environment people and arable lands is leading that country and the world economy Chronicles China's history of recurring economic crisis and explains why all the evidence suggests that history is about to repeat itself

Electoral Violence, Corruption, and Political Order Sarah Birch, 2020-07-21 A comprehensive look at how violence has been used to manipulate competitive electoral processes around the world since World War II Throughout their history political elections have been threatened by conflict and the use of force has in the past several decades been an integral part of electoral processes in a significant number of contemporary states However the study of elections has yet to produce a comprehensive account of electoral violence Drawing on cross national data sets together with fourteen detailed case studies from around the world Electoral Violence Corruption and Political Order offers a global comparative analysis of violent electoral practices since the Second World War Sarah Birch shows that the way power is structured in society largely explains why elections are at risk of violence in some contexts but not in others Countries with high levels of corruption and weak democratic institutions are especially vulnerable to disruptions of electoral peace She examines how corrupt actors use violence to back up other forms of electoral manipulation including vote buying and ballot stuffing In addition to investigating why electoral violence takes place Birch considers what can be done to prevent it in the future arguing that electoral authority and the quality of electoral governance are more important than the formal design of electoral institutions Delving into a deeply influential aspect of political malpractice Electoral Violence Corruption and Political Order explores the circumstances in which individuals choose to employ violence as an electoral strategy

Constitutional Courts, Media and Public Opinion Angioletta Sperti, 2023-11-16 This book explores how constitutional courts have transformed communication and overcome their reluctance to engage in direct dialogue with citizens How has the information revolution affected the relationship of constitutional courts with the public and the media The book looks in detail at the communication strategies of the US Supreme Court the Supreme Court of Canada and in Europe the German Federal Constitutional Tribunal the French Conseil Constitutionnel and the Italian Constitutional Court arguing that when it comes to the relationship between courts and the media different jurisdictions share many similarities It focuses on the consequences of the communication revolution of courts both in terms of their relationship with public opinion and of the legitimacy of judicial review of legislation Some constitutional courts have attracted criticism by engaging in proactive communication and therefore arguably yielding to the temptation of public support The book argues that objections to the developing institutional communications employed by courts come from a preconceived notion of public opinion It considers the burden the communication revolution has placed on constitutional courts to achieve a balance between transparency and seclusion

proximity and distance from public opinion It puts forward important arguments for how this balance can be achieved The book will interest scholars in constitutional law and public comparative law sociologists historians political scientists and scholars of media law and communication studies **Accounting for Carbon Neutrality** Assunta Di Vaio,Tayyab

Ali,2025-02-19 Despite the progress made so far the links between environmental social and governance ESG sustainability pillars remain underexplored particularly in the context of firms investing in hydrogen for decarbonization In essence hydrogen is a lynchpin connecting engineering ingenuity economic viability and strategic business decisions Its multifaceted role underscores its significance in addressing contemporary challenges driving innovation and shaping a sustainable future through the accounting system This book unravels the complexities of carbon control practices offering insights into financial operational and sustainable dimensions From the challenges of sustainability transitions and technology adoption to utilize renewable resources and disclosing decarbonization practices the book explores the critical role of accounting tools and international regulatory frameworks like the United Nations 2030 Agenda the European Union Green Deal and Paris Agreement as organizational collective responsibility in shaping a sustainable future By incorporating stakeholder stewardship legitimacy institutional resource dependency theories the book bridges gaps in academic research and offers a fresh perspective on decarbonization in the hydrogen sector The qualitative methodology provides a unified vision from strategies to implementation guiding companies toward the contribution of the carbon neutrality goal in the hydrogen economy while ensuring accountability for their actions conduct and sustainability reporting *Popular Governance of*

Post-Conflict Reconstruction Matthew Saul,2014-07-24 Under what conditions does a post conflict government have authority What challenges to its legitimacy does it face To what standards can it be held accountable Via case studies of Sierra Leone and Afghanistan and detailed accounts of extant international law Matthew Saul explores the international legal framework which regulates popular governance of post conflict reconstruction Rev Iheanyi Hycenth Iruoma,2010-08

Church politics is a battle among Moses Aaron and Hur pastors in which they determine through un biblical and unhealthy means whose hands should be raised in the church It is a rivalry in which they determine whose rod blossoms It is a bone thrown out to the church leaders cum pastors and workers by the devil to keep them busy while the devil himself sneaks into the church to destroy it **Collective Resistance in China** Yongshun Cai,2010-02-17 Although academics have paid much

attention to contentious politics in China and elsewhere research on the outcomes of social protests both direct and indirect in non democracies is still limited In this new work Yongshun Cai combines original fieldwork with secondary sources to examine how social protest has become a viable method of resistance in China and more importantly why some collective actions succeed while others fail Cai looks at the collective resistance of a range of social groups peasants to workers to homeowners and explores the outcomes of social protests in China by adopting an analytical framework that operationalizes the forcefulness of protestor action and the cost benefit calculations of the government He shows that a protesting group s

ability to create and exploit the divide within the state mobilize participants or gain extra support directly affects the outcome of its collective action Moreover by exploring the government's response to social protests the book addresses the resilience of the Chinese political system and its implications for social and political developments in China

