Narrative Mortality Death Closure And New Wave Cinemas:

Narrative Mortality Catherine Russell, 1995 Analyzes New Wave cinema from a postmodern perspective What seems like closure might be something more as Catherine Russell shows us in this book about death in narrative cinema since the 1950s Analyzing the structural importance of death in narrative endings as well as the thematics of loss and redemption Russell identifies mortality as a valuable critical tool for understanding the cinema of the second half of the twentieth century Her work includes close textual readings of films by Fritz Lang Wim Wenders Oshima Nagisa Jean Luc Godard and Robert Altman among others In these analyses Russell reveals an uneasy relationship between death and closure which she traces to anxieties about identity gender and national cultural myths as well as to the persistence of desire Drawing on the work of Walter Benjamin she shows us death as a fundamentally allegorical structure in cinema and as a potential sign of historical difference with crucial implications for theories of film narrative and spectatorship *Narrative Mortality* provides fresh insight into the dynamics of postmodern cinema as it emerged from the modernist preoccupation with existential mortality By tracing the role of death from a work that precedes the Brechtian cinema of the 1960s *Beyond a Reasonable Doubt* to several that succeed it *Nashville The State of Things* the book expands the narrative project of New Wave cinema and ushers it onto a broader historical plane

Historical Dictionary of German Cinema Robert C. Reimer, Carol J. Reimer, 2019-07-15 The History of German film is diverse and multi faceted This volume can only suggest the richness of a film tradition that includes five distinct German governments Wilhelmine Germany the Weimar Republic the Third Reich the Federal Republic of Germany West Germany and the German Democratic Republic East Germany s well as a reunited Germany two national industries Germany and Austria and a myriad of styles and production methods Paradoxically the political disruptions that have produced these distinct film eras as well as and the natural inclination of artists to rebel and create new styles allow for construction of a narrative of German film Disjuncture generates distinct points of separation and yet also highlights continuities between the ruptures This second edition of *Historical Dictionary of German Cinema* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on directors actors films cinematographers composers producers and major historical events that greatly affected the direction and development of German cinema This book is an excellent resource for students researchers and anyone wanting to know more about German cinema

Critical Theory and Film Fabio Vighi, 2012-05-03 *Critical Theory and Film* brings together critical theory and film to enhance the critical potential of both The book focuses on the Frankfurt School most notably the works of Adorno and Horkheimer as well as associated thinkers It seeks to demonstrate that cinema can help critical theory repoliticize culture and society and affirm the theoretical and political impact of cinematic knowledge After discussing how the Frankfurt School saw cinema as an instrument of capitalism use to promote the cultural and political regimentation of the masses Vighi then proceeds to demonstrate that critical theory can in fact suggest a different verdict on the progressive

potential of cinema Each chapter focuses on a key critical theory concept that is explained and redefined through film analysis to unravel the hidden presuppositions and most radical consequences of critical theory A unique contribution to the literature this volume in the Critical Theory and Contemporary Society series offer an innovative reading of film as a critical tool drawing on the latest developments in Lacanian theory

Art in the Cinematic Imagination Susan Felleman, 2010-01-01 Bringing an art historical perspective to the realm of American and European film Art in the Cinematic Imagination examines the ways in which films have used works of art and artists themselves as cinematic and narrative motifs From the use of portraits in Vertigo to the cinematic depiction of women artists in Artemisia and Camille Claudel Susan Felleman incorporates feminist and psychoanalytic criticism to reveal individual and collective perspectives on sex gender identity commerce and class Probing more than twenty films from the postwar era through contemporary times Art in the Cinematic Imagination considers a range of structurally significant art objects artist characters and art world settings to explore how the medium of film can amplify reinvent or recontextualize the other visual arts Fluently speaking across disciplines Felleman's study brings a broad array of methodologies to bear on questions such as the evolution of the Hollywood Love Goddess and the pairing of the feminine with death on screen A persuasive approach to an engaging body of films Art in the Cinematic Imagination illuminates a compelling and significant facet of the cinematic experience

