Nagarjuniana Studies In The Writings And Philosophy Of Nagarjuna:

Nagarjuniana Chr Lindtner,1982 *Nagarjuniana* Christian Lindtner,1987 **The Dialectical Method of Nāgārjuna** Nāgārjuna,1986 Lost in India this text was fortunately discovered by Rahula Sankrtyayana in a Tibetan monastery **Nāgārjuna and the Philosophy of Openness** Nancy McCagney,1997 In this innovative study of the philosopher Nagarjuna Nancy McCagney demonstrates that the concept of space akasa in early Indian Mahayana Buddhism is the root metaphor for Nagarjuna s understanding of sunyata or openness Nagarjuna s use of the term sunyata was new and contrasted with the word s use in Pali Buddhist literature By using the word to mean openness Nagarjuna was able to elucidate through a deeper analysis of impermanence a consistent philosophical foundation for the truth and efficacy of Gautama s Middle Way McCagney s book will be important for those studying Indian philosophy Buddhism and the philosophy of religion **Buddhist Thought and Applied Psychological Research** D.K. Nauriyal,Michael S. Drummond,Y.B. Lal,2006-08-21 Written by leading scholars and including a foreword by the Dalai Lama this book explores the interface between Buddhist studies and the uses of Buddhist principles and practices in psychotherapy and consciousness studies The contributors present a compelling collection of articles that illustrate the potential of Buddhist informed social sciences in contemporary society including new insights into the nature of human consciousness The book examines the origins and expressions of Buddhist thought and how it is now being utilized by psychologists and social scientists and also discusses the basic tenets of Buddhism and contemporary Buddhist based empirical research in the psychological sciences Further emphasis is placed on current trends in the areas of clinical and cognitive psychology and on the Mahayana Buddhist understanding of consciousness with reference to certain developments in consciousness studies and physics A welcome addition to the current literature the works in this remarkable volume ably demonstrate how Buddhist principles can be used to develop a deeper understanding of the human condition and behaviours that lead to a balanced and fulfilling life

Nagarjuna's Precious Garland Sara McClintock,2024-03-05 Discover the eloquence and insight of the philosopher Nagarjuna held by tradition to be a second Buddha in this concise instruction for a king that is considered a masterpiece of Buddhist literature In this profound work of five hundred verses we encounter a presentation of Buddhism that integrates both the worldly and the transcendent The clear and sagacious advice laid out on every page serves as a road map to one s highest goal whether that goal is a better life here called the Dharma of ascendance or the ultimate one of spiritual freedom the Dharma of the highest good The verses written for an unnamed ruler touch on questions of statecraft but their broader themes speak to us today because they tackle the difficulty of integrating one s spiritual journey with the social and political demands of daily life Nagarjuna was an Indian Buddhist teacher probably of the second century CE who was renowned for his astute articulation of the philosophy of the Middle Way Madhyamaka His thoroughgoing critique of all forms of essentialism became a touchstone for Mahayana Buddhism in India Tibet and throughout East Asia and his importance for

the development of the Mahayana tradition can scarcely be exaggerated The translators here first rendered Nagarjuna's letter for the Dalai Lama's teachings on the work in Los Angeles in 1997 While that commemorative edition was translated from the Tibetan the present volume prioritizes the surviving Sanskrit verses along with the only known Indian commentary by the eleventh century scholar Ajitamitra This is the first complete translation in English of the Precious Garland that takes the Indian text and commentary as its primary authorities In addition the translators provide rigorous working editions of the Sanskrit and Tibetan verses they translate This elegant and precise rendering of Nagarjuna's work is certain to become the touchstone translation of this celebrated Buddhist text Madhyamaka and Yogacara Jay L. Garfield, Jan Westerhoff, 2015 Madhyamaka and Yogacara are the two principal schools of Mahayana Buddhist philosophy While Madhyamaka asserts the ultimate emptiness and conventional reality of all phenomena Yogacara is usually considered to be idealistic This collection of essays addresses the degree to which these philosophical approaches are consistent or complementary Indian and Tibetan doxographies often take these two schools to be philosophical rivals They are grounded in distinct bodies of sutra literature and adopt what appear to be very different positions regarding the analysis of emptiness and the status of mind Madhyamaka Yogacara polemics abound in Indian Buddhist literature and Tibetan doxographies regard them as distinct systems Nonetheless scholars have tried to synthesize the two positions for centuries This volume offers new essays by prominent experts on both these traditions who address the question of the degree to which these philosophical approaches should be seen as rivals or as allies In answering the question of whether Madhyamaka and Yogacara can be considered compatible contributors engage with a broad range of canonical literature and relate the texts to contemporary philosophical problems

