Folks,Nancy Summers Folks,2021-10-21 Since the early 1970s southern fiction has been increasingly attentive to social issues including the continuing struggles for racial justice and gender equality the loss of a sense of social community and the decline of a coherent regional identity The essays in *The World Is Our Home* focus on writers who have explicitly addressed social and cultural issues in their fiction and drama including Dorothy Allison Horton Foote Ernest J Gaines Jill McCorkle Walker Percy Lee Smith William Styron Alice Walker and many others The contributors provide valuable insights into the transformation of southern culture over the past thirty years and probe the social and cultural divisions that persist The collection makes an important case for the centrality of social critique in contemporary southern fiction **Ellen Glasgow** Dorothy McInnis Scura,1995 Using a variety of critical approaches including semiotic intertextual and biographical these fifteen essays cover the full range of Glasgow s writings from well known novels such as *Virginia Barren Ground* and *The Sheltered Life* to less familiar works such as *The Battle Ground* *The Wheel of Life* the verse collected in *The Freeman and Other Poems* and the short stories **A Study Guide for Saul Bellow's Seize the Day** Gale, Cengage Learning,2015-09-24 A Study Guide for Saul Bellow s *Seize the Day* excerpted from Gale s acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs **Lawrence Durrell** Julius Rowan Raper,Melody L. Enscoe,Paige Matthey Bynum,1995 Lawrence Durrell excelled in a great variety of genres poetry drama travel books humorous writings translations critical essays philosophical essays character sketches and above all genre and culture transforming experimental novels In keeping with Durrell s multifaceted career and the centrality of his experiments the essays in this collection use a variety of literary approaches to the diversity of Durrell s contributions to literature illuminating four major dimensions of Durrell s writing *Lack of Character* John M. Doris,2002-08-15 This is a provocative contribution to contemporary ethical theory challenging foundational conceptions of character **Narcissus from Rubble** Julius Rowan

Raper, 1992-01-01 By the mid 1950s when Saul Bellow published *Seize the Day* French existentialism and the phenomenological view of humankind that underlies it had become popular enough in the United States and England for leading novelists to begin dealing critically with its fundamental assumptions Taking as its starting point the critique of existentialism's phenomenological background derived from Edmund Husserl and elaborated by Martin Heidegger and Jean Paul Sartre Julius Rowan Raper's *Narcissus from Rubble* delves into the intellectual assumptions that lie behind eleven of the most influential and challenging novels created by Bellow Thomas Pynchon John Fowles Jerzy Kosinski John Barth and Lawrence Durrell Raper sees the central conflict of twentieth century humanistic inquiry as the modern opposition between psychology and philosophy He dramatizes the competition in the novels between the phenomenological model of human behavior and a variety of models associated with psychoanalysis especially those created by Sigmund Freud Carl Jung and Heinz Kohut He argues that despite numerous efforts to fuse phenomenology and psychoanalysis the two conceptions of personality have been fundamentally opposed to each other since Husserl's original description of phenomenology The book underscores the irony that while much contemporary literary criticism continues to draw on a phenomenologically based view of character derived in part from the essays of Jacques Lacan our leading novelists for a quarter century have been warning us in major novels such as *Henderson the Rain King* *V* and *The Magus* of the rage compulsiveness emptiness pointlessness fragmentation and associated dangers to which taking a phenomenological stance may contribute Raper finds that all six novelists worked through the intellectual maze that Freud called narcissism as well as through the hazards of self transcendence to a new understanding of narcissism that is less judgmental and more perceptive than Freud's earlier formulation It is this struggle first to comprehend the dangers of the self transcending tendencies of our culture and then to become completely true to ourselves beyond the roles imposed on us by life that creates the drama Raper detects as the common component in the works studied in this book Raper's approach offers exciting insights into some fascinating and difficult literary texts By revealing the common concern on which they rest he provides the reader with an illuminating way to approach other contemporary works of literature
