Richard F. Calichman

Narrating The Self Fictions Of Japanese Modernity:

Narrating the Self Tomi Suzuki, 1996 Narrating the Self examines the historical formation of modern Japanese literature through a fundamental reassessment of its most characteristic form the I novel an autobiographical narrative thought to recount the details of the writer's personal life thinly veiled as fiction Closely analysing a range of texts from the late nineteenth century through to the present day the author argues that the I novel is not a given form of text that can be objectively identified but a historically constructed reading mode and cultural paradigm that not only regulated the production and reception of literary texts but also defined cultural identity and national tradition Instead of emphasising as others have the thematic and formal elements of novels traditionally placed in this category she explores the historical formation of a field of discourse in which the I novel was retroactively created and defined The Subversive Self in Modern Chinese Literature C. Keaveney, 2004-07-15 An examination of whether Chinese writers of the Creation Society a Chinese literary coterie successfully appropriated shishosetsu a quintessentially Japanese form of autobiographical narrative into a form to be exploited for their own ends especially political ends **Nagai Kafū's Occidentalism** Rachael Hutchinson, 2011-11-01 Nagai Kaf 1879 1959 spent more time abroad than any other writer of his generation firing the Japanese imagination with his visions of America and France Applying the theoretical framework of Occidentalism to Japanese literature Rachael Hutchinson explores Kaf's construction of the Western Other an integral part of his critique of Meiji civilization Through contrast with the Western Other Kaf was able to solve the dilemma that so plagued Japanese intellectuals how to modernize and yet retain an authentic Japanese identity in the modern world Kaf's flexible positioning of imagined spaces like the West and the Orient ultimately led him to a definition of the Japanese Self Hutchinson analyzes the wide range of Kaf's work particularly those novels and stories reflecting Kaf's time in the West and the return to Japan most unknown to Western readers and a number unavailable in English along with his better known depictions of Edo's demimonde Kaf's place in Japan's intellectual history and his influence on other writers are also discussed The Awakening of Modern Japanese Fiction Michihiro Ama, 2021-02-01 The Awakening of Modern Japanese Fiction is the first book to treat the literary practices of certain major modern Japanese writers as Buddhist practices and to read their work as Buddhist literature Its distinctive contribution is its focus on modern literature and importantly modern Buddhism which Michihiro Ama presents both as existing in continuity with the historical Buddhist tradition and as having unique features of its own Ama corrects the dominant perception in which the Christian practice of confession has been accepted as the primary informing source of modern Japanese prose literature arguing instead that the practice has always been a part of Shin Buddhist culture Focusing on personal fiction this volume explores the works of literary figures and Buddhist priests who challenged by the modern development of Japan turned to Buddhism in a variety of ways and used literature as a vehicle for transforming their sense of selfhood Writers discussed include Natsume S seki Tayama Katai Shiga Naoya Kiyozawa Manshi

and Akegarasu Haya By bringing Buddhism out of the shadows of early twentieth century Japanese literature and elucidating its presence in both individual authors lives and the genre of autobiographical fiction *The Awakening of Modern Japanese Fiction* demonstrates a more nuanced understanding of the role of Buddhism in the development of Japanese modernity

Before Identity Richard F. Calichman, 2021-02-01 *Before Identity* represents the first attempt to provide a comprehensive examination of the methodological ground of Japan studies At its most basic level the field presupposes the immediate empirical existence of an entity known as the Japanese people or Japanese culture from which it then carves out its various objects of inquiry Richard F Calichman attempts to show that this presupposition is itself ineluctably bound up with modern forms of knowledge formation thereby enlarging the scope of what is meant by modernity In this way he aims to bring about a heightened level of theoretical critical vigilance in the field Calichman explores the methodological commitments implied or expressed in the work of a range of writers and scholars Murakami Haruki Komori Y ichi Harry Harootunian Tomi Suzuki Alan Tansman and Dennis Washburn and how such commitments have shaped and limited the field If theoretical issues in Japan studies are not subjected to this sort of in depth scrutiny Calichman argues then the field will continue to remain ghettoized relative to other disciplines in the humanities and social sciences which have typically been more receptive to conceptual discourse By showing that scholarly inquiry must begin not at the level of the object but rather at the more fundamental level of methodology Calichman aims to introduce a greater degree of theoretical rigor to the discipline of Japan studies as a whole

Literary History Anders Pettersson, Gunilla Lindberg-Wada, Margareta Petersson, Stefan Helgesson, 2006 *Literary History Towards a Global Perspective* is a research project funded by the Swedish Research Council Vetenskapsr det Initiated in 1996 and launched in 1999 it aims at finding suitable methods and approaches for studying and analysing literature globally emphasizing the comparative and intercultural aspect Even though we nowadays have fast and easy access to any kind of information on literature and literary history we encounter more than ever the difficulty of finding a credible overall perspective on world literary history Until today literary cultures and traditions have usually been studied separately each field using its own principles and methods Even the conceptual basis itself varies from section to section and the genre concepts employed are not mutually compatible As a consequence it is very difficult if not impossible for the interested layperson as well as for the professional student to gain a clear and fair perspective both on the literary traditions of other peoples and on one s own traditions The project can be considered as a contribution to gradually removing this problem and helping to gain a better understanding of literature and literary history by means of a concerted empirical research and deeper conceptual reflection The contributions to the four volumes are written in English by specialists from a large number of disciplines primarily from the fields of comparative literature Oriental studies and African studies in Sweden All of the literary texts discussed in the articles are in the original language Each one of the four volumes is devoted to a special research topic

