film games and literary works such as those by Margaret Atwood Colm T ib n Madeleine Miller and Pat Barker Impressive in breadth and bringing together a wide range of foundational texts from diverse traditions for the first time this work is the ideal orientation to the ancient works central to English literary culture shedding light on the mythological roots of storytelling and narrative Journeys to the Underworld and Heavenly Realm in Ancient and Medieval Literature John C. The Seven Pillars of Creation William P. Brown,2010-02-26 In their highly selective and literal reading of Scripture creationists champion a rigidly reductionistic view of creation in their fight against soulless scientism Conversely many scientists find faith in God to be a dangerous impediment in the empirical quest for knowledge As a result of this ongoing debate many people of faith feel forced to choose between evolution and the Bible s story of creation But as William Brown asks which biblical creation story are we talking about Brown shows that through a close reading of biblical texts no fewer than seven different biblical perspectives on creation can be identified By examining these perspectives Brown illuminates both connections and conflicts between the ancient creation traditions and the natural sciences arguing for a new way of reading the Bible in light of current scientific knowledge and with consideration of the needs of the environment In Brown s argument both scientific inquiry and theological reflection are driven by a sense of wonder which in his words unites the scientist and the psalmist Brown s own wonder at the beauty and complexity of the created world is evident throughout this intelligent well written and inspirational book **Jonah's Journeys** Barbara Green,2005 The book of Jonah has been richly commented upon by centuries of Christians and Jews Writers of prose and poetry have loved it as well as those interested in liturgy Jonah is a small book about a man swallowed by a big fish while running from God Yet it is concerned with issues powerful over time among readers of many types and cultures In essence interpreters of Jonah have a great deal of territory to explore In Jonah s Journeys Barbara Green OP focuses on the character Jonah and explores the variety of way in which the prophet and the book have been represented and understood over the ages The question of how readers construct meaning is central to the text *The Conflict Myth and the Biblical Tradition* Debra Scoggins Ballentine,2015 In *The Conflict Myth and the Biblical Tradition* Debra Scoggins Ballentine analyzes the ancient west Asian theme of divine combat between a victorious warrior deity and his enemy typically the sea or a sea dragon **The Biblical World** John Barton,2019-04-25 The Biblical World is a comprehensive guide to the contents historical settings and social context of the Bible It presents the

fruits of years of specialist study in an accessible form and is essential reading for anyone who reads the Bible and would like to know more about how and why it came to be Written by an international collection of experts the volumes include a full overview of the full range of biblical material before going on to more detailed discussions of myth and prophecy to poetry and proverbs Explorations of the historical background are complemented by the findings of archaeology and the book explores language law administration social life and the arts as well Major figures of the Bible including Abraham Jesus and Paul are studied in detail as are the main religious concepts it contains such as salvation and purity Also including an examination of how the Bible is viewed today this monumental work will be an invaluable resource for students academics and clergy and for all to whom the Bible is important as a religious or cultural document The Garden of Eden Myth Walter Mattfeld, 2010-11-01 Scholarly proposals are presented for the pre biblical origin in Mesopotamian myths of the Garden of Eden story Some Liberal PhD scholars 1854 2010 embracing an Anthropological viewpoint have proposed that the Hebrews have recast earlier motifs appearing in Mesopotamian myths Eden s garden is understood to be a recast of the gods city gardens in the Sumerian Edin the floodplain of Lower Mesopotamia It is understood that the Hebrews in the book of Genesis are refuting the Mesopotamian account of why Man was created and his relationship with his Creators the gods and goddesses They deny that Man is a sinner and rebel because he was made in the image of gods and goddesses who were themselves sinners and rebels who made man to be their agricultural slave to grow and harvest their food and feed it to them in temple sacrifices thereby ending the need of the gods to toil for their food in the city gardens of Edin in ancient Sumer

