*The Ecumenical Review* ,1983 **The Trinity and Ecumenical Church Thought** William C. Ingle-Gillis,2016-12-05

Some hundred years from inception the ecumenical movement is stagnating William C Ingle Gillis argues that the problem lies in modern ecumenism's treatment of denominational Churches as provisional entities requiring reunion to be more fully Christ's Body In a work unique both to ecumenical studies and to trinitarian theology the author redefines ecclesial life from the premise that God's essence is personhood in communion and that the ultimate calling of human persons is to share as fully in the divine life as Christ himself Concluding that the Churches are by the Spirit's action a tangible dynamic event wherein God makes visible his on going reconciliation of the world to himself Ingle Gillis argues that the Churches true life lies in coming together rather than being together This conclusion places ecumenism at the heart of Church life and witness

**1993-1994** Brian Hunter,2021-06-21 No detailed description available for 1993 1994 **Formation for**

**Transformation** Bruce Myers,2022-01-13 In the past century the ecumenical movement has made extraordinary efforts in healing the wounds of division in the body of Christ the church However in their formal preparation for ministry many clergy learn little or nothing about the achievements methods or implications of ecumenism This failure to adequately educate and inspire successive generations of Christian leaders about the quest for the church's visible unity risks not only an irretrievable loss of ecumenical memory but also a return to a time in which ignorance fear mistrust suspicion stereotypes caricatures recrimination anathematization even persecution characterized the relations between divided churches Drawing on decades of reflection on ecumenical reception and formation and using the Anglican Church of Canada as a model this book presents an approach to teaching the practical and theological aspects of ecumenism in a way that is both holistic and pragmatic and offers the potential to raise up a new generation of church leaders who are also agents of reconciliation and Christian unity **With Courage and Compassion** Aruna Gnanadason,2020-03-03 With Courage and Compassion

celebrates the contributions of women to nations societies churches and the ecumenical movement Through creative forms of resistance and daring theological exploration women have enriched and advanced theological discourse and called for transformations in within human relationships with one another and with the earth The World Council of Churches WCC has since its inception in 1948 responded to the call of women for recognition of their leadership and theological gifts with efforts at affirmation and inclusion However all is not well Structures and processes that permit many forms of exclusion and even violence against women in societies in the church and the ecumenical movement persist This book analyses what lies at the heart of the struggle women go through and why the vulnerability of women continues to be exploited It calls for a new

theological vision and political imagination to transform unjust attitudes and systems that still exist particularly in the ecumenical movement

**Progress in Unity?** Martien E. Brinkman, 1995 As an expert and lively tour guide Brinkman takes the reader through the breathtaking landscape of a half century of ecumenical dialogue The author makes an invaluable contribution by his deft selection of documents his thought provoking commentary on key issues and his keen discernment of the missionary challenge that faces the church of Christ as it travels on the road to greater visible unity the work is equally suitable for personal reading and for the college or seminary classroom A veritable feast for ecumenical and evangelical readers This work is a refreshing stimulus to reflection prayer and action for the unity and mission of the church in a troubled world George Vandervelde President of the North American Academy of Ecumenists Professor of Systematic Theology Institute for Christian Studies Toronto Canada One thing becomes clear from Martien Brinkman's book those who claim that the ecumenical movement went into a deadlock have not studied its results Most people suffer from a lack of memory when it comes to the history of ecumenical theology during the past 70 years This book provides medicine for ecumenical amnesia It deals especially with the Faith and Order Movement and Commission within the World Council of Churches There flows from Brinkman's book a whole new stream of an ecumenical theological tradition which is scarcely known even to academic theologians This tradition treats of such matters as Scripture and Tradition Faith and Sacraments Church World and Kingdom of God This book provides an excellent overview and in depth evaluation of the major currents in this developing ecumenical tradition It will certainly promote its reception in the churches and its study in the academy At the same time however it keeps an eye open for the difficulties and tensions of the dialogue between ecumenical and evangelical Christians and between the theological methods of the North and the South It will be difficult to find any more reliable study guide to the results of the multilateral ecumenical dialogues of the twentieth century Anton Houtepen Professor of Ecumenism University of Utrecht The Netherlands This book conceived as a study guide to the Faith and Order Movement does precisely what it sets out to do and does it well It brings the reader into close contact with the documents and studies published by this influential section of the World Council of Churches Such an inventory comes at the right time just as the Commission on Faith and Order takes stock after the World Conference of Santiago and under the guidance of a new director It is no secret that Faith and Order has been invited to reflect upon its future orientation The well documented and orderly survey which Prof Brinkman offers us here will certainly be of help in such a process Jos Vercruyssen S J Professor of Church History and Ecumenism Pontifical Gregorian University Rome

**Women and Spirituality** Ursula King, 1993-07-21 Taking a critical look at feminism and exploring its explicit and implicit spiritual dimensions this revised and updated new edition of Women and Spirituality engages in a reflective dialogue with contemporary women's voices It asks to what extent patriarchal oppression and androcentric thinking are inherent not only in Christianity but in all religious beliefs practices and institutions This is the only book which provides a comprehensive survey of current discussions in feminist theology and