of Modern Japanese Literature tells the story of Japanese literature from its start in the 1870s against the backdrop of a rapidly coalescing modern nation to the present John Whittier Treat takes up both canonical and forgotten works the non literary as well as the literary and pays special attention to the Japanese state s hand in shaping literature throughout the country s nineteenth century industrialization a half century of empire and war its post 1945 reconstruction and the challenges of the twenty first century to modern nationhood Beginning with journalistic accounts of female criminals in the aftermath of the Meiji civil war Treat moves on to explore how woman novelist Higuchi Ichiyo s stories engaged with modern liberal economics sex work and marriage credits Natsume Soseki s satire I Am a Cat with the triumph of print over orality in the early twentieth century and links narcissism in the visual arts with that of the Japanese I novel on the eve of the country s turn to militarism in the 1930s From imperialism to Americanization and the new media of television and manga from boogie woogie music to Yoshimoto Banana and Murakami Haruki Treat traces the stories Japanese audiences expected literature to tell and those they did not The book concludes with a classic of Japanese science fiction a description of present day crises writers face in a Japan hobbled by a changing economy and unprecedented natural and manmade catastrophes The Rise and Fall of Japanese Literature reinterprets the end of literature a phrase heard often in Japan as a clarion call to understand how literary culture worldwide now teeters on a historic precipice one at which Japan s writers may have arrived just a moment before the rest of us

Rhetoric in Modern Japan Massimiliano Tomasi, 2004-07-31 *Rhetoric in Modern Japan* is the first volume

to discuss the role of Western rhetoric in the creation of a modern Japanese oral and narrative style It considers the introduction of Western rhetoric clarifying its interactions with the forces and synergies that shaped Japanese literature and culture in the late nineteenth and early twentieth centuries Focusing on the Meiji and Taisho years 1868-1926 it challenges the prevailing view among contemporary scholars that rhetoric did not play a significant role in the literary developments of the period Massimiliano Tomasi chronicles the blooming of scholarship in the field in the early 1870s providing the first descriptive analysis and cogently articulated critique of the major rhetorical treatises of the time In discussing the rise of public speaking in early Meiji society he unveils the existence of crucial links between the study of rhetoric and the social and literary events of the time underscoring the key role played by oratory both as a tool for social modernization and as an effective platform for the reappraisal of the spoken language The collusion and conflicts characterizing rhetoric and its relationship with the genbun itchi movement which sought to unify spoken and written language are explored demonstrating that their perceived antagonism was the uh_product of a misguided notion of rhetoric and the process of rhetorical signification rather than a true theoretical conflict Tomasi makes a convincing argument that in fact Western rhetoric mediated between these equally compelling pursuits and paved the way toward an acceptable compromise between classical and colloquial written styles

Licentious Fictions Daniel Poch, 2019-12-24 Nineteenth century Japanese literary discourse and narrative developed a striking preoccupation with *ninj* literally human emotion but often used in reference to amorous feeling and erotic desire For many writers and critics fiction's capacity to foster both licentiousness and didactic values stood out as a crucial source of ambivalence Simultaneously capable of inspiring exemplary behavior and a dangerous force transgressing social norms *ninj* became a focal point for debates about the role of the novel and a key motor propelling narrative plots In *Licentious Fictions* Daniel Poch investigates the significance of *ninj* in defining the literary modernity of nineteenth century Japan He explores how cultural anxieties about the power of literature in mediating emotions and desire shaped Japanese narrative from the late Edo through the Meiji period Poch argues that the Meiji novel instead of superseding earlier discourses and narrative practices surrounding *ninj* complicated them by integrating them into new cultural and literary concepts He offers close readings of a broad array of late Edo and Meiji period narrative and critical sources examining how they shed light on the great intensification of the concern surrounding *ninj* In addition to proposing a new theoretical outlook on emotion *Licentious Fictions* challenges the divide between early modern and modern Japanese literary studies by conceptualizing the nineteenth century as a continuous literary historical space

Keigo in Modern Japan Patricia J. Wetzel,2004-01-31 Patricia Wetzel offers in this volume a comprehensive examination of a frequently discussed yet much misunderstood aspect of the Japanese language Keigo or polite language is often viewed as a quaint accessory to Japanese grammar and a relic of Japan s feudal past Nothing Wetzel contends could be further from the truth It is true that Japan has a long history of differentiating linguistic form on the basis of social status psychological detachment emotional reserve and a host of other context dependent factors But as is made clear in this unique and broadly framed study modern keigo consciousness and keigo grammar emerged out of Japan s encounter with Western intellectual trends in the mid to late nineteenth century Keigo in Modern Japan presents a finely nuanced linguistic and political review of keigo available nowhere else in English The first chapter outlines the ways in which keigo has been problematized in Western linguistics through the application of structuralist analysis and its offshoots But keigo s presence in the English language literature does not begin to compare with the place it occupies in the Japanese linguistic canon Wetzel describes the historical roots and growth of keigo and the popularity of how to manuals which she contends are less about overt instruction than reinforcing what people already believe *The Novel, Volume 1* Franco Moretti,2006 Publisher Description

inevitably tied to the image of the West Seiji M Lippit offers the first comprehensive study in English of Japanese modernist fiction of the 1920s and 1930s Through close readings of four leading figures of this movement Akutagawa Yokomitsu Kawabata and Hayashi Lippit aims to establish a theoretical and historical framework for the analysis of Japanese modernism The 1920s and 1930s witnessed a general sense of crisis surrounding the institution of literature marked by both the radical politicization of literary practice and the explosion of new forms of cultural production represented by mass culture Against this backdrop this study traces the heterogeneous literary topographies of modernist writings Through an engagement with questions of representation subjectivity and ideology it situates the disintegration of literary form in these texts within the writers exploration of the fluid borderlines of Japanese modernity
