War and State Building in Burma

Mary P. Callahan

Making Enemies War And State Building In Burma

Aaron Connelly, Shona Loong

Making Enemies War And State Building In Burma:

Making Enemies Mary Patricia Callahan, 2004 Sets out to explain the extraordinary durability of the Burmese military regime by examining the history of relations between the junta and society in Burma The authors unparalleled access to the military and its leaders allows her to correct existing explanations of Burmese authoritarianism and to supply new information about the coups of 1958 and 1962

Making Enemies Mary Patricia Callahan, 2018 The Burmese army took political power in Burma in 1962 and has ruled the country ever since The persistence of this government even in the face of long term nonviolent opposition led by activist Aung San Suu Kyi who was awarded the Nobel Peace Prize in 1991 has puzzled scholars In a book relevant to current debates about democratization Mary P Callahan seeks to explain the extraordinary durability of the Burmese military regime In her view the origins of army rule are to be found in the relationship between war and state formation Burma s colonial past had seen a large imbalance between the military and civil sectors That imbalance was accentuated soon after formal independence by one of the earliest and most persistent covert Cold War conflicts involving CIA funded Kuomintang incursions across the Burmese border into the People s Republic of China Because this raised concerns in Rangoon about the possibility of a showdown with Communist China the Burmese Army received even more autonomy and funding to protect the integrity of the new nation state The military transformed itself during the late 1940s and the 1950s from a group of anticolonial guerrilla bands into the professional force that seized power in 1962 The army edged out all other state and social institutions in the competition for national power Making Enemies draws upon Callahan s interviews with former military officers and her archival work in Burmese libraries and halls of power Callahan s unparalleled access allows her to correct existing explanations of Burmese authoritarianism and to supply new information about the coups of 1958 and 1962

North Korea and Myanmar Andray Abrahamian, 2018-02-12 North Korea and Myanmar Burma are Asia s most mysterious tragic stories For decades they were infamous as the region s most militarized and repressed societies self isolated and under sanctions by the international community while from Singapore to Japan the rest of Asia saw historic wealth creation and growing middle class security For Burma the threat was internal insurgent factions clashed with the government and each other For North Korea it was external a hostile superpower the United States and a far more successful rival state South Korea occupying half of the Korean peninsula Over time Myanmar defeated its enemies giving it space to explore a form of democratization and openness that has led to reintegration into international society Meanwhile North Korea s regime believes its nuclear arsenal the primary reason for their pariah status is vital to survival

Armed Groups and International Legitimacy William Plowright, 2021-02-23 This book analyses the issue of child soldiers in order to understand how armed groups engage with international organizations to gain international legitimacy The work examines why some armed groups follow the rules of international humanitarian law and others do not It argues that armed groups in conflicts around the world engage with international organizations in order

to gain international legitimacy and to show they are following the laws of war By examining the issue of child soldiers in contemporary armed conflict the volume establishes a typology of which groups will engage with international actors and follow the laws of war and which will not The main aim of the book is to understand the rationality of even the most violent of actors and to understand when and how armed groups can be encouraged to follow the laws of war The work draws from extensive primary research conducted among armed groups in Syria and Myanmar including al Qaeda the Islamic State and the many small ethnic insurgent groups of Myanmar This book will be of much interest to students of war and conflict studies security studies international humanitarian law and International Relations

New Frontiers of Land Control Nancy Lee Peluso, Christian Lund, 2013-09-13 Questions about land control have invigorated thinkers in agrarian studies and economic history since the nineteenth century Exclusion alienation expropriation dispossession and violence animate histories of land use property rights and territories More recently agrarian environments have been transformed by processes of de agrarianization urbanization migration and new forms of primitive accumulation Even the classic agrarian question of how the social relations of agriculture will be influenced by capitalism has been reformulated at critical historical moments reviving or producing new debates around the importance of land control The authors in this volume focus on new frontiers of land control and their active creation These frontiers are sites where established power relationships are challenged by new enclosures and property regimes producing new social and environmental dynamics in their stead Contributors examine labor and production processes engaged by new configurations of actors new agrarian and environmental subjects and the networks connecting them and new legal and violent means of challenging established or imminent land controls Overall we find that land control still matters though in changed degrees and manners Land control will continue to inspire struggles for a long time This book was originally published as a special issue of the Journal of Peasant Studies

Debating Democratization in Myanmar Nick Cheesman, Nicholas Farrelly, Trevor Wilson, 2014-04-14 Is Myanmar Burma democratizing or is it moving towards a new form of authoritarianism perhaps one more consonant with other contemporary authoritarian regimes in Asia Coming at a critical time and one of growing interest in this Southeast Asian country among researchers and policy makers Debating Democratization in Myanmar addresses this complex question from a range of disciplinary and professional perspectives Chapters by leading international scholars and practitioners activists and politicians from Myanmar and around the world cover political and economic updates as well as the problems of democratization the re engagement of democratic activists and exiles in domestic affairs the new parliament the electoral system and everyday politics prospects for the economy ethnic cooperation contestation and conflict the role of the army and police forces and conditions for women Together they constitute an empirically deep and analytically rich source of readable and relevant material for anyone keen to obtain a greater understanding of what is happening in Myanmar today and why

