The Radical Kingdom Rosemary Radford Ruether, 1970 Explores what happens when the ideal of messianic hope escapes its confinement within the churches and finds expression in the secular language of revolutionary ideology Publisher

Jesus and the Feminists? Margaret Elizabeth Köstenberger, 2008-10-17 This resource provides a detailed survey and critique of various feminist interpretations of Jesus and offers a biblical view of men and women in the church and home The feminist movement has affected every aspect of political and social America and Christians are becoming increasingly aware of how this movement has impacted the church The feminist movement has changed the way evangelicals view not only themselves but also the very Word of God Jesus and the Feminists begins by offering a brief survey of the feminist movement revealing the radical misunderstanding of Jesus that has resulted from this movement Köstenberger then critiques the relevant works of well known feminist scholars and the ways they interpret certain passages of Scripture related to Jesus and his approach to women This practical resource points the way to a better understanding of the biblical message regarding Jesus stance toward women and offers both men and women a biblical view of their roles in the church and the home

Introducing Redemption in Christian Feminism Rosemary Radford Ruether, 1998-01-01 Christianity begins with what appears to be an inclusive promise of redemption in Christ without regard to gender Paul proclaimed that In Christ there is no more male and female Yet Christianity soon developed a patriarchal social structure excluding women from public ministry with the argument that women were created subordinate in nature and were more culpable for sin Here distinguished feminist theologian Rosemary Ruether traces the tension between patriarchal and egalitarian patterns in Christian theology historically She then examines key theological themes Christology the self the cross and future hope in the light of her critique

The Bonds of Freedom Rebekah L. Miles, 2001-08-23 In this constructive study Miles proposes a new feminist theological ethic drawing together the contributions of Reinhold Niebuhr Sharon Welch and Rosemary Ruether Seeking to critically reappropriate the Christian realism articulated by Niebuhr she reinterprets solutions to problems emergent from his theology Miles presents feminist Christian realism as an alternative that can reclaim a positive interpretation of divine transcendence and human self transcendence while maintaining newer emphases on human boundedness and divine immanence Theologians and ethicists will find her critical reassessment of the three authors distinctive and her challenging proposal for a positive creative transformation a significant contribution to the development of feminist ethics

The Child in American Evangelicalism and the Problem of Affluence David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child AAEC through interdisciplinary evangelical engagement of American history sociology and economics Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the

Divine Economy D. Stephen Long, 2000 What has theology to do with economics They are both sciences of human action but have traditionally been treated as very separate disciplines Divine Economy is the first book to address the need for an active dialogue between the two D Stephen Long traces three strategies which have been used to bring theology to bear on economic questions the dominant twentieth century tradition of Weber s fact value distinction an emergent tradition based on Marxist social analysis and a residual tradition that draws on an ancient understanding of a functional economy He concludes that the latter approach shows the greatest promise because it refuses to subordinate theological knowledge to autonomous social scientific research Divine Economy will be welcomed by those with an interest in how theology can inform economic debate *National Library Service Cumulative Book Review Index, 1905-1974: Titles.
