Narration And Discourse In The Of Genesis:

Narration and Discourse in the Book of Genesis Hugh C. White,1991 **Implied Law in the Abraham Narrative** James K. Bruckner,2002-01-01 A study of the significance of implied law in the Abraham narrative Bruckner examines legal and juridical terminology in the text with a close reading of legal referents in Genesis 18 16 20 18 He demonstrates that the literary and theological context of implied law in the narrative is creational since the implied cosmology is based in Creator created relationships and the narrative referents are prior to the Sinai covenant The narrative s canonical position is an ipso jure argument for the operation of law from the beginning of the ancestral community The study suggests trajectories for further research in reading law within narrative texts pentateuchal studies and Old Testament ethics **Narrative Structure and Discourse Constellations** Roy L. Mathewson,2021-06-15 A veteran pastor with thirty years of experience guides readers through a ten step process to preaching Old Testament narratives from text selection to delivery The first edition received a Christianity Today award of merit and a Preaching magazine Book of the Year award This edition now updated and revised throughout for a new generation includes a new chapter on how to preach Christ from the Old Testament and an exemplary sample sermon from Mathewson Foreword by Haddon W Robinson *Reading Old Testament Narrative as Christian Scripture* Douglas S. Earl,2017-03-03 Douglas Earl sets out a fresh perspective on understanding what is involved in reading Old Testament narrative as Christian Scripture Earl considers various narratives as examples that model different interpretive challenges in the form of exegetical ethical historical metaphysical and theological difficulties Using these examples the significance of interpretive approaches focused

on authorial intention history of composition canonical context reception history and reading context are considered in conjunction with spiritual literary structuralist existential historical critical and ethical critical approaches Christian interpretation of Scripture as Scripture is shown to be an inherently ad hoc task understood as a rule governed practice in Wittgenstein's sense an established goal directed activity for which no method hermeneutical principle or critical perspective discovers meaning or generates good interpretation Good interpretation involves exploration of various construals of the world of the text using hermeneutics of tradition and critique of ideology Ricoeur The interpreter's task is to discern faithful readings and develop their significance in a given intellectual or cultural context The interpretation of Scripture and its appropriation is seen to involve wisdom in forming judgments on a case by case basis learned through examples and experience on what constitutes good interpretation and use Earl shows how traditional hermeneutics and contemporary critical resources suggest that history ethics and theology can rarely be read off Old Testament narrative but also how Christians can appropriate ethically and historically problematic books such as Joshua faithfully adopt a minimalist approach to 1 2 Samuel and embrace a Trinitarian reading of Genesis 1

Narrative Form and Chaos Theory in Sterne, Proust, Woolf, and Faulkner J. Parker, 2007-09-03 Drawing on the insights offered by contemporary chaos theory Narrative Form and Chaos Theory explores how models of turbulent dynamical systems in the physical world parallel structures in certain kinds of narratives By closely looking at Laurence Sterne's Tristram Shandy Marcel Proust's In Search of Lost Time Virginia Woolf's Mrs Dalloway and William Faulkner's Absalom Absalom Parker demonstrates how these insights can be applied to the analysis of narrative structure and meaning This innovative interdisciplinary work will appeal to scholars interested in narratology and in the connection between chaos theory and literature

The Narration of Creation R.E. Franzen M.Div. BCC, 2025-01-26 Imagine sitting at the feet of Jesus with Him telling you His very own story of how He created you Who better to tell God's story about you than God Himself How do we hear the purity of that story The Narration of Creation shares a progression through God's revelation of the Genesis creation in a fresh inspirational way It describes two lenses in which we interpret through and the contrast between the two God intended His story to unfold from His perspective a top down perspective rather than from the usual ground up viewpoints This study reveals the very person and nature of God Himself and in doing so offers new contributions to our understanding of God's creation story Hearing the purity of the creation narrative allows you to discover your true identity find security and belonging and feel valued and loved beyond measure Uplifting and enlightening this devotional style study invites you to view the creation story through the lens of God's attributes and nature