Introduction to Geopolitics Colin Flint, 2021-08-30 This new updated edition presents the overarching themes of

geopolitical structures and agents in an engaging and accessible manner which requires no previous knowledge of theory or current affairs It helps readers understand the geopolitical implications of COVID 19 China s pronounced role in the world the relative decline of the US and the Black Lives Matter movement Using new pertinent case studies and guided exercises the title explains the contemporary global power of the United States and the challenges it is facing the changing foreign policy of China and other countries the persistence of nationalist conflicts migration cyberwar and cyberactivism terrorism energy geopolitics and environmental geopolitics Expanded case studies of the South China Sea disputes and China s Belt and Road Initiative emphasize the multi faceted nature of conflict The book raises questions by incorporating international and long term historical perspectives and introduces readers to different theoretical viewpoints including feminist contributions The new edition features fresh discussion of island geopolitics the Anthropocene age and geoeconomics Introduction to Geopolitics will provide its readers with a set of critical analytical tools for understanding the actions of states as well as non state actors acting in competition over resources and power Both students and general readers will find this book an essential stepping stone to a deeper and critical understanding of contemporary conflicts The companion website will enable readers to apply the themes of the book to the constant shifts in current affairs to enable deeper understanding It will provide access to weekly essays showing how the themes explain current events

Interpreting Communal Violence in Myanmar Nick Cheesman, 2018-12-07 Myanmar s recovery from half a century of military rule has been fraught As in other religiously culturally and linguistically heterogeneous countries where a dictatorship has loosened a tight grip people there have wanted for democratic institutions to express and manage conflict Under these circumstances mundane and seemingly apolitical events sometimes unfold into moments of intense violence Interpreting Communal Violence in Myanmar addresses one such violent chapter in Myanmar s recent past the communal violence that shook the country between 2012 and 2014 The violence most of it involving Buddhists attacking Muslims ranged from localised fleeting inter group melees to large scale apparently well organised state supported killing and destruction of property of a targeted community running over a number of days The book s seven chapters comprise a response to the violence by a group of Myanmar and Southeast Asia experts Their contributions trace the histories and contemporary features of the violence and the legal and political arrangements that made it possible Their interpretations while specific to Myanmar also contribute to broader debate about the characteristics causes and consequences of communal violence generally The chapters were originally published as a special issue in the Journal of Contemporary Asia

Constitutional Foundings in Southeast Asia Kevin YL Tan, Ngoc Son Bui, 2019-05-30 This volume focuses on the making nature and role of the first modern constitutions at the founding of the modern nation states in Southeast Asia These historical essays add richly to our understanding and appreciation of the founding moments and to the theory and practice of constitutionalism in these states This volume makes three significant contributions First it helps plug the wide knowledge gap in comparative constitutional history in Southeast Asia Second it

further our understanding of contemporary constitutional practice and also anticipates possible developmental trajectories in light of the foundational values embedded in and manifested through these constitutions Third through the comparative historical study of these early constitutions plausible theoretical insights may be gained to further our understanding of Southeast Asia's constitutional history The book is essential reading for those wishing to obtain a deeper understanding of the constitutional foundations of Southeast Asia

Southeast Asia Views the United States Ann Marie Murphy, 2025-01-28 This book is a comprehensive study of Southeast Asian views of their respective countries' foreign policies towards the United States The Southeast Asian contributors are all individuals who bridge both academia and foreign policy circles in their countries in Southeast Asia the Indo Pacific more broadly and globally There is a dearth of theoretically informed empirically rich literature on the foreign policies of Southeast Asian states This volume with eight chapters written by some of Southeast Asia's leading analysts is therefore important, timely, and fills a large gap in the literature

Autonomy and Armed Separatism in South and Southeast Asia Michelle Ann Miller, 2012 Armed separatist insurgencies have created a real dilemma for many national governments of how much freedom to grant aggrieved minorities without releasing territorial sovereignty over the nation state This book examines different approaches that have been taken by seven states in South and Southeast Asia to try and resolve this dilemma through various offers of autonomy Providing new insights into the conditions under which autonomy arrangements exacerbate or alleviate the problem of armed separatism this comprehensive book includes in depth analysis of the circumstances that lead men and women to take up arms in an effort to remove themselves from the state's borders by creating their own independent polity

Historical Dictionary of Human Rights Jacques Fomerand, 2014-02-18 This dictionary has more than 1000 cross referenced entries on terminology, conventions, treaties, intergovernmental organizations in the United Nations family or regional bodies and the constantly expanding universe of non governmental organizations as well as some of the pioneers and defenders of human rights

