Nancy Ridley's Love Affair With History:

Nancy Ridley's Love Affair with History Nancy Ridley, 1982-01-01 **The Bookseller** ,1982 **The Eighteenth Century** ,1974 **Books Out-of-print** ,1986 Whitaker's Cumulative Book List ,1982 **Choice** ,1988 The Culture and Philosophy of Ridley Scott Adam Barkman, Ashley Barkman, Nancy Kang, 2013-03-08

The Culture and Philosophy of Ridley Scott edited by Adam Barkman Ashley Barkman and Nancy Kang brings together eighteen critical essays that illuminate a nearly comprehensive selection of the director's feature films from cutting edge multidisciplinary and comparative perspectives. Chapters examine such signature works as *Alien* 1979 *Blade Runner* 1982 *Thelma and Louise* 1991 *Gladiator* 2000 *Hannibal* 2001 *Black Hawk Down* 2001 and *American Gangster* 2007. This volume divides the chapters into three major thematic groups: responsibility, remembering and revision; real, alienated and ideal lives; and gender identity and selfhood. Each section features six discrete essays, each of which forwards an original thesis about the film or films chosen for analysis. Each chapter features close readings of scenes as well as broader discussions that will interest academics, non-specialists as well as educated readers with an interest in films as visual texts. While recognizing Scott's undeniable contributions to contemporary popular cinema, the volume does not shy away from honest and well-evidenced critique. Each chapter's approach correlates with philosophical, literary or cultural studies perspectives. Using both combined and single film discussions, the contributors examine such topics as gender roles and feminist theory, philosophical abstractions like ethics, honor and personal responsibility, historical memory and the challenges of accurately rendering historical events on screen, literary archetypes and generic conventions, race relations and the effect of class difference on character construction, how religion shapes personal and collective values, the role of a constantly changing technological universe and the schism between individual and group-based power structures. *The Culture and Philosophy of Ridley Scott* assembles the critical essays of scholars working in the fields of philosophy, literary studies and cultural studies. An international group, they are based in the United States, Canada, Argentina, Italy, Greece, Korea, the United Kingdom and New Zealand. The guiding assumption on the part of all the writers is that the filmmaker is the leading determiner of a motion picture's ethos, artistic vision and potential for audience engagement. While not discounting the production team, including screenwriters, actors and cinematographers, among others, auteur theory recognizes the seminal role of the director as the nucleus of the meaning-making process. With Scott an active and prolific presence in the entertainment industry today, the timeliness of this volume is optimal.

The History of British Film (Volume 7) Rachael Low, 2020-03-26. This set is one of the cornerstones of film scholarship and one of the most important works on twentieth-century British culture. Published between 1948 and 1985, the volumes document all aspects of film-making in Britain from its origins in 1896 to 1939. Rachael Low pioneered the interpretation of films in their context, arguing that to understand films it was necessary to establish their context. Her seven volumes are an object lesson in meticulous research, lucid analysis and accessible style and have become the benchmark in

film history *Life Stories* Maureen O'Connor, 2011-08-23 Memoirs autobiographies and diaries represent the most personal and most intimate of genres as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. The popularity of this body of literature has grown in recent years and it has also diversified in terms of the types of stories being told and persons telling them. In the past, readers' advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative organizing the literature according to popular genres, subgenres, and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads. *Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries* presents a unique overview of the genre that specifically addresses the needs of readers' advisors and others who work with readers in finding books. *Books in Print Supplement*, 1984 *The Middle Ages in Popular Imagination* Paul B. Sturtevant, 2018-02-28 It is often assumed that those outside of academia know very little about the Middle Ages. But the truth is not so simple. Non-specialists in fact learn a great deal from the myriad medievalisms, post-medieval imaginings of the medieval world that pervade our everyday culture. These like *Lord of the Rings* or *Game of Thrones* offer compelling if not necessarily accurate visions of the medieval world. And more, they have an impact on the popular imagination particularly since there are new medievalisms constantly being developed, synthesised, and remade. But what does the public really know? How do the conflicting medievalisms they consume contribute to their knowledge? And why is this important? In this book, the first evidence-based exploration of the wider public's understanding of the Middle Ages, Paul B. Sturtevant adapts sociological methods to answer these important questions. Based on extensive focus groups, the book details the ways both formal and informal that people learn about the medieval past and the many other ways that this informs and even distorts our present. In the process, Sturtevant also sheds light in more general terms onto the ways non-specialists learn about the past and why understanding this is so important. *The Middle Ages in Popular Imagination* will be of interest to anyone working on medieval studies, medievalism, memory studies, medieval film studies, informal learning, or public history. **British Book News** British Council, 1986 **A Special Relationship** John Dumbrell, 2017-09-16 In the comprehensively revised and updated new edition of this highly acclaimed text, John Dumbrell assesses how and why the Anglo-American special relationship found a new lease of life under Blair as Britain repeatedly chose the US in its evolving foreign policy orientation rather than Europe. **The Ridley Scott Encyclopedia** Laurence Raw, 2009-09-28 From his first feature film *The Duellists* to his international successes *Alien*, *Blade Runner*, *Thelma & Louise*, *Black Hawk Down*, *Gladiator*, and *American Gangster*, Ridley Scott has directed some of the most compelling films of the last 30 years. Apart from his work as a film director, Scott has engaged in a vast range of activities including that as a designer, producer, film mogul, and advertising executive. *The Ridley Scott Encyclopedia* is the first book that focuses on all

aspects of his work in a wide ranging career that spans nearly 50 years The entries in this encyclopedia focus on all aspects of his work and are divided into four categories The first focuses on Ridley Scott s work as a director encompassing his feature films from The Duellists to Body of Lies as well as his work in television including commercials The second category focuses on the people who have been involved in Scott s projects including actors directors producers designers writers and other creative personnel The third focuses on general thematic issues raised in Scott s work such as gender construction political issues and geographical locations Finally the encyclopedia incorporates entries on films by other directors who have influenced Scott s approach to his work as a director or producer Each entry is followed by a bibliography of published sources both in print and online making this the most comprehensive reference on Scott s body of work