The Life, Legacy and Theology of M. M. Thomas Jesudas M. Athyal, George Zachariah, Monica Melanchthon, 2016-04-20 M M Thomas was one of the chief architects of the modern ecumenical movement An outstanding theologian his original and rather unconventional explorations into ecumenical social ethics remain highly relevant even today Long before liberation theology burst on the scene Thomas raised his prophetic voice for the liberation of humanity from the dehumanizing structures Focusing on the theological and social contributions of M M Thomas and his legacy for our times and published with the support of the Council for World Mission to coincide with the centenary of Thomas birth this collection brings together an international panel of distinguished scholars theologians and church leaders

Taxing for Development Matt Barlow, 2025-09-12 The importance of tax collection for sustainable development cannot be overstated it forms a central pillar of the UN's Agenda 2030 and offers a concrete pathway to finance development in an increasingly politicised and diminishing foreign aid landscape However the strengthening of tax systems in the Global South has proved to be both complex and contentious Scholars that have approached this tax for development puzzle have tended to privilege interest and institutional based arguments to explain low levels of tax collection and problems with implementing tax reforms This book takes a different approach and argues that ideas about tax matter as much as interests and institutions for understanding social attitudes and responses to attempts by the state to raise revenues for development Sometimes contested ideas about the boundaries of the state in relation to tax and development come to shape the fault lines of politics and determine the success and failure of programmes to raise revenue for development Using the case of Argentina the book examines empirically the attempts by progressive Peronist governments of Nstor and Cristina Kirchner to finance state expenditure and social welfare via taxes on commodity mainly soybean exports after 2001 It traces how an idea of these taxes generated widespread conflict outside of the sector where they were levied which entirely polarised Argentine society Taxing for Development shows that tax is a profoundly political problem associated with debates about the role of the state the market and business state relationships In doing so it shows how historically and socially constructed ideas of tax can become embedded in and influence debates which have normally been approached through perspectives of material interests This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations

World Out of Balance Stephen G. Brooks, William C. Wohlforth, 2008-07-21 Introduction Realism balance of power theory and the counterbalancing constraint Realism balance of threat theory and the soft balancing constraint Liberalism globalization and constraints derived from economic interdependence Institutionalism and the constraint of reputation Constructivism and the

constraint of legitimacy A new agenda The Theory of Multi-level Governance Simona Piattoni, 2010-02-25 This book explores the theoretical issues empirical evidence and normative debates elicited by the concept of multi level governance MLG The concept is a useful descriptor of decision making processes that involve the simultaneous mobilization of public authorities at different jurisdictional levels as well as that of non governmental organizations and social movements It has become increasingly relevant with the weakening of territorial state power and effectiveness and the increase in international interdependencies which serve to undermine conventional governmental processes This book moves towards the construction of a theory of multi level governance by defining the analytical contours of this concept identifying the processes that can uniquely be denoted by it and discussing the normative issues that are raised by its diffusion particularly in the European Union It is divided into three parts each meeting a specific challenge theoretical empirical normative It focuses on three analytical dimensions multi level governance as political mobilization politics as authoritative decision making policy and as state restructuring polity Three policy areas are investigated in vindicating the usefulness of MLG as a theoretical and empirical concept cohesion environment higher education with particular reference to two member states the UK and Germany Finally both the input and output legitimacy of multi level governance decisions and arrangements and its contribution to EU democracy are discussed As a loosely coupled policy making arrangement MLG is sufficiently structured to secure coordination among public and private actors at different jurisdictional levels yet sufficiently flexible to avoid joint decision traps This balance is obtained at the cost of increasingly blurred boundaries between public and private actors and a change in the established hierarchies between territorial jurisdictions *A Comparative Introduction to Political Science* Alan G. Smith, 2016-04-08 When are legislators inclined to cast votes in cooperation with their parties and when do they go their own way When and why do nations contend with each other and when are they more likely to cooperate Thematically arranged around the interplay of contention and cooperation *A Comparative Introduction to Political Science* encourages students to explore causal factors and consequences related to political phenomena to become knowledgeable and resourceful citizens of their nations and the world Alan Smith covers how patterns of contention and cooperation and the resulting government policies may be affected by such factors as the surrounding political framework the distribution of influence and political motivation including values as well as material interests To expose students to the politics of specific nations each chapter concludes with two country case studies that illuminate the theme of the chapter Students emerge with a sense of what is going on in the world today Pedagogically the book employs careful sequencing of topics and concepts for clarity and to introduce politics in a natural logical synchronized way At times Smith goes beyond sharp night and day terminological distinctions to add accessible ordinary language based terminology that better captures the real world spectrum between the extremes *A Comparative Introduction to Political Science* Contention and Cooperation provides a comprehensive teaching and learning package including these ancillaries Test Bank Available for adopters to download the

Losing Legitimacy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Losing Legitimacy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Losing Legitimacy has opened up a world of possibilities. Downloading Losing Legitimacy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Losing Legitimacy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Losing Legitimacy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Losing Legitimacy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Losing Legitimacy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Losing Legitimacy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it

is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Losing Legitimacy Books

1. Where can I buy Losing Legitimacy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Losing Legitimacy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Losing Legitimacy books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Losing Legitimacy audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Losing Legitimacy books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
