Myths & Legends of the Celtic Race Thomas William Rolleston, 1911 *Myths and Legends of the Celtic Race* Thomas William Hazen Rolleston, 2010-01-01 To begin with we must dismiss the idea that Celtica was ever inhabited by a single pure and homogeneous race The true Celts if we accept on this point the carefully studied and elaborately argued conclusion of Dr T Rice Holmes supported by the unanimous voice of antiquity were a tall fair race warlike and masterful whose place of origin as far as we can trace them was somewhere about the sources of the Danube and who spread their dominion both by conquest and by peaceful infiltration over Mid Europe Gaul Spain and the British Islands They did not exterminate the original prehistoric inhabitants of these regions pal olithic and neolithic races dolmen builders and workers in bronze but they imposed on them their language their arts and their traditions taking no doubt a good deal from them in return especially as we shall see in the important matter of religion Among these races the true Celts formed an aristocratic and ruling caste In that capacity they stood alike in Gaul in Spain in Britain and in Ireland in

the forefront or armed opposition to foreign invasion They bore the worst brunt of war of confiscations and of banishment They never lacked valour but they were not strong enough or united enough to prevail and they perished in far greater proportion than the earlier populations whom they had themselves subjugated But they disappeared also by mingling their blood with these inhabitants whom they impregnated with many of their own noble and virile qualities Hence it comes that the characteristics of the peoples called Celtic in the present day and who carry on the Celtic tradition and language are in some respects so different from those of the Celts of classical history and the Celts who produced the literature and art of ancient Ireland and in others so strikingly similar To take a physical characteristic alone the more Celtic districts of the British Islands are at present marked by darkness of complexion hair c They are not very dark but they are darker than the rest of the kingdom But the true Celts were certainly fair Even the Irish Celts of the twelfth century are described by Giraldus Cambrensis as a fair race

Myths and Legends of the Celtic Race T. W. T. W. Rolleston,2016-01-04 The Past may be forgotten but it never dies The elements which in the most remote times have entered into a nation s composition endure through all its history and help to mould that history and to stamp the character and genius of the people The examination therefore of these elements and the recognition as far as possible of the part they have actually contributed to the warp and weft of a nation s life must be a matter of no small interest and importance to those who realise that the present is the child of the past and the future of the present who will not regard themselves their kinsfolk and their fellow citizens as mere transitory phantoms hurrying from darkness into darkness but who know that in them a vast historic stream of national life is passing from its distant and mysterious origin towards a future which is largely conditioned by all the past wanderings of that human stream but which is also in no small degree what they by their courage their patriotism their knowledge and their understanding choose to make it
