The works presented here are organized into three thematically overlapping sections titled *Monsters*, *Warriors*, and *Journeys to Other Worlds*: *Buddhist Tales* and *Interspecies Affairs*. Each translation is prefaced by a short introduction, and the book features images from the original scroll paintings, illustrated manuscripts, and printed books.

[The Routledge Companion to Film History](#)  
William Guynn, 2010-09-13  
The Routledge Companion to Film History is an indispensable guide for anyone studying film history for the first time. The approach taken presents a substantial and readable overview of the field and provides students with a tool of reference that will be valuable throughout their studies. The volume is divided into two parts. The first is a set of eleven essays that approach film history around the following themes: History of the moving image; Film as art and popular culture; Production process; Evolution of sound; Alternative modes: experimental, documentary, animation; Cultural difference; Film's relationship to history. The second is a critical dictionary that explains concepts, summarizes debates in film studies, defines technical terms, describes major periods and movements, and discusses historical situations and the film industry. The volume as a whole is designed as an active system of cross references: readers of the essays are referred to dictionary entries, and vice versa, and both provide short bibliographies that encourage readers to investigate topics.

[The Cinema of Jia Zhangke](#)  
Cecília Mello, 2019-07-25  
Shortlisted for the BAFTSS 2020 Award for Best Monograph. Despite his films being subjected to censorship and denigration in his native China, Jia Zhangke has become the country's leading independent film director internationally. Seen as one of world cinema's foremost auteurs, he has played a crucial role in documenting and reflecting upon China's era of intense transformations since the 1990s. Cecília Mello provides an in-depth analysis of Jia's unique body of work, from his early films *Xiao Wu* and *Platform* to experimental quasi-documentary *24 City* and the audacious *Mountains May Depart*. Mello suggests that Jia's particular expression of the realist mode is shaped by the aesthetics of other Chinese artistic traditions, allowing Jia to unearth memories both personal and collective still lingering within the ever-changing landscapes of contemporary China. Mello's groundbreaking study opens a door into Chinese cinema and culture, addressing the nature of the so-called impure cinematographic art and the complex representation of China through the ages.
