Bodies as Sites of Cultural Reflection in Early Childhood Education Rachael S. Burke, Judith Duncan, 2014-10-30 Taking the body as a locus for discussion Rachael S Burke and Judith Duncan argue not only that implicit cultural practices shape most of the interactions taking place in early childhood curricula and pedagogy but that many of these practices often go unnoticed or unrecognized as being pedagogy Current scholars inspired by Foucault acknowledge that the body is socially and culturally produced and historically situated it is simultaneously a part of nature and society as well as a representation of the way that nature and society can be conceived Every natural symbol originating from the body contains and conveys a social meaning and every culture selects its own meaning from the myriad of potential body symbolisms Bodies as Sites of Cultural Reflection in Early Childhood Education uses empirical examples from qualitative fieldwork conducted in New Zealand and Japan to explore these theories and discuss the ways in which children's bodies represent a central focus in teachers pedagogical discussions and create contexts for the embodiment of children's experiences in the early years *The Fear of Child Sexuality* Steven Angelides, 2019-08-28 Continued public outcries over such issues as young models in sexually suggestive ads and intimate relationships between teachers and students speak to one of the most controversial fears of our

time the entanglement of children and sexuality In this book Steven Angelides confronts that fear exploring how emotional vocabularies of anxiety shame and even contempt not only dominate discussions of youth sexuality but also allow adults to avoid acknowledging the sexual agency of young people Introducing case studies and trends from Australia the United Kingdom and North America he challenges assumptions on a variety of topics including sex education age of consent laws and sexting Angelides contends that an unwillingness to recognize children s sexual agency results not in the protection of young people but in their marginalization

The Early Reader in Children's Literature and Culture Jennifer Miskec,Annette Wannamaker,2015-12-22

This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children s literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass

produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe

The Abuse of Innocence Paul Eberle, 2010-01-28 On August 12 1983 Judy Johnson called the police and told them her two year old son had been sexually abused at Virginia McMartin s Preschool in Manhattan Beach California Mrs Johnson accused a teacher Raymond Buckey After searching the school and the homes of the owners and teachers police distributed a letter to parents of children attending the McMartin Preschool urging them to ask their children if they had witnessed any acts of sexual molestation by Buckey The result was mass hysteria Although the children denied being molested or witnessing any molestations the D A s office began sending them to a private clinic to be interviewed by evaluators and examined by pediatricians Parents were

then informed that every child who had attended the McMartin Preschool had been sexually abused which led to charges being filed against Virginia McMartin Peggy McMartin Buckey Raymond and Peggy Ann Buckey and three other teachers at the school During the hearings children described how teachers had raped them forced them to engage in satanic rituals and slaughtered animals before their eyes The ensuing trial triggered a nationwide epidemic of child sexual abuse cases with allegations of infants being raped by devil worshippers and of blood sacrifices The McMartin trial itself clogged the courts for over seven years and cost taxpayers over sixteen million dollars None of the allegations were true Investigative journalists Paul and Shirley Eberle witnessed the McMartin Trial and uncovered stunning amounts of prosecutorial misconduct all revealed in this disturbing book The Battered Child Mary Edna Helfer, Ruth S.
