paradigm is more than a feeling or a belief It is an entire way of being a fundamental universal conviction that reverberates out into the universe In The Abundance Paradigm Joe Vitale one of the pioneers of Internet marketing and one of the stars of the hit movie The Secret shows you how to make the profound shift from a paradigm of scarcity in which you have not enough of the things you want and need to a paradigm of abundance in which you have more than enough of everything at all times When you make this shift you move beyond the Law of Attraction to the little known Law of Creation and step into a world where you will Align with the universe automatically instead of working to make it happen Manifest your desires spontaneously instead of thinking about it Get what you want immediately instead of waiting for it to show up Vitale offers Step by step techniques that will facilitate a complete paradigm shift to enable ideas to flow into your mind freely and openly Dissolve the limitation compromising your growth Erase toxicity from your relationships Clear your consciousness of negative judgement of yourself and others Protect your paradigm from harmful outside influences and interference **The Mystic's**
