The 2/26 Before 9/11 @ The World Trade Center Clifford N. Oporum, 2024-10-01 This book is based on a true eyewitness account of what actually happened on that uneventful gloomy snowy and cold early afternoon on Friday February 26 1993 at America's famous landmark the World Trade Center As one of the living survivors of that first attack in 1993 I realized that the 9/11 2001 story would be incomplete without the knowledge and clear understanding of the tragic and sad events of 2/26 1993 which shook many Americans and citizens of other nations who called the World Trade Center their home for business I also thought that it would be morally and psychologically unfair to the thousands of men women and children who were directly or indirectly victimized by that particular incident which took six innocent lives and left hundreds of people wounded and traumatized and several families devastated in its aftermath You will agree with me that one life lost is one too many
