Lost Universe Vol 3:

The Lost Universe Gene Weltfish, 1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village. The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village. Customs, ceremonies, beliefs, and hard work become apparent as the author leads one through the intricacies of the activities. Although it presents a great deal of detailed anthropological material, the manner of presentation turns the book into a readable account. The book is based on years of first-hand study as well as scholarly research and is recommended as an in-depth study of Plains Indian life. Reprint Bulletin Book Reviews. Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind*. She is also the author of *The Origins of Art* and other books.

Britannia Vol. 3: Lost Eagles of Rome
TPB Peter Milligan, 2019-01-09 A terrifying new quest into the unknown. The Roman standard, the eagle borne at the front of each Roman legion, was more than just a symbol of the soldiers that carried it. It was a symbol of Rome itself, the ultimate embodiment of the empire's power. But now in the mist-shrouded Germanic forest of Tottenwald, the unthinkable has happened. A rampaging barbarian horde has crushed three of Rome's most highly skilled detachments in battle and captured their mighty Roman eagles. His authority threatened by this all-too-public shame, the mad emperor Nero has dispatched Antonius Axia, the empire's finest detective and hero of Britannia, and Achillia, the sword-wielding champion of the gladiatorial arena, to reclaim his stolen relics at any cost. But what began as a simple mission will soon become a terrifying journey into the dark heart of belief itself as the isolated woodlands of Rome's enemies reveal unseen dimensions and the true power of the legion's lost eagles threatens to consume any who would pursue them. Valiant's sold-out descent into the horrors of the ancient world returns with an all-new volume from legendary comics master Peter Milligan. Detective Comics and Harvey Award-nominated artist Robert Gill. *BOOK OF DEATH* as Antonius Axia's history's first detective launches into an otherworldly mystery of monsters, magic, and conspiracy at the boundaries of human understanding. Collecting *BRITANNIA LOST EAGLES OF ROME* 1-4.

Lost at Sea Bryan Lee O'Malley, 2014-01-22 Raleigh doesn't have a soul. A cat stole it. At least that's what she tells people. At least that's what she would tell people if she told people anything. But that would mean talking to people, and the mere thought of social interaction is terrifying. How did such a shy teenage girl end up in a car with three of her hooligan classmates on a cross-country road trip? Being forced to interact with kids her own age is a new and alarming proposition for Raleigh, but maybe it's just what she needs. Or maybe it can help her find what she needs. Or maybe it can help her realize that what she needs has been with her all along. This special hardcover edition of Bryan Lee O'Malley's classic coming-of-age graphic novel includes previously uncollected shorts and extra bonus material.