Death in Literature Outi Hakola, Sari Kivistö, 2014-05-02 Death is an inevitable yet mysterious event Fiction is one way to imagine and gain knowledge of death Death is very useful to literature as it creates plot twists suspense mysteries and emotional effects in narrations But more importantly stories about death seem to have an existential importance to our lives Stories provide fictional encounters with death and give meaning for both death and life Thus death is more than a physical or psychological experience in literature it also highlights existential questions concerning humanity and storytelling This volume entitled Death in Literature approaches death by examining the narratives and spectacles of death dying and mortality in different literary genres The articles consider literary representations of death from ancient Rome to the Netherlands today and explore ways of dealing with death and dying The discussions also transcend the boundaries of literature by studying literary representations of such socially relevant and death related issues as euthanasia and suicide The articles offer a broad perspective on death's role in literature as well as literature's role in the social and cultural debates about death

Engaging Dialogue Jennifer O'Meara, 2018-01-09 Examines the politics of female ship in relation to contemporary documentary practices

Transfigurations Asbjørn Grønstad, 2008 In many senses viewers have cut their teeth on the violence in American cinema from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes to the 1970s masterpieces of Martin Scorsese Sam Peckinpah and Francis Ford Coppola to our present day

undertakings in imagining global annihilations through terrorism war and alien grudges Transfigurations brings our cultural obsession with film violence into a renewed dialogue with contemporary theory Gr nstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically Tranfigurations thus alters both our methodology of reading violence in films and the meanings we assign to them depicting violence not as a self contained incident but as a convoluted network of our own cultural ideologies and beliefs

Difficult Death, Dying and the Dead in Media and Culture Sharon Coleclough, Bethan Michael-Fox, Renske Visser, 2023-11-25 This book responds to a growing interest in death dying and the dead within and beyond the field of death studies The collection defines an understanding of difficult death and examines the differences between death dying and the dead as well as exploring the ethical challenges of researching death in mediated form The collection is attendant to the ways in which difficult deaths are imbricated in power structures both before and after they become mediatised in culture As such the work navigates the many political and social complexities and inequalities what might be deemed the difficulties of death dying and the dead The book seeks to expand understandings of the difficulty of death in media and culture through a wide range of chapters from different contexts focused on literature film television and in online environments as well as several chapters examining news reportage of difficult deaths

Engaging Film Criticism Walter Metz, 2004 Engaging Film Criticism examines recent American cinema in relationship to its imaginative intertexts films from earlier decades that engage similar political and cultural themes This historical encounter provides an unexpected and exciting way of reading popular contemporary films Eclectic

pairings include the Schwarzenegger action film *True Lies* with the Hitchcock classic *North by Northwest* as well as the lampooned Will Smith comedy *Wild Wild West* with Buster Keaton's silent feature *The General*. Using a theoretically and historically informed brand of criticism, *Engaging Film Criticism* suggests that today's Hollywood cinema is every bit as worthy of study as the classics.

The Civil War Dead and American Modernity Ian Finseth, 2018-01-02 *The Civil War Dead and American Modernity* offers a fundamental rethinking of the cultural importance of the American Civil War dead. Tracing their representational afterlife across a massive array of historical visual and literary documents from 1861 to 1914, Ian Finseth maintains that the war dead played a central, complex, and paradoxical role in how Americans experienced and understood the modernization of the United States. From eyewitness accounts of battle to photographs and paintings and from full dress histories of the war to fictional narratives, Finseth shows that the dead circulated through American cultural life in ways that we have not fully appreciated and that require an expanded range of interpretive strategies to understand. While individuals grieved and relinquished their own loved ones, the collective Civil War dead, Finseth argues, came to form a kind of symbolic currency that informed Americans' melancholic relationship to their own past. Amid the turbulence of the postbellum era as the United States embarked decisively upon its technological, geopolitical, and intellectual modernity, the dead provided an illusion of coherence, intelligibility, and continuity in the national self. At the same time, they seemed to represent a traumatic break in history and the loss of a simpler world, and their meanings could never be completely contained by the political discourse that surrounded them. Reconstructing the formal rhetorical and ideological strategies by which postwar American society reimagined and continues to reimagine the Civil War dead, Finseth also shows that a strain of critical thought was alert to this dynamic from the very years of the war itself. *The Civil War Dead and American Modernity* is at once a study of the politics of mortality, the disintegration of American Victorianism, and the role of visual and literary art in both forming and undermining social consensus.
