*Aleksandr Zhitomirsky* Erika Wolf, 2016-01-01 The first comprehensive study in English of the Soviet propaganda artist Aleksandr Zhitomirsky who conceived and deployed his striking photomontages as a political weapon The leading Russian propaganda artist Aleksandr Zhitomirsky 1907-1993 made photomontages that were airdropped on German troops during World War II He later worked for Pravda and other leading publications satirizing American politics and finance from the Truman through the Reagan eras and educating his public about Egypt South Africa Vietnam and Nicaragua as well Zhitomirsky favored the grotesque and the eye catching His villainous menagerie included Reichsminister Joseph Goebbels as a distorted simian and an airborne scorpion outfitted with an Uncle Sam hat In this comprehensive image driven account of Zhitomirsky's long career Erika Wolf explores his connections to and long friendship with the German artist John Heartfield whose work inspired his own Wolf also examines more than 100 of Zhitomirsky's photomontages and translates excerpts from his one published book *The Art of Political Photomontage Advice for the Artist* 1983 In an era when satirical photomontage thrives on the Internet and propaganda has reasserted itself in America and Russia alike this study of a once prominent yet internationally undiscovered artist is more than timely **Monthly List of Russian Accessions**, 1952

The Routledge Handbook of Soviet and Russian Military Studies Alexander Hill, 2025-02-24 This handbook brings together historical and contemporary essays about Soviet and Russian military studies to offer a comprehensive volume on the topic Comprising essays written by acknowledged specialists the handbook examines the development of the Russian and Soviet armed forces from the Napoleonic Wars all the way through to the course and conduct of the Special Military Operation in Ukraine Divided into thematic and chronological sections the volume looks at wars fought by the Tsarist regime through to the First World War the Soviet Union's Great Patriotic War from 1941 to 1945 the Cold War including the Soviet war in Afghanistan and Russia's post Soviet wars and military development In addition the volume also includes a section that analyses a number of overarching themes including the development of Russian and Soviet airpower partisan warfare counterinsurgency and the role of women in Russian and Soviet armed forces The volume concludes with an essay looking at whether using the historical material and material on the conduct of the war in Ukraine we can reasonably talk of a Russian way of war This volume will be of considerable interest to students of the Soviet Union and Russia strategic studies and military history Monthly Index of Russian Accessions, 1960 **Monthly Index of Russian Accessions** Library of Congress. Processing Department, 1960 Central Asia in World War Two Vicky Davis, 2023-12-14 Central Asia has long been situated at the geographical crossroads of East and West once strategically located on the ancient Silk Road The envy of the expanding Russian empire it was colonized in the 19th century by Cossacks and traders from the north This book examines how Central Asia by then part of the Soviet Union experienced population displacements on an even greater scale during the Second World War Vicky Davis analyses how troops were sent westwards into action only for waves of civilians to

travel eastwards into the region evacuees refugees and even internal deportees sent into exile from their homelands in other parts of the vast Soviet Union Central Asia in World War Two is the first book to tackle the subject of minorities fighting for the Soviet Union under Stalin in the Second World War Based on meticulous archival research it considers the interactions of the individual citizen and the Soviet state weaving together the experiences of over three hundred ordinary men and women in Central Asia as they coped with their new roles on the front line or in the rear Suffering incredible economic and physical hardship racism and religious oppression these mainly Muslim citizens were subjected to a forced process of Sovietization under the influence of Stalin s ubiquitous propaganda machine Davis reveals how while conscripts were all too often slaughtered or scapegoated in their regiments the women and children left at home slaved in factories and communal farms to fuel the machinery of a war taking place thousands of kilometres away She convincingly argues that the impact of forced assimilation cultural indoctrination anti-Semitism and re-education on the region were as great as the daily fight for survival in wartime The legacy of the period is almost as complex with struggles over the ownership and revision of history continuing even today

**Hunger and War** Wendy Z. Goldman, Donald A. Filtzer, 2015-06-01 Drawing on recently released Soviet archival materials *Hunger and War* investigates state food supply policy and its impact on Soviet society during World War II It explores the role of the state in provisioning the urban population particularly workers with food feeding the Red Army the medicalization of hunger hunger in blockaded Leningrad and civilian mortality from hunger and malnutrition in other home front industrial regions New research reported here challenges and complicates many of the narratives and counter-narratives about the war The authors engage such difficult subjects as starvation mortality bitterness over privation and inequalities in provisioning and conflicts among state organizations At the same time they recognize the considerable role played by the Soviet state in organizing supplies of food to adequately support the military effort and defense production and in developing policies that promoted social stability amid upheaval The book makes a significant contribution to scholarship on the Soviet population s experience of World War II as well as to studies of war and famine

**Fortress Dark and Stern** Wendy Z. Goldman, Donald Filtzer, 2021-04-02 The first history of the Soviet home front experience during World War II and of the civilians who bore the burden of total war and played a critical role in the global victory over fascism After Hitler s invasion of the Soviet Union in 1941 German troops conquered the heartland of Soviet industry and agriculture and turned the occupied territories into mass killing fields The country s survival hung in the balance In *Fortress Dark and Stern* Wendy Z. Goldman and Donald Filtzer tell the epic tale of the Soviet home front during World War II Against the backdrop of the Red Army s early retreats and hard fought advances after Stalingrad they present the impact of total war behind the front lines in a chronicle of spirited defense efforts draconian state directives teeming black markets official corruption and selfless heroism In one of the greatest wartime feats in history Soviet workers rapidly evacuated factories food and people thousands of miles to the east After long and dangerous journeys in unheated boxcars they built a new industrial base beyond the reach

of German bombers As the Soviet state reached the height of its power imposing military discipline and sending millions of people to work thousands of miles from home ordinary people withstood starvation epidemics and horrific living conditions to supply the front and make the Allied victory possible This book examines the dark and painful war years from a new perspective telling the stories of evacuees refugees teenaged and women workers runaways from work prisoners and deportees Based on a vast trove of new archival materials Fortress Dark and Stern reveals a history of suffering sacrifice and ultimate triumph largely unknown to Western readers

**Russian Prose Writers After World War II** Christine Rydel,2005 Whether the writers in this period described the war the Great Terror the gulag experience exile repression or simply everyday life in the city or in the country they generally turned to a major theme of Russian literature since the Revolution the fate of the individual human being in a mass state In the literature often the state won due to its power at other times individuals triumphed because of their moral convictions The same can be said of these writers The National Union Catalogs, 1963- ,1964

**Class War or Race War** Tamás Kende,2023-12-01 Class War or Race War is more than an anti thesis of the master narrative regarding the Soviet state antisemitism Kende not only refutes the originally anti Communist myth of the systemic nature of state socialism but tries to re and deconstruct the origins of this myth With intensive use of historical documents memoirs and the related historiography the book attempts to make historical sense from the myth it intends to refute Kende goes beyond the contemporary perceptions of the Jewish question and antisemitism and with close reading of original documents reconstructs the real frontlines of the Soviet society of the 1940s which were not constructed along identity political lines The book reinvests the long forgotten understanding of social classes in an allegedly classless and monolithic society The spontaneous formations of the actual frontlines in the hinterland or on the actual fronts battlefields in the Red Army lacked the participants class consciousness thus its occurrences in the form of conflict producing historical records were recorded as acts of antisemitism As the book advocates Jews could have been found on both sides of the inner frontlines of Soviet society during and right after WWII An insightful read for scholars of Soviet history that presents a bold and challenging interpretation of the regime and its flaws both perceived and real The British Library General Catalogue of Printed Books 1976 to 1982 British Library,1983