Narrative in the Hebrew Bible David M. Gunn, Danna Nolan Fewell, 1993 After almost two centuries of historical criticism biblical scholarship has recently taken major shifts in direction most notably toward literary study of the Bible Much germinal criticism has taken as its primary focus narrative texts of the Hebrew Bible the Old Testament This study provides a lucid guide to the interpretive possibilities of this movement Attempting to be both theoretical and practical

it combines discussion of methods and the business of reading in general with numerous illustrations through readings of particular texts Gunn and Fewell discuss how literary criticism is related to other dominant ways of reading the text over the last two thousand years In addition they address characters including the narrator and God plot modifying recent theory to accommodate the peculiar complexity of biblical narratives and the play of language through repetition ambiguity multivalence metaphor and intertextuality Finally the authors discuss readers and responsibility exploring the ideological dimension of narrative interpretation An extensive bibliography completes the book arranged by subject and biblical text

Narrative Syntax and the Hebrew Bible Ellen van Wolde, 2021-08-30 Biblical Hebrew grammar was until recently concentrated on the morpho syntax within sentence boundaries In the past few decades text syntactic theories have been developed At the conference Narrative Syntax and the Hebrew Bible Tilburg 1996 six eminent scholars presented both a paper on Hebrew syntax and a workshop in which Exodus 19 24 or 1 Samuel 1 was studied Both kinds of contributions are collected in this volume They tend to lead towards one conclusion traditional sentence grammar and text syntactic studies should not exclude but include each other The verb forms word order and other syntactic features need to be studied as functioning at more than one level A combination of a morpho syntactic study at the sentence level and a text syntactic approach is thus defended This publication has also been published in paperback please click here for details [Interludes and Irony in the Ancestral Narrative](#) Jonathan A. Kruschwitz, 2020-12-18 The stories of Hagar Dinah and Tamar stand out as strangers in the ancestral narrative They deviate from the main plot and draw attention to the interests and fates of characters who are not a part of the ancestral family Readers have traditionally domesticated these strange stories They have made them familiar all about the ancestral family Thus Hagar s story becomes a drama of deselection Shechem and the Hivites become emblematic for ancestral conflict with the people of the land and Tamar becomes a lens by which to read providence in the story of Joseph This study resurrects the question of these stories strangeness Rather than allow the ancestral narrative to determine their significance it attends to each interlude s particularity and detects ironic gestures made toward the ancestral narrative These stories contain within them the potential to defamiliarize key themes of ancestral identity the ancestral divine relationship ancestral relations to the land and its inhabitants and ancestral self identity Perhaps the ancestral family are not the only privileged partners of God the only heirs to the land or the only bloodline fit to bear the next generation **The Pentateuch as Narrative** John H. Sailhamer, 2017-03-21 Most scholars studying the first five books of the Bible either attempt to dissect it into various pre pentateuchal documents or at the very least analyze Genesis Exodus Leviticus Numbers and Deuteronomy as separate self contained documents The Pentateuch As Narrative focuses on the narrative and literary continuity of the Pentateuch as a whole It seeks to disclose how the original Jewish readers may have viewed this multivolume work of Moses Its central thesis is that the Pentateuch was written from the perspective of one who had lived under the Law of the Covenant established at Mount Sinai and had seen its failure to produce genuine trust in the

