In these innovative essays Vivian Sobchack considers the key role our bodies play in making sense of today's image saturated culture. Emphasizing our corporeal rather than our intellectual engagements with film and other media, *Carnal Thoughts* shows how our experience always emerges through our senses and how our bodies are not just visible objects but also sense making visual subjects. Sobchack draws on both phenomenological philosophy and a broad range of popular sources to explore bodily experience in contemporary moving image culture. She examines how through the conflation of cinema and surgery we've all had our eyes done, why we are moved by the movies and the different ways in which we inhabit photographic, cinematic and electronic space. *Carnal Thoughts* provides a lively and engaging challenge to the mind/body split by demonstrating that the process of making sense requires an irreducible collaboration between our thoughts and our senses.

Breaking History: Vanished! Sarah Pruitt, 2017-11-15. A front row seat to the breaking news photos and hype surrounding history's most mysterious disappearances. The first title in an exciting new series from A.D.B. Cooper. Alcatraz escapees Frank Morris, John Anglin and Clarence Anglin, Jim Thompson, Judge Joseph Force Crater and more. Starting with the first 30 days surrounding each incident and then looking at efforts up to this very day to solve each case, this book covers in photos and text history's most perplexing vanishings.

Life in a Rear View Mirror Douglas E.S. Horne, 2008-01-04. *LIFE IN A REAR VIEW MIRROR* begins with a cryptic and purposefully humorous review of the author's life from birth through the formative years. This life is transformed by the forces of war, providing a first view of death from a very close perspective. This haunting experience is followed by inscription into Military Service and the perilous training that follows to develop a warrior. The story progresses through a peace time service fraught with the problems of unprofessional elements within. Thrust into war in SE Asia, the military next contends with experts unable to accept the new challenge: guerrilla warfare. Recounts of duty in SE Asia demonstrate the horrors of war and those elements of humor intertwined throughout this process of fighting a war without definitive guidelines and lacking the total support of your government. Post war assignments with foreign nations and a brief service in the black world with the CIA conclude this military career. The story culminates with a new war.

The Westerns and War Films of John Ford

Sue Matheson, 2016-02-18. Responsible for some of the greatest films of the 20th century: *The Grapes of Wrath*, *How Green Was My Valley* and *The Quiet Man*, among others. John Ford was best known for motion pictures that defined the American West and the face of wartime military. A Hollywood celebrity, Ford lived his life against the background that Twentieth Century Fox fashioned for him. As he did, the facts of his life merged with and became inseparable from his multifaceted

legend fostered by Hollywood's studio culture and his own imagination. In *The Westerns and War Films of John Ford*, Sue Matheson offers an engaging look at one of America's greatest directors and the two genres of films that solidified his reputation. Drawing on previously unreleased material, this volume explores the man, the filmmaker, the veteran, and the legend, and the ways in which all of those roles shaped Ford's view of America's national character and his creative output. Among the films discussed here in depth are Ford's early productions such as *The Iron Horse* and *Drums along the Mohawk*; his military films such as *Submarine Patrol*, *The Battle of Midway*, and *They Were Expendable*; and his Westerns including *Fort Apache*, *She Wore a Yellow Ribbon*, *The Searchers*, and *Cheyenne Autumn*. Ford imbued many of his creations with a point of view that represented his ideals, and the films discussed here illustrate the director's distinct vision of American life on the frontier and in service of the country. That vision, Ford's idealization of the American character, would in turn shape the worldview of several generations. *The Westerns and War Films of John Ford* will appeal to critics and scholars but also to any fan of this iconic filmmaker's work.
