Names Become Islands:

The Oxford Handbook of Names and Naming Carole Hough, 2016-05-03 In this handbook scholars from around the world offer an up to date account of the state of the art in different areas of onomastics in a format that is both useful to specialists in related fields and accessible to the general reader Since Ancient Greece names have been regarded as central to the study of language and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought The investigation of name origins is more recent as is the study of names in literature Relatively new is the study of names in society which draws on techniques from sociolinguistics and has gradually been gathering momentum over the last few decades The structure of this volume reflects the emergence of the main branches of name studies in roughly chronological order The first Part focuses on name theory and outlines key issues about the role of names in language focusing on grammar meaning and discourse Parts II and III deal with the study of place names and personal names respectively while Part IV outlines contrasting approaches to the study of names in literature with case studies from different languages and time periods Part V explores the field of socio onomastics with chapters relating to the names of people places and commercial products Part VI then examines the interdisciplinary nature of name studies before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals and explains the naming strategies adopted for them

FOCUSING ON THE DIAOYU ISLANDS Junmin Wang, 2022-04-14 This book mainly demonstrates the sovereignty over the Diaoyu Islands illustrates the significance approach and means of peaceful settlement of the Diaoyu Islands dispute and clarifies China's principal stand on the Diaoyu Islands issue According to mode of territorial acquisition the critical date and the inter temporal theory in international law the Diaoyu Islands had been China's territory rather than terra nullius or a part of Ryukyu before 1895 Therefore Japan could not acquire the Diaoyu Islands by occupation Instead Japan acquired the Diaoyu Islands by cession during the Sino Japanese War in 1895 In light of the situation and inter temporal law of the critical date China resumed her sovereignty over the Diaoyu Islands after WWII China beyond any doubt enjoys the sovereignty over the Diaoyu Islands China upholds the principle of peaceful settlement of the Diaoyu Islands dispute and strongly opposes settling the dispute by means of violence Studies show that the settlement of the Diaoyu Islands dispute can be analyzed and studied in reference to the operational mode of the International Court of Justice and China and Japan should take the Franco German reconciliation model to resolve the Diaoyu Islands dispute politically
