J. B. Hughes, J. van Velsen, 2017-02-03 Routledge is proud to be re issuing this landmark series in association with the International African Institute The series published between 1950 and 1977 brings together a wealth of previously un co ordinated material on the ethnic groupings and social conditions of African peoples Concise critical and for its time accurate the Ethnographic Survey contains sections as follows Physical Environment Linguistic Data Demography History Traditions of Origin Nomenclature Grouping Cultural Features Religion Witchcraft Birth Initiation Burial Social Political Organization Kinship Marriage Inheritance Slavery Land Tenure Warfare Justice Economy Trade Domestic Architecture Each of the 50 volumes will be available to buy individually and these are organized into regional sub groups East Central Africa North Eastern Africa Southern Africa West Central Africa Western Africa and Central Africa Belgian Congo The volumes are supplemented with maps available to view on routledge com or available as a pdf from the publishers      **Pan-African Chronology II** Everett Jenkins, Jr., 2011-02-28 This continuation volume of the Pan African Chronology set covers the most significant events in the African diaspora from the end of the American Civil War through the pre World War I years This was a time of great change for black Americans Reconstruction the founding of the NAACP the formation of the separate but equal doctrine and the migration of blacks from the rural South to Northern cities The eradication of slavery as a legalized institution was finally realized in the Americas while the struggle to end it in Asia was also taking place European colonialism in Africa was accelerated ironically coinciding with humanitarian efforts to end the slave trade on the African continent These events and many others are covered here      The Idea of Matabeleland in Digital Spaces Khanyile Mlotshwa, Mphathisi Ndlovu, 2022-06-01 The Idea of Matabeleland in Digital Spaces Genealogies Discourses and Epistemic Struggles establishes a debate and dialogue between critical and post de colonial approaches in the study of subalternity in online media representations Editors Khanyile Mlotshwa and Mphathisi Ndlovu curate chapters that deal specifically with the intersectional subalternity of Matabeleland a political and geographical region in the Southwest part of Zimbabwe comprising of three provinces Matabeleland South Matabeleland North and Bulawayo metropolitan province The subalternity of this region emerges in politics and popular culture including media as intersectional in terms of ethnicity region gender class and beyond This book argues that in online spaces the liberatory politics of Matabeleland emerges as

*The History of Africa* Molefi Kete Asante, 2014-10-10 There is a paradox about Africa it remains a subject that attracts considerable attention yet rarely is there a full appreciation of its complexity African historiography has typically consisted of writing Africa for Europe instead of

writing Africa for itself as itself from its own perspectives The History of Africa redresses this by letting the perspectives of Africans themselves take center stage Authoritative and comprehensive this book provides a wide ranging history of Africa from earliest prehistory to the present day using the cultural social political and economic lenses of Africa as instruments to illuminate the ordinary lives of Africans The result is a fresh survey that includes a wealth of indigenous ideas African concepts and traditional outlooks that have escaped the writing of African history in the West The new edition includes information on the Arab Spring the rise of FrancAfrica the presence of the Chinese in Africa and the birth of South Sudan The chapters go up to the present day addressing US President Barack Obama s policies toward Africa A new companion website provides students and scholars of Africa with access to a wealth of supporting resources for each chapter including images video and audio clips and links to sites for further research This straightforward illustrated and factual text allows the reader to access the major developments personalities and events on the African continent This groundbreaking survey is an indispensable guide to African history

**Migration in Africa** Michiel de Haas,Ewout Frankema,2022-03-30 This book introduces readers to the age of intra African migration a period from the mid 19th century onward in which the center of gravity of African migration moved decisively inward Most books tend to zoom in on Africa s external migration during the earlier intercontinental slave trades and the more recent outmigration to the Global North but this book argues that migration within the continent has been far more central to the lives of Africans over the course of the last two centuries The book demonstrates that only by taking a broad historical and continent wide perspective can we understand the distinctions between the more immediate drivers of migration and deeper patterns of change over time During the 19th century Africa s external slave trades gradually declined whilst Africa s expanding commodity export sectors drew in domestic labor This led to an era of heightened mobility within the region marked by rapidly rising and vanishing migratory flows increasingly diversified landscapes of migration systems and profound long term shifts in the wider patterns of migration This era of inward focused mobility reduced with a resurgence of outmigration after 1960 when Africans became more deliberate in search of extra continental destinations with new diaspora communities emerging specifically in the Global North Broad ranging in its temporal spatial and thematic coverage this book provides students and researchers with the perfect

