The determination of laying this little Narrative before the public did not arise from any desire to make myself conspicuous but with the view of exposing the cruel system of slavery as will here be laid before my readers from the urgent calls of nearly all the friends to whom I had related any part of my story and also from the recommendation of antislavery meetings which I have attended through the suggestion of many warm friends of the cause of the oppressed The general narrative I am aware may seem to many of my readers and especially to those who have not been before put in possession of the actual features of this accursed system somewhat at variance with the dictates of humanity But the facts related here do not come before the reader unsubstantiated by collateral evidence nor highly coloured to the disadvantage of our cruel task masters About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Narrative of the Adventures and Escape of*

name I went down prepared to make the interview short as the pressure of many other engagements demanded When I went into the room a tall spare form arose to meet me She was evidently a full blooded African and though now aged and worn with many hardships still gave the impression of a physical development which in early youth must have been as fine a specimen of the torrid zone as Cumberworth s celebrated statuette of the Negro Woman at the Fountain Indeed she so strongly reminded me of that figure that when I recall the events of her life as she narrated them to me I imagine her as a living breathing impersonation of that work of art
