Tom Wesselmann and show how conventional understandings of Mondrian's avant garde abstractions were transformed by the mass circulation of his signature style Beyond its attention to 1960s fashion Pop art and consumer culture Mondrian's Dress offers critical assessments of Saint Laurent's so called dialogue with art the remarkable art collection that he built with his partner Pierre Berge and the crucial role that photography plays in the marketing of couture The first book length study of its kind Mondrian's Dress is a provocative reevaluation of how art commerce and fashion became fundamentally intertwined in the postwar period **The English Flower Garden and Home Grounds** William Robinson,1921