Buddhist-Based Universities in the United States Tanya Storch, 2015-05-05 Buddhist Based Universities in the United States Searching for a New Model in Higher Education investigates in depth four American Buddhist universities namely the Dharma Realm Buddhist University the University of the West the Soka University of America and the Naropa University all of which offer degrees in liberal arts and professional fields and at the same time educate their students in the philosophy and practices of Buddhism Buddhist universities in the United States are unique because there are no comparable universities based on the philosophy and practices of other Asian religions also popular in the United States such as Hinduism Confucianism or Sikhism Even the Jewish community has created only two universities in which professional skills and liberal arts are taught from the position of the moral philosophical principles of Judaism This book presents the institutional history and academic programs of four Buddhist universities in America and analyzes Buddhist based pedagogical principles as well as teaching and learning techniques which can be very useful for other colleges and universities in the United States **A Direct Path to the Buddha Within** Klaus-Dieter Mathes, 2013-02-08 Maitreya's Ratnagotravibhaga also known as the Uttaratantra is the main Indian treatise on Buddha nature a concept that is heavily debated in Tibetan Buddhist philosophy In A Direct Path to the Buddha Within Klaus Dieter Mathes looks at a pivotal Tibetan

commentary on this text by Go Lotsawa Zhonu Pal best known as the author of the Blue Annals Go Lotsawa whose teachers spanned the spectrum of Tibetan schools developed a highly nuanced understanding of buddha nature tying it in with mainstream Mahayana thought while avoiding contested aspects of the so called empty of other zhentong approach In addition to translating key portions of Go Lotsawa s commentary Mathes provides an in depth historical context evaluating Go s position against those of other Kagyu Nyingma and Jonang masters and examining how Go Lotsawa s view affects his understanding of the buddha qualities the concept of emptiness and the practice of mahamudra *Mipham's Dialectics and the Debates on Emptiness* Karma-phun-tshogs,2005 This book explores a number of themes in connection with the concept of Emptiness a highly technical but very central notion in Indo Tibetan Buddhism It examines the critique by the leading Nyingma school philosopher Mipham 1846 1912 one of Tibet s brightest and most versatile minds formulated in his diverse writings The book focuses on related issues such as what is negated by the doctrine of Emptiness the nature of ultimate reality and the difference between extrinsic and intrinsic emptiness For the first time a major understanding of Emptiness variant to the Gelukpa interpretation that has become dominant in both Tibet and the West is revealed Book Jacket

Devoted to the Goddess Malcolm McLean,1998-02-13 The eighteenth century Bengali poet and religious adept Ramprasad was an important figure in the revival of the worship of the Goddess in Bengal at a time when the previously dominant Vaisnavism was beginning to sustain a decline in popularity In this book Malcolm McLean examines the evidence for the life of Ramprasad and finding little in the historical record deconstructs the important early biographics which contain material that is largely legendary in nature A founder figure emerges whose life modeled on that of the earlier saint Caitanya became a rallying point for his followers An analysis of the approximately 350 songs of this Ramprasad are analyzed and show how he skillfully combined three important elements of the Hindu tradition into a consistent whole the classical Puranic Goddess tradition especially as it is found in the Devi Mahatmya the indigenous tradition of Bengali fold Goddesses still enormously popular and the previously underground esoteric Tantric tradition This was a powerful and popular mix which allowed a very Tantric Goddess tradition to flourish for the next two hundred years The book makes a strong case for seeing Ramprasad as basically a Tantrika and argues that the kind of devotion advocated in the songs is a Tantric devotion of a kind quite different from the current Vaisnavite devotion The book also looks at how these poems songs many of which are translated here might be read today The author argues that many have a contemporary relevance which might appeal to many Western readers as they do to Bengalis even today *Nagarjuna's Madhyamaka* Jan Westerhoff,2009-02-23 The Indian philosopher Acharya Nagarjuna c 150 250 CE was the founder of the Madhyamaka Middle Path school of Mahayana Buddhism and arguably the most influential Buddhist thinker after Buddha himself Indeed in the Tibetan and East Asian traditions Nagarjuna is often referred to as the second Buddha His primary contribution to Buddhist thought lies in the further development of the concept of sunyata or emptiness For Nagarjuna all phenomena are without any svabhava literally

own nature or self nature and thus without any underlying essence In this book Jan Westerhoff offers a systematic account of Nagarjuna's philosophical position He reads Nagarjuna in his own philosophical context but he does not hesitate to show that the issues of Indian and Tibetan Buddhist philosophy have at least family resemblances to issues in European philosophy

Entering the Way of the Great Vehicle Rongzom Chokyi Zangpo, 2017-01-17 The first English translation of a classic treatise on how the Tibetan practice of Dzogchen or Great Perfection is in fact the culmination of the path of Mahayana Buddhism Rongzom Chokyi Zangpo wrote this treatise in the eleventh century during the renaissance of Buddhism in Tibet that was spurred by the influx of new translations of Indian Buddhist texts tantras and esoteric transmissions from India For political and religious reasons adherents of the new schools of Tibetan Buddhism fostered by these new translations cast the older tradition of lineages and transmissions as impure and decadent Rongzompa composed the work translated here in order to clearly and definitively articulate how Dzogchen was very much in line with the wide variety of sutric and tantric teachings espoused by all the Tibetan schools Using the kinds of philosophic and linguistic analyses favored by the new schools he demonstrates that the Great Perfection is indeed the culmination and maturation of the Mahayana the Great Vehicle The central topic of the work is the notion of illusory appearance for when one realizes deeply that all appearances are illusory one realizes also that all appearances are in that respect equal The realization of the equality of all phenomena is said to be the Great Perfection approach to the path which frees one from both grasping at and rejecting appearances However for those unable to remain effortlessly within the natural state in the final chapter Rongzompa also describes how paths with effort are included in the Great Perfection approach

