Napoleon III (Emperor of the French)

Napoleon III The French Second Empire:

Napoleon III and the Second Empire Roger D. Price, 2002-09-11 In *Napoleon III and the Second Empire* Roger D Price considers the mid century crisis which provided Louis Napoleon Bonaparte with the opportunity to gain elective office as President The author outlines the objectives of Napoleon III and provides A historiographical review of the ruler and his regime Details of changing historical attitudes to the period A survey of Napoleon III s economic social and political impact An outline of the man s reign and his achievements **Louis Napoleon and the Second Empire** J. M.

Thompson, 2017-07-11 An excellent one volume portrait of Napoleon III and the short lived second French Empire which was brought to ruins by the 1870 Franco Prussian war ONCE again J M Thompson has given us a colorful arresting and interpretative account of a period of French history this time of the Second Empire In this instance as in previous works the author makes the biography of a man Louis Napoleon the vehicle for a history of a period thereby infusing the warmth of a very human personality throughout the history of a complex and fateful era Thus we follow the life of a man who followed his star of fate from youthful refugee to insurrectionist prisoner president emperor economic reformer arbiter of a continent prisoner of war and alas to refugee again until death Nothing of the romance the contrasts the shaded significances is lost by the author s telling Those who have read his French Revolution and Napoleon Bonaparte cannot fail to discern and appreciate the same trenchant pen and deft brush which restore life and odor to a much told tale of the past While Mr Thompson does not attempt to conceal the faults and mistakes of the man in the main he joins with some current revisionists in understanding not justifying the crime of December 2nd and crediting Napoleon III with constructive policies at home and abroad and exonerating him of the major responsibility for the outbreak of the war of 1870 The author rightly blames Bismarck and French public opinion of all classes for pushing Louis Napoleon into the war p 272 rather than just a small war party and the empress Lynn M Case Napoleon III and the Second Empire Samuel M. Osgood, 1973 Louis Napol on Bonaparte 20 April 1808 9 January 1873 was the first President of the French Republic and as Napoleon III the ruler of the Second French Empire He was the nephew and heir of Napoleon I Elected President by popular vote in 1848 he initiated a coup d tat in 1851 before ascending the throne as Napoleon III on 2 December 1852 the forty eighth anniversary of Napoleon I s coronation He ruled as Emperor of the French until 4 September 1870 He holds the distinction of being both the first titular president and the last monarch of France Wikipedia **Napoleon III and the Second Empire** Roger Price, 1997

The French Second Empire Roger Price, 2001 This is the most thoroughly researched book on Napoleon III s Second Empire in any language It makes a vital contribution to the quarter century of French history following the 1848 revolution which saw major developments in the modernisation of the French state and in its relationships with its citizens **Louis Napoleon and the Genesis of the Second Empire** Frank Halliday Cheetham, 1909 *The History of Napoleon III, Emperor of the French* John Stevens Cabot Abbott, 1873 The Rise and Fall of the Second Empire, 1852-1871 Alain

Plessis,1985 The Second Empire lasted longer than any French regime since 1789 yet most historical accounts of the government of Napoleon III have been overshadowed by the knowledge of its disastrous and tragic end As Professor Plessis shows in this detailed thematic study such an approach ignores the major social economic and political developments of a period that witnessed the gradual acceptance of universal suffrage the establishment of large scale industrial capitalism a massive improvement in communications and the birth of impressionism in art **The Second Empire and Its Downfall**

Napoleon III (Emperor of the French),1970 *The Comedy and Tragedy of the Second Empire* Edward Legge,1911

Women of the Second Empire Frédéric Loliée,1907 *The Second Empire, 1852 to 1870* Philadelphia Museum of Art Staff,Detroit Institute of Arts, Grand Palais, Paris Sta,1978-01-01 *Napoleon III and the Second Empire* John Patrick Tuer Bury,1968 **The French Second Empire** Roger Price,2001-11-15 This book is about a major historical figure Napoleon III and a political regime It examines how Louis Napoleon Bonaparte nephew of the first Napoleon was able to secure election as President of the Republic and subsequently to launch a coup d'état to establish a Second Empire It then considers the ways in which power was exercised by the new imperial regime Later apparent stability led Napoleon III to engage in a difficult process of transition towards a more liberal regime but at the point of success the decision was taken to go to war against Prussia which resulted in a catastrophic defeat and the destruction of his regime This is a most thoroughly researched book on the Second Empire which makes a contribution to our knowledge of a vitally important period of French history following the 1848 revolution and the intense mid century crisis *The Second Empire, 1852-1870* ,1978 Presents the entire range of artistic production of the period architectural drawings decorative arts sculpture paintings drawings and photography Page 9

Napoleon III James F. Mcmillan,2014-06-06 In this assessment James McMillan moves away from ideologically based representations of the man to focus on his use of power He recognises the Emperor as a highly skilled operator who in the face of innumerable obstacles attempted to conduct an original policy **Democratic Despot** Thomas Anthony Buchanan Corley,1961 **The Politics of Imperial Memory in France, 1850-1900** Christina B. Carroll,2022-05-15 By highlighting the connections between domestic political struggles and overseas imperial structures *The Politics of Imperial Memory in France 1850 1900* explains how and why French Republicans embraced colonial conquest as a central part of their political platform Christina B Carroll explores the meaning and value of empire in late nineteenth century France arguing that ongoing disputes about the French state's political organization intersected with racialized beliefs about European superiority over colonial others in French imperial thought For much of this period French writers and politicians did not always differentiate between continental and colonial empire By employing a range of sources from newspapers and pamphlets to textbooks and novels Carroll demonstrates that the memory of older continental imperial models shaped French understandings of and justifications for their new colonial empire She shows that the slow identification of the two types of empire emerged due to a politicized campaign led by colonial advocates who sought to defend overseas expansion against

their opponents This new model of colonial empire was shaped by a complicated set of influences including political conflict the legacy of both Napoleons international competition racial science and French experiences in the colonies The Politics of Imperial Memory in France 1850 1900 skillfully weaves together knowledge from its wide ranging source base to articulate how the meaning and history of empire became deeply intertwined with the meaning and history of the French nation
