the highest elective office in his local community struggled as his wife Holly and their youngest daughter Miranda tried to make sense of their losses He never imagined the impact this disaster would have on them individually and as a family as well as the emotional toll he would pay and the journey to make sense of it all While natural disasters seem increasingly common deeply personal and redemptive accounts of them are less so Hail of Fire is an unflinching story of how a man and his tight knit family found grace after a wildfire took everything Fritz s hard won insights provide inspiration to anyone with a quest to figure out what truly matters particularly those who have undergone an unexpected and life changing event and those who love and care for them

Beyond Liberal Democracy in Schools Barbara J. Thayer-Bacon,2008 In this unique union of philosophy and ethnographic research Barbara Thayer Bacon explains how the individualist legacy of liberal democracy as conceived by Locke and Rosseau ignores and excludes the needs of American students raised in cultures with strong communal traditions Drawing upon her experience with the educational methods of other cultures as well as the work of modern educational philosophers such as Dewey Barber Young and Mouffe and Laclau Thayer Bacon shows us how our current vision of the democratic process as revealed in school practices routinely fails minority students She offers recommendations to help us develop learning environments for students that are culturally aware anti racist and relationally focused This radical reimagining of American schools will be beneficial to researchers and practitioners alike This book illustrates how current educational theories marginalize students belonging to a variety of minority populations Native American Mexican American African American offers a new theory of educational philosophy that values both individuals and communities and makes room for emotion and intuition as learning tools and envisions new ways of teaching based on the author s experiences studying and observing schools in other cultures