The Heart Sutra Explained Donald S. Lopez, 1988-01-01 Renowned for its terse declaration of the perfection of wisdom the Heart Sutra is the most famous of Buddhist scriptures The author draws on previously unexamined commentaries preserved only in Tibetan to investigate the meanings derived from and invested into the sutra during the later period of Indian Buddhism The Heart Sutra Explained offers new insights on form is emptiness emptiness is form on the mantra gate gate paragate parasamgate bodhi svaha and on the synthesis of Madhyamika Yogacara and tantric thought that characterized the final period of Buddhism in India It also includes complete translations of two nineteenth century Tibetan commentaries demonstrating the selective appropriation of Indian sources

The Tibet Journal (Vol. XLVIII, No. 1, Spring/Summer 2023), 2023-01-01 **Stages of the Buddha's Teachings** Dolpa, Gampopa, Sakya Pandita, 2015-12-29 Stages of the Buddha's Teachings is an extraordinary and systematized representation of the complete path to enlightenment From the acclaimed Library of Tibetan Classics The stages of the teachings or tenrim genre of Tibetan spiritual writing expounds the Mahayana teachings as a graded series of topics from the practices required at the start of the bodhisattva's career to the final perfect awakening of buddhahood The three texts in the present volume all exerted seminal influence in the Tibetan Buddhist tradition The first text The Blue Compendium presents the instructions of the Kadam teacher Potowa 1031-1106 as recorded by his student Dölpa 1059-1131 This text is followed by

Gampopa's 1079-1153 revered Ornament of Precious Liberation which remains the most authoritative text on the path to enlightenment within the Kagy school. The final text is Clarifying the Sage's Intent, a masterwork by the preeminent sage of the Sakya tradition, Sakya Pandita 1182-1251. Four Illusions Candrakirti, 2003-02-27. This book provides the first English translation of Candrakirti's commentary ca. 6-7th century C.E. on four illusions that prevent us from becoming Buddhas. Lang's translation captures the clarity of Candrakirti's arguments and the lively humor of the stories and examples he uses. Lang's introduction explores the range of Candrakirti's interests in religion, philosophy, psychology, politics, and erotic poetry. The Golden Age of Indian Buddhist Philosophy Jan Westerhoff, 2018. Jan Westerhoff unfolds the story of one of the richest episodes in the history of Indian thought: the development of Buddhist philosophy during the first millennium C.E. He aims to offer the reader a systematic grasp of key Buddhist concepts such as non-self, suffering, reincarnation, karma, and nirvana. *Discipline* John Clifford Holt, John Holt, 1995-01-01. Discipline: The Canonical Buddhism of the Vinayapitaka is a penetrating analysis of a heretofore neglected yet centrally important portion of the Pali Canon. In identifying the pivotal role of discipline in the bhikkhu's quest for nibbana, Professor Holt finds that Vinaya rules represent a practical implementation of the Buddha's Dhamma. Specifically, adherence to this monastic code theoretically facilitates an overcoming of asavas (mental dispositions that foster attachment to the self) and thus perpetuates the process of samsaric kammic retribution. The formulation of Buddhist monastic law therefore need not be seen as the result of casuistry; rather, it is the consequence of a conscious attempt on the part of the early Buddhist tradition to identify behavioral expressions that at once generate and reflect a calmed, detached, and disciplined mental and spiritual state. The author has also examined the significance of the principal rituals of Buddhist monasticism as they are prescribed within the Vinaya text. He interprets these rites as cultic celebrations of discipline, which in turn legitimates the Sangha's claim to be the embodiment and reservoir of the Buddha's teachings. The claim supported the Sangha's role of occupying a mediating position between the spiritual needs of the laity and the authority and the spiritual exemplar of Buddhism, the Buddha. In short, Discipline, written from the perspective of the history of religious approach, contributed significantly to the increased understanding of the dynamics of the Buddhist religion in its formative stages. **Jñānagarbha on the Two Truths** Jñānagarbha, Malcolm David Eckel, 1992. Jñanagarbha on the Two Truths is a concise and lucid introduction to the issues and personalities that dominated Indian Madhyamaka thought on the eve of its introduction to Tibet. As an example of the influential but little-known Svatantrika branch of the Madhyamaka School, Jñanagarbha's work shows quite vividly how the commitment to reason in the search for ultimate truth shaped not only the dialogue between Madhyamaka thinkers and members of other Buddhist schools but also the evolution of the Madhyamaka tradition itself. David Eckel has translated Jñanagarbha's text in its entirety and provided an introduction that situates the text clearly in its historical and philosophical context. Extensive notes, a transliterated version of the Tibetan translation, and a reproduction of the original Tibetan block prints make this volume useful to scholars as well as to the