Rule of Law Intermediaries Kristina Simion, 2021-05-06 Scholars puzzle over the conditions that make rule of law development in authoritarian settings successful In this significant contribution focusing on the decade of Myanmar's political transformation Kristina Simion explores rule of law assistance through the practice and experience of intermediaries, their capital strategies and challenges How do intermediaries influence the field and the ways in which the rule of law is brokered transnationally And why do they matter Simion relates her research to law and sociology to bring to light these neglected players focusing on who they are, the influence they have, their double agency and their crucial importance in establishing trust and translating rule of law Relying on rich empirical data collected in Myanmar, the book shares the voices of the individuals that help to steer societal change within authoritarian confines This socio legal work offers some insights into why rule of law change in authoritarian settings often does not go expected ways, one of the development field's long unresolved issues

Subverting Empire Will Jackson, Emily Manktelow, 2015-07-15 Across their empire the British spoke ceaselessly of

deviants of undesirables ne'er do wells petit tyrants and rogues With obvious literary appeal these soon became stock figures This is the first study to take deviance seriously bringing together histories that reveal the complexity of a phenomenon that remains only dimly understood **New Answers to Old Questions** Aaron Connelly, Shona Loong, 2024-06-26 Outside Myanmar the 2021 coup d'état has often been portrayed as the end of a hopeful period for the country In this Adelphi book however Aaron Connelly and Shona Loong argue that the Aung San Suu Kyi government that preceded it was a false dawn unlikely to fulfil the international community's aspirations for a stable peaceful and strong Myanmar Instead the movement opposing the 2021 coup holds much greater promise despite the bloody conflict that dominates the news today Connelly and Loong survey three fundamental relationships that have shaped Myanmar before and after the coup between the military and the state between the majority Burmese and ethnic minorities and between Myanmar and the world to explain how opposition to the coup has shifted all of them in a more liberal pluralist and cosmopolitan direction **Religion and**

Conflict in South and Southeast Asia Linell E. Cady, Sheldon W. Simon, 2006-09-27 A major new contribution to comparative and multidisciplinary scholarship on the alignment of religion and violence in the contemporary world with a special focus on South and Southeast Asia Religion and Conflict in South and Southeast Asia shows how this region is the site of recent and emerging democracies a high degree of religious pluralism the largest Muslim populations in the world and several well organized terrorist groups making understanding of the dynamics of religious conflict and violence particularly urgent By bringing scholars from religious studies political science sociology anthropology and international relations into conversation with each other this volume brings much needed attention to the role of religion in fostering violence in the region and addresses strategies for its containment or resolution The dearth of other literature on the intersection of religion politics and violence in contemporary South and Southeast Asia makes the timing of this book particularly relevant This book will of great interest to advanced undergraduate and postgraduate students of Asian politics security studies and conflict studies Myanmar's Rohingya Genocide Ronan Lee, 2021-01-28 The genocide in Myanmar has drawn global attention as Nobel Peace Prize laureate Aung San Suu Kyi appears to be presiding over human rights violations forced migrations and extra judicial killings on an enormous scale This unique study draws on thousands of hours of interviews and testimony from the Rohingya themselves to assess and outline the full scale of the disaster Casting new light on Rohingya identity history and culture this will be an essential contribution to the study of the Rohingya people and to the study of the early stages of genocide This book adds convincingly to the body of evidence that the government of Myanmar has enabled a genocide in Rakhine State and the surrounding areas Secrets and Power in Myanmar Andrew Selth, 2019-09-06 No external observer knows more about Myanmar's security and intelligence apparatus than Andrew Selth In this book he presents an account of the structure and functions of Myanmar's deep state along with a tale of personal ambition rivalry and ruthless power politics worthy of John Le Carre A thoroughly educative entertaining and intriguing read Professor Michael Wesley Dean College of

Asia and the Pacific The Australian National University Andrew Selth has once again amply illustrated the depth and penetration of his study of Myanmar Burma and its institutions This work on the more recent aspects of the country s intelligence apparatus goes beyond a masterful and comprehensive analysis of the Burmese intelligence community and probes the social and institutional bases of the attitudes giving rise to that critical aspect of power We are once again in Dr Selth s debt This is required reading for serious observers of the Burmese scene David I Steinberg Distinguished Professor of Asian Studies Emeritus Georgetown University By lifting the lid on a pervasive yet secretive intelligence apparatus Andrew Selth makes an outstanding contribution to Myanmar Studies For scholars and practitioners alike this book provides an essential history of a security state that remains powerful even during the transition away from overt authoritarian rule Professor Ian Holliday Vice President Teaching and Learning The University of Hong Kong *The History of Myanmar* William J. Topich, Keith A. Leitich, 2013-01-09 This text provides a thorough examination of the history of Myanmar from Neolithic times to the present Myanmar has experienced a seemingly endless series of conquerors dating from prehistoric times through the reign of Kublai Khan s Mongol forces beginning in the late 1200s all the way through the modern era when it was subject to both British colonial control and invasion by the Japanese during World War II The History of Myanmar provides a detailed historical overview of the key people places and events in this often overlooked country s past and present It examines the history of Myanmar from Neolithic times to all of its ruling dynasties to the modern era in a chronological manner providing a contextual framework for the further exploration of its complex history This text pays special attention to the unique circumstances that led to the formation of the modern nation of Myanmar **Extracting Natural Resources** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Human Rights and the Law, 2009
