**An Unnatural History of Religions** Leonardo Ambasciano, 2018-12-27 An Unnatural History of Religions examines the origins development and critical issues concerning the history of religion and its relationship with science The book explores the ideological biases logical fallacies and unwarranted beliefs that surround the scientific foundations or lack thereof in the academic discipline of the history of religions positioning them in today's post truth culture Leonardo Ambasciano provides the necessary critical background to evaluate the most important theories and working concepts dedicated to the explanation of the historical developments of religion He covers the most important topics and paradigm shifts in the field such as phenomenology postmodernism and cognitive science These are taken into consideration chronologically each time with case studies on topics such as shamanism gender biases ethnocentrism and biological evolution Ambasciano argues that the roots of post truth may be deep in human biases but that historical justifications change each time resulting in different combinations The surprising rise of once fringe beliefs such as conspiracy theories pseudoscientific claims and so called scientific creationism demonstrates the alarming influence that post truth ideas may exert on both politics and society Recognising them before they spread anew may be the first step towards a scientifically renewed study of religion

*On Jewish Suffering; Opposing View & the Messianic Age, A Historic Analysis* Kalman Dubov,2024-10-23 Napoleon the French Emperor invaded Czarist Russia in the Franco Russian War of 1812 The war ended in defeat for the French with the Russians referring to this as the Patriotic War emerged victorious Napoleon was in the process of liberating Jews from their enforced living in European ghettos intending to emancipate and integrate them into modern French society Emancipation of the Jews was a key byword and many Jews hailed Napoleon as their benefactor and savior To achieve fullest integration Napoleon created a modern version of the Jewish Supreme Court the Great Sanhedrin to answer questions regarding Jewish belief laws and their ability as well as intention to integrate into modern society The head of the Sanhedrin was Rabbi David Sinzheim Chief Rabbi of Strasbourg France However opposed to French emancipation of the Jewish community was the first Chassidic leader the Rebbe of Chabad Rabbi Shneur Zalman of Liadi He was so opposed to French emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents In reality however he acted as a spy and passed French military plans to the Russians We are aware of this clandestine effort by way of a letter Rabbi Shneur Zalman wrote to the spy explaining his rationale for acting this way The rabbi felt that emancipation would reduce Jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence The letter from the Rabbi adds a dimension of thinking why he was so opposed to Napoleonic success At the time this was taking place Jews were subjects of the Czarist Empire mandated to live in the Pale of Settlement a region rife with anti Semitism pogroms

penury and poverty But such living conditions the rabbi felt was preferable to emancipation Hence this strange policy was applied even to Jews who were not Chassidic not members of this sect or community After the Second World War Chabad changed dramatically No longer could the policy of their first Rebbe be imposed on Jews Because of the massive anti-Semitism exhibited by the Nazis and their many willing allies who assisted them in murdering Jews the notion of living under Christian or Muslim domination was no longer viable The last Chabad Rebbe instead introduced a Messianic message praying for and encouraging others to work towards the arrival of the Messiah This book describes Jewish suffering both in the period when Rabbi Shneur Zalman was alive as well as in the long term particularly in the last millennia when Jews faced great persecutions and no less than 48 separate expulsions This volume questions the logic of Jewish suffering as a necessary prerequisite for Jewish belief and practice to be viable This policy offers the pertinent study of the period when the question of Jewish suffering was deemed key to Judaism but while enormous anti-Semitism was present Yet after the Second World War an entirely new reality was introduced for Jewish survival
