Juan Goytisolo Alison Ribeiro de Menezes, 2005 This book assesses Goytisolo's contribution to cultural debates in Spain since the sixties and revises the prevailing critical interpretation of his fiction arguing that his works represent an ethical engagement with postmodernist theory rather than an illustration of it This monograph offers two new perspectives on Spanish writer Juan Goytisolo First under the themes of authorship and dissidence it integrates his writing across several genres providing a rounded assessment of his contribution to cultural debates in Spain since the sixties and arguing that resistance to repressive

discourses characterizes his essays and autobiographies as much as his fiction Second it revises the prevailing critical interpretation of Goytisolo's fiction by building on four premises that his novels are less clearly oppositional than prevailing interpretations imply that in order to engage with discourses of identity he employs an idiom which contrary to his own statements is not a poststructuralist autonomous world of words that a textual practice grounded in the recognizable experience of post Civil War Spain rather than one which seeks out the realm of pure textuality is essential to Goytisolo's subversive political intentions and that the autobiographical element of much of his work constitutes a more complex narrative aesthetic than has been appreciated The book argues that if Goytisolo's work is interpreted as an ethical engagement with postmodernist theory rather than as an illustration of it then certain contradictions for which he has been criticized are seen in a new and valuable light ALISON RIBEIRO DE MENEZES is a Senior Lecturer in Spanish at University College Dublin

tantas veces vivida Walter Garib, 2023-10-20 Una ucronía es un género literario que también podría denominarse novela histórica alternativa que se caracteriza porque la trama transcurre en un mundo desarrollado a partir de un punto en el pasado en el que algún acontecimiento sucedió de forma diferente a como ocurrió en realidad. En la novela *Una vida tantas veces vivida* Walter Garib utiliza un neologismo que une la palabra ucronía con novela creando la ucronovela. El relato desarrolla la historia de los dos últimos días del gobierno del presidente Salvador Allende a la vez que narra realidades alternativas ficticias en las cuales participan personajes creados a partir de la imaginación del autor.

El 68 en el cine mexicano Olga Rodríguez Cruz, 2022-03-15 Después de la conmemoración de los 30 años de este movimiento estudiantil el tema vuelve a retomar importancia en documentales e historias de ficción. Tenemos obras emblemáticas que muestran información relevante sobre los acontecimientos. En dos trabajos de Carlos Mendoza Tlatelolco las claves de la masacre y 1968 la conexión americana se muestran. Hipótesis sobre qué grupo comenzó la agresión el 2 de octubre así como las relaciones de la Agencia Central de Inteligencia CIA con el gobierno mexicano. Asimismo se recupera la memoria a partir del testimonio de los principales líderes del movimiento en el Memorial del 68 de Nicolás Echevarría. Lo mismo sucede con el trabajo de Carlos Bolado en 1968. Estos documentales son relevantes porque vinculan historia y memoria. Por su parte las películas de ficción nos muestran los acontecimientos desde varios ángulos como el del movimiento popular y el amor. Esto se refleja en *Borrar de la memoria* dirigida por Alfredo Gurrola y guion de Rafael Aviá con una idea más romántica. Carlos Bolado dirige *Tlatelolco verano del 68* en el que habla de la experiencia sexual que vivían los jóvenes en esa época. Finalmente el joven cineasta Jos Manuel Cravioto se interesa en Olimpia por mostrar no a los líderes sino a los estudiantes comunes que participaron en el movimiento, un tema no abordado en la cinematografía mexicana.

Bartolo se pinta solo Aurelia Gutiérrez, 2012 Durante el año 2010 la Biblioteca Nacional realizó un concurso de becas de investigación bajo el nombre Flora Tristán para proyectos orientados a analizar las representaciones de lo femenino. Uno de ellos presentado por María Gabriela Iñi exploró las representaciones del cuerpo femenino en dos tipos de textos: los escritos de Aurelia Gutiérrez y la prensa periódica durante la fiebre amarilla. Se trata de textos del desgarro escritos en una nación que se va constituyendo en la guerra de las fronteras y el impiadoso exterminio del indio y en una ciudad asediada por la peste. Iñi advierte que los periódicos van entremezclando registros de los dramas con humoradas acerca de la peste y con relatos sobre la conexión entre vida y muerte que no excluyen la sexualidad y el grotesco. El Carnaval aparece como la fiesta ineludible más allá de la trama de la tragedia y como ocasión para producir todo tipo de entrecruzamientos respecto de la vitalidad y su fin. La investigadora persigue esos anudamientos, se asombra, se detiene en ese doble rostro: carnaval y peste. Pero fundamentalmente busca la articulación entre los modos en que se construye la nación y las imágenes del cuerpo femenino, el vínculo entre un imaginario general y una idea de lo subalterno. El lector tiene en este libro los resultados de una investigación desplegada sobre materiales inéditos y desde una perspectiva original que podrá recorrer en su diferencia con los modos dominantes de la
