Global Dictionary of Theology William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli-Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors

representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context

The Gnostic Bible Willis Barnstone, Marvin W. Meyer, 2006 The most comprehensive collection of gnostic literature ever published this volume is the result of a unique collaboration between a renowned poet translator and a leading scholar of early Christian texts

What is Gnosticism? Karen L. King, 2003 A study of gnosticism examines the various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional ideas of heresy and orthodoxy that have previously influenced historians

Mary Magdalene's Dreaming Steven Strong, Evan Strong, 2008 In *Mary Magdalene's Dreaming* Steven Strong and Evan Strong continue their esoteric journey tracing the origins of religion that they began their first book *Constructing A New World Map* Strong and Strong examine the Gnostic Scriptures detailing the words and deeds of Mary and Jesus recently found at Nag Hammadi

Ascetics, Society, and the Desert James E. Goehring, 1999-05-01 Through rigorous examination of papyrological documentary sources archaeology and traditional literary sources James Goehring gradually forces a new direction in understanding the evolution of monasticism He ably transforms these sources into a clear narrative thereby infusing the history of Egyptian monasticism with renewed energy

Revival of the Gnostic Heresy J. Morris, 2008-11-24 In this rigorous and provocative study Joe E Morris argues that the basic tenets and practices of Fundamentalism are those of ancient Christian Gnosticism Drawing on extensive research and careful analysis Morris aligns the two religious phenomena point by point tenet by tenet Along the way he provides insights into the key hermeneutic of Fundamentalism inerrancy of Scripture highlighting the multiple problems with the positions of literal and inerrant interpretation their impracticality and unfeasibility and their contradiction with their own conservative doctrine namely the Incarnation of Jesus Christ This groundbreaking book dramatically recasts our

understanding of the history of Christianity and gives important context to modern day religious debates **Prepared to Answer** Rob van de Weghe,2008 The Oxford Encyclopedia of the Books of the Bible Michael D. Coogan,2011-12-08 This is the first in this series of specialised reference works each addressing a specific subfield within biblical studies Books of the Bible is in depth with articles on all of the canonical books major apocryphal books of the New and Old Testaments important noncanonical texts and some thematic essays **The Doctrine of Deification in the Greek Patristic Tradition** Norman Russell,2004 Deification was not only a pagan concept but a metaphor for a deeply Christian view of the purpose of human life This title brings together much recent research on the Church Fathers from the second to the seventh centuries offering an analysis of their spiritual teaching and setting it within the context of the times Different Visions of Love Brian Griffith,2008 Griffiths narrative moves like a searchlight over each phase of church history illuminating the visions options and choices behind events He traces the rise of a dominator version of Christianity in which the primary concern was a chain of command to be followed with rewards or punishments according to the degree of obedience And beside this he illuminates another face of Christianity concerned with healing all divisions between loved and unloved people The story Griffith presents is often deeply disturbing as in his unstinting accounts concerning the gospel for women or the age of holy wars and witch hunts But ultimately his story offers solid grounds for optimism He shows that all contention between different religious visions can be a process of building partnership As Griffith points out Jesus himself wished to debate his opponents openly not to silence or eliminate them He was not afraid of real encounter or the potential of creative conflict I want to congratulate Brian Griffith on this masterful controversial and highly readable account His book offers hope in a divided world where reaction against globalized godless corporate secularism meets with a war on religious fundamentalism I hope to see other writers do comparable work in highlighting the partnership and dominator visions within their religious traditions around the world Riane Eisler author of The Chalice the Blade Sacred Pleasure Tomorrows Children The Power of Partnership The Real Wealth of Nations I find it gives me an incredibly clarifying perspective on Christianity way beyond my previous understanding It should be read by everyone with an interest in Western Civilization It is a marvelous companion to The Great Turning David Korten author of The Great Turning From Empire to Earth Community The Hidden Teachings of Jesus Lance deHaven-Smith,2001-10-15 The author of Conspiracy Theory in America presents a radical new view of the person of Jesus and the message of social reform underlying his teachings Based on the premise that Jesus could not speak his thoughts openly without running afoul of the authorities political philosopher Lance deHaven Smith demonstrates how Jesus sought to dismantle worldly systems of command and status and replace them with a society governed by a spirit of holiness The Hidden Teachings of Jesus also explores how Jesus prophecies are being fulfilled in the modern era Huge systems of power privilege and acquisition have arisen but so too has a global public opinion which bristles at oppression and demands love and respect for every living thing In this work Lance deHaven Smith points to a spirit of holiness emerging

worldwide to dismantle power and status in abusive families autocratic corporations tyrannical governments and many other areas of life This spirit he suggests can bring about the real kingdom of God the divine order Jesus urged his followers to establish here on earth *Kabbalah: Key to Your Inner Power* Elizabeth Clare Prophet, Patricia R.