Hasan-i-Sabah James Wasserman, 2020-09-14 This publication includes the first English translation of the 1310 biography of Hasan i Sabah by Rashid al Din The Biography of Our Master Sar Guzasht i Sayyidna Hasan i Sabah was born in northern Persia around 1050 and died in 1124 He was an Ismaili missionary or dai who founded the Nizari Ismailis after the usurpation of the Fatimid Imamate by the military dictator of Egypt It may be said that Hasan founded and operated the world s most successful mystical secret society while building a political territory in which to maintain his independence The small empire he created would be home to him his followers and their descendants for 166 years Today under the leadership of the Aga Khan the Nizari Ismailis are one of the preeminent Muslim sects in the world numbering some twenty million members in twenty five countries The medieval Nizaris were also known as Assassins or Hashishim They became embedded in European consciousness because of their contact with the Knights Templar and other Crusaders and visitors to the Near East Several Europeans reported back with strange and largely false tales of the Assassins In the fourteenth century they were widely popularized by the famed Venetian traveler and writer Marco Polo in The Travels of Marco Polo He added a whole new level of myth in his account of the sect included in this volume along with extensive commentary Of greatest interest is the idea that the Assassins were the spiritual initiators of the Knights Templar If this is true Hasan i Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and

the Gnostic Esoteric trends that continue to this day Essential reading for an understanding of modern esoteric secret societies and today s headlines coming from the Middle East Includes 9 maps *The Cambridge Companion to Genesis* Bill T. Arnold,2022-05-12 The Cambridge Companion to Genesis explores the first book of the Bible the book that serves as the foundation for the rest of the Hebrew Scriptures Recognizing its unique position in world history the history of religions as well as biblical and theological studies the volume summarizes key developments in Biblical scholarship since the Enlightenment while offering an overview of the diverse methods and reading strategies that are currently applied to the reading of Genesis It also explores questions that in some cases have been explored for centuries Written by an international team of scholars whose essays were specially commissioned the Companion provides a multi disciplinary update of all relevant issues related to the interpretation of Genesis Whether the reader is taking the first step on the path or continuing a research journey this volume will illuminate the role of Genesis in world religions theology philosophy and critical biblical scholarship Jerusalem and Other Holy Places as Foci of Multireligious and Ideological Confrontation ,2020-12-07 Jerusalem and Other Holy Places as Foci of Multireligious and Ideological Confrontation brings together the papers that were read at an international conference at the Schechter Institute in Jerusalem in May 2018 The contributions to this volume develop a multi disciplinary perspective on holy places and their development rhetorical force and oft contested nature Through a particular focus on Jerusalem this volume demonstrates the variety in the study of holy places as well as the flexibility of geographic and historical aspects of holiness **A Short History of Myth (Myths series)** Karen Armstrong,2010-10-29 What are myths How have they evolved And why do we still so desperately need them A history of myth is a history of humanity Karen Armstrong argues in this insightful and eloquent book our stories and beliefs our curiosity and attempts to understand the world link us to our ancestors and each other This is a brilliant and thought provoking introduction to myth in the broadest sense from Palaeolithic times to the Great Western Transformation of the last 500 years and why we dismiss it only at our peril *Splitting the Day of the Lord* Wayne Brouwer,2018-10-24 As ancient Israel s size and influence declined her prophets began to increasingly predict a new act from God that would accomplish three things on a global scale 1 a purifying judgment that would reset the scales of justice and remove the degrading effects of evil 2 the carving out of a remnant community deeply devoted to Yahweh expanding to include international participation and 3 the ushering in of a messianic age in which goodness harmony and righteousness would pervade every dimension of life on earth Jesus disciples connected the prophetic Day of the Lord with his coming and redemptive work Yet many questioned whether the full impact was made manifest in Jesus since wars did not cease broad judgment on sin and evil was not unleashed and the full blessings of the predicted messianic age were not evident Jesus did something that no one had anticipated however by splitting the Day of the Lord into two divine acts instead of one This is what distinguishes Christianity from its Jewish roots as well as its Islamic successor neither of which acknowledge this unique aspect of Jesus person and

work or the reworking of how and when the Day of the Lord would take place **God the Creator** Ben C.

Ollenburger, 2023-04-18 Christians today are focused on two important creation topics how the world came to be and how we should care for it A highly respected Old Testament theologian recommends that before discussing these questions we focus on God the Creator and God's ongoing work in creation We should explore what the Bible tells us and let the text set the agenda for our reflections Combining his storytelling gift with rigorous biblical exegesis and deep reflection Ben Ollenburger describes the action of God the Creator as presented throughout the Old Testament He shows how creation is about more than origins It is about God acting against the hostile forces of chaos that can be historical political and military About how God created a well ordered world and how human transgression ruptures God's relationship with humans and threatens creation About how God responds as Creator to those threats by disturbing and reordering the disorder bringing about what God intended a world ordered in the social political and natural realms that is characterized by the justice righteousness and peace required for human flourishing