introduction to age of intra African migration **The Land Belongs to Us** Peter Delius,Peter Nicholas St. Martin Delius,1984-01-01 This book covers the decades spanning two fundamental refashionings of the relations of power in South Africa the upheavals of the difaqane in the 1820s and the aggressive British imperialism of the 1870s [A New Illustrated History of South Africa](#) Trehwella Cameron,1991

**Culture and Customs of Zimbabwe** Oyekan Owomoyela,2002-11-30 Zimbabwe formerly known as Rhodesia won its independence from Great Britain in 1980 yet continues to feel the impact of Western lifestyles and prejudices This rich accessible overview freshly examines Zimbabwe evoking the contemporary ways of life in a largely homogenous and agricultural country Students and general readers will discover an engaging narrative

that ranges from an explanation of the beer culture to a powerful discussion of marriage family and gender roles from the Zimbabwean perspective Owomoyela also authoritatively conveys the coexistence of traditional and Western forces today in such areas as religion and music A chronology and glossary accompany the text *Ethnic Groups of Africa and the Middle East* John A. Shoup, 2011-10-17 This encyclopedia is an essential guide to the different ethno linguistic groups in Africa and today's complicated Middle East region Ethnic Groups of Africa and the Middle East contains encyclopedic entries arranged alphabetically within ethno linguistic classifications Each entry has four main sections an introduction identifying the language group where they are found and their numbers a brief discussion of their origins and early history a section on cultural life that includes religion literature social organization and art and a final section on political organization and recent history The contents are appropriate for high school and undergraduate students as well as for experts who need a refresher on groups in Africa and the Middle East While certain ethnic groups have been combined into a single entry some such as the Tuareg who are a Berber people are described within their own entries because of their importance in history or cultural domination *Zimbabwe, a Country Study* United States. Department of the Army, 1983 *Encyclopedia of African Colonial Conflicts* Timothy J. Stapleton, 2016-11-07 Two volumes introduce the history of colonial wars in Africa and illustrate why African countries like the Democratic Republic of Congo Nigeria Somalia and Sudan continue to experience ethnic political and religious violence in the early 21st century This sweeping study examines the wars of colonial conquest fought in Africa during the 19th and early 20th centuries From Britain's efforts to wrest control of the Sudan from military leader Muhammad Ahmad al Mahdi to Italy's decisive defeat at the Battle of Adowa in Ethiopia to Leopold II's brutal reign over the Belgian Congo the work surveys the devastation reaped upon the continent by colonization and illustrates how its combative influence continues to resonate in Africa today Written by scholars in the fields of history and politics this complete reference includes entries on wars campaigns rebellions battles leaders and organizations The work delves into key historical periods including the Scramble for Africa ca 1880 to 1910 early European colonial wars in Africa such as the Dutch in the Cape and the Portuguese in Angola and Mozambique and African rebellions against the early colonial state in the 1890s and early 1900s Entries feature prominent events and personalities as well as lesser known occurrences and players *The Zimbabwe African People's Union, 1961-87* Eliakim M. Sibanda, 2005 This book is an exploration of the political history of insurgency in Southern Rhodesia During the early years of its struggle ZAPU employed non violent means to try and achieve its goal for majority rule and a non racial society Because of the belligerency of the White settler regime ZAPU added the armed resistance to its strategy and went on to build a formidable army Problems escalated and alliances were built and dissolved until tired of being hunted down and butchered the ZAPU leadership decided to merge its party with the ruling party in December 1987 **An Illustrated History of South Africa** Trewhella Cameron, S.
