**Naked Presidents** James Silver,2000-08-17 What if the political destinies of John Kennedy and Bill Clinton were reversed What if Kennedy was the President who was impeached because of a sex scandal and what if Clinton was the one struck down after only a thousand days in the White House In this quirky yet fascinating book James Silver turns History inside out to show what might have happened More than a work of fiction Naked Presidents is a philosophical novel which explodes conventional wisdom and destroys some of our most cherished myths The shocking surprise ending will leave the reader wondering just what is reality and what is fantasy after all     The Presidents We Imagine Jeff Smith,2009-03-19 In The Presidents We Imagine Jeff Smith examines the presidency s ever changing place in the American imagination Ranging across different media and analyzing works of many kinds some familiar and some never before studied he explores the evolution of presidential fictions their central themes the impact on them of new and emerging media and their largely unexamined role in the nation s real politics     Alternate History Kathleen Singles,2013-10-14 While strictly speaking Alternate Histories are not Future Narratives their analysis can shed a clear light on why Future Narratives are so different from past narratives Trying to have it both ways most Alternate Histories subscribe to a conflicting set of beliefs concerning determinism and freedom of choice contingency and necessity For the very first time Alternate Histories are here discussed against the backdrop of their Other Future Narratives The volume contains in depth analyses of the classics of the genre such as Philip K Dick s The Man in the High Castle and Philip Roth s The Plot against America as well as less widely discussed manifestations of the genre such as Dieter K hn s N Christian Kracht s Ich werde hier sein im Sonnenschein und im Schatten and Quentin Tarantino s film Inglourious Basterds     *Focus On: 100 Most Popular American Autobiographers* Wikipedia contributors,     The Hybrid Island Neluka Silva,2002-11 This tribute to the mixed hybrid and multicultural nature of Sri Lanka s society composed of Sunhala Tamil Muslims and Burghers challenges assumptions of ethnic purity     **The Whites Want Every Thing** Will Bagley,2019-10-17 American Indians have been at the center of Mormon doctrine from its very beginnings recast as among the Children of Israel and thereby destined to play a central role in the earthly triumph of the new faith The settling of the Mormons among the Indians of what became Utah Territory presented a different story a story that as told by the settlers robbed the Native people of their voices along with their homelands The Whites Want Everything restores those Native voices to the history of colonization of the American Southwest Collecting a wealth of documents from varied and often suppressed sources this volume allows both Indians and Latter day Saints to tell their stories as they struggled to determine who would control the land and resources of North America s Great Basin Journals letters reports and recollections many from firsthand participants reveal the complexities of cooperation and conflict between Native Americans and Mormon Anglo Americans The documents offer extraordinarily wide ranging and detailed perspectives on the fight to survive in one of Earth s most challenging environments Editor Will Bagley a scholar of Mormon history and

the American West provides cultural historical and environmental context for the documents which include the Indians own eloquent voices as preserved in the region s remarkable archives In all these accounts we see how some of western North America s most colorful historical characters recorded their adventures and regarded their painful stories and how in doing so they bring light to a dark chapter in American history Ranging from initial encounters through the 1850 1872 war against Native tribes to recitations of Mormon millennial dreams continued long after Brigham Young s death in 1877 this is history as it happened not as some might wish it had at long last returning the original owners of today s Utah Nevada and Colorado to their rightful place in history     The Cambridge Introduction to Contemporary American Fiction Stacey Olster,2017-06-09

The Cambridge Introduction to Contemporary American Fiction explores fiction written over the last thirty years in the context of the profound political historical and cultural changes that have distinguished the contemporary period Focusing on both established and emerging writers and with chapters devoted to the American historical novel regional realism the American political novel the end of the Cold War and globalization 9 11 borderlands and border identities race and the legacy of postmodern aesthetics this Introduction locates contemporary American fiction at the intersection of a specific time and long standing traditions In the process it investigates the entire concept of what constitutes an American author while exploring the vexed yet resilient nature of what the concept of home has come to signify in so much writing today This wide ranging study will be invaluable to students instructors and general readers alike     *Shift Linguals* Edward S.

Robinson,2011 *Shift Linguals* traces a history of the cut up method the experimental writing practice discovered by Brion Gysin and made famous by Beat author William S Burroughs From the groundbreaking works of Dada and Surrealism that paved the way for Burroughs breakthrough through the countercultural explosion of the 1960s *Shift Linguals* explores the evolution of the cut ups within the theoretical frameworks of postmodernism and the avant garde to arrive at the present and the digital age Some 50 years on from the first discovery of the cut ups in 1959 it is only now that we are truly able to observe the method s impact not only on literature but on music and culture in a broader sense The result of over nine years of research this study represents the first sustained and detailed analysis of the cut ups as a narrative form With explorations of the works of Burroughs Gysin Kathy Acker and John Giorno it also contains the first critical writing on the works of Claude P lieu and Carl Weissner in English as well as the first in depth discussion of the writing of Stewart Home to date     **Thirty**