Lord God of Israel In this context the Pentateuch pointed the reader forward to the hope of the New Covenant based on divine faithfulness Throughout the commentary Dr Sailhamer pays close attention to and interacts with a wide range of classical and contemporary literature on the Pentateuch written by Jews Catholics and Protestants *Style and Structure in Biblical Hebrew Narrative* Jerome T. Walsh, 2001 Style matters The pages of the Hebrew Bible are filled with stories short or long amusing or sad histories fables and morality tales The ancient narrators use a variety of stylistic devices to structure to connect and to separate their tales and thus to establish contexts within which meaning comes to light What are these devices and how do they guide our reading and our understanding of the text This book explores some of the answers and shows that it is a matter of style Fr Jerome T Walsh Ph D is also author of 1 Kings in the literary commentary series Berit Olam Studies in Hebrew Narrative Poetry The Liturgical Press 1996 of which he is also an associate editor He has contributed to such reference works as The New Jerome Biblical Commentary and The Anchor Bible Dictionary and frequently publishes articles and reviews in professional journals of biblical studies He is a member of the Society of Biblical Literature and of the Catholic Biblical Association of America with which he has collaborated on the second edition of the New American Bible translation of the Old Testament He is head of the department of theology and religious studies at the University of Botswana The Novel and the Rural Imaginary in Egypt, 1880-1985 Samah Selim, 2004-07-31 This book focuses on the relationship between the Egyptian village as a discursive construct and the novel genre as it emerged and developed in Egypt from the first decades of the century until its end **Hidden Polemics in Biblical Narrative** Amit, 2022-07-04 In current usage polemics is broadly defined as the practice of rhetorical persuasion or as the rhetorical presentation of an argument in dispute The phenomenon of polemics is found throughout the whole corpus of biblical literature In most instances the polemics is direct but sometimes indirect and occasionally it appears to be deliberately covert This book is primarily concerned with exploring the phenomenon of covert polemics Dealing first with considerations of method definition and characterization the study moves on to the analysis of a number of narrative texts and the uncovering of their covert polemical content Polemics of this type is a feature of biblical writing on a range of central issues and can be instructively isolated in texts relating to cultic locations Beth El Jerusalem questions of leadership the houses of Saul and David community boundaries the Samaritans and other problems of legitimation Autobiography and Independence Debra Kelly, 2005-01-01 In *Autobiography and Independence* Debra Kelly examines four accomplished Francophone North African writers Mouland Feroan Assia Djebar Albert Memmi and Abdelkeacute bir Khatibi to illuminate the complex relationship of a writer's work to cultural and national histories The legacies of colonialism and the difficulties of nationalism run throughout all four writers works yet in their striking individuality the four demonstrate the ways in which such heritages are refracted through a writer's personal history This book will be of interest to students of Francophone literature colonialism and African history and culture **The Canaanites and Their Land** Niels Peter Lemche, 1991-03-01

It is an interesting consequence of the new reconstructions of the early history of Israel that the Israelites must originally have been Canaanites. Nevertheless, an outspoken hatred against Canaanites permeates the Old Testament. Lemche presents a new way of explaining the anti-Canaanite sentiments of the Old Testament historians while at the same time disclosing some of the aims and ideas which governed Old Testament history writing. *Narratology and Biblical Narratives* Francois Tolmie, 2012-10-22. Scholars interested in narrative critical narratological analyses of the Old Testament and New Testament Bible will welcome this extensive practical study that discusses all aspects that should be evaluated when a narratological analysis is undertaken. All the relevant aspects such as the relationship between narrator and narratee, plot development, characterization, temporal relationships, focalization, and setting are discussed in such a way that it is easy to follow, yet of high academic quality. Each aspect is illustrated by several examples from the Old Testament and New Testament. At the end of each chapter is a bibliography directing readers to more technical books, articles on the subject. **Transmedial**

Narration Lars Elleström, 2018-12-11. This open access book is a methodical treatise on narration in different types of media. A theoretical rather than a historical study, Transmedial Narration is relevant for an understanding of narration in all times, including our own. By reconstructing the theoretical framework of transmedial narration, this book enables the inclusion of all kinds of communicative media forms on their own terms. The treatise is divided into three parts. Part I presents established and newly developed concepts that are vital for formulating a nuanced theoretical model of transmedial narration. Part II investigates the specific transmedial media characteristics that are most central for realizing narratives in a plenitude of different media types. Finally, Part III contains brief studies in which the narrative potentials of painting, instrumental music, mathematical equations, and guided tours are illuminated with the aid of the theoretical framework developed throughout the book. Suitable for advanced students and scholars, this book provides tools to disentangle the narrative potential of any form of communication.
