## Rediscovering Synodal Church for the Third Millennium

---

*Joseph Scaria Palakeel MST*

The twentieth century is rightly described as "the century of the Church" (*Das Jahrhundert der Kirche*) by the Protestant theologian Otto Dibelius.<sup>1</sup> From a Catholic perspective, we can say that the twentieth century has been 'a century of ecclesiologies', considering the blossoming of ecclesiologies both before and after the Second Vatican Council. Several streams of ecclesiological reflections inspired by the biblical studies and historical consciousness got channeled into the Second Vatican Council through the *periti* and the Council Fathers. Marking a definitive shift from the dominant Neo-Scholastic manualist ecclesiology, the Council embraced the fruits of biblical and patristic studies and allowed the insights from the French and German theologies to freely flow into the Council floor and endeavored to renew the Church top to bottom.

In the Council itself, theology of the Church occupied the central position with two Constitutions *Lumen Gentium* (LG) and *Gaudium et Spes* (GS) fully dedicated to the theology of the Church and most of the other documents dealing with the Church in relation to various fields like liturgy and worship, mission, ecumenism, bishops, priests and laity. The

<sup>1</sup> The Protestant theologian Otto Dibelius, in the title of a well-known book *Das Jahrhundert der Kirche* (2<sup>nd</sup> ed., Berlin: Furcht, 19), referred to the 20th century as "the century of the Church". Rausch, 2016-03-24 What is Catholicism And where is the Catholic Church headed in the third millennium These two questions provide the structure for Thomas Rausch's *Catholicism in the Third Millennium* Here Rausch combines a faithful presentation of the tradition with a critical theological reflection and interpretation of where the Church is today and where it might be moving Catholicism in the Third Millennium offers an appreciation of the forces and movements that have shaped and continue to influence the ongoing change and development of Roman Catholicism Chief among these is the influence of the Second Vatican Council 1962-1965 in reshaping Catholicism This revised edition includes updated text from Rausch's *Catholicism at the Dawn of the Third Millennium* particularly the final chapter on The Unfinished Agenda of Vatican II Each chapter concludes with focus questions developed by Catherine E Clifford of St Paul's University Ottawa This experience of guided reading provides readers with a broad survey of Roman Catholic faith and practice in its contemporary context For readers who wish to compare particular passages of this volume with the Catechism of the Catholic Church an outline is provided in an appendix with references to the appropriate sections of the Catechism A second appendix offers a glossary of terms used in the book while a third appendix lists a number of basic works for further investigation of Catholic faith and life Chapters are The Church and the Council Faith and the Believing Community A Visible Church A Living Tradition Sacraments and Christian Initiation Christian Life and Discipleship Sin Forgiveness and Healing Sexual Morality and Social Justice Prayer and Spirituality The Fullness of Christian Hope and The Unfinished Agenda Includes Appendix I Outlook of Book with References to the Catechism of the Catholic Church Appendix II Glossary of Terms and Appendix III Basic Reference Works on Catholicism An Index of Names and an Index of Subjects are also included Thomas P Rausch SJ PhD is professor of theology at Loyola Marymount University in Los Angeles He is the author of *Catholicism at the Dawn of the Third Millennium* *Reconciling Faith and Reason* and editor of the bestselling *The College Student's Introduction to Theology* published by Liturgical Press Catherine E Clifford PhD is a professor of theology at St Paul's University in Ottawa Ontario      [The Survival of Dulles](#) Michael M. Canaris, 2021-08-17 This collection marking the centenary of Avery Dulles's birth makes an entirely

distinctive contribution to contemporary theological discourse as we approach the second century of the cardinal's influence and the twenty first of Christian witness in the world. Moving beyond a festschrift, the volume offers both historical analyses of Dulles's contributions and applications of his insights and methodologies to current issues like immigration, exclusion, and digital culture. It includes essays by Dulles's students, colleagues, and peers as well as by emerging scholars who have been and continue to be indebted to his theological vision and encyclopedic fluency in the ecclesiological developments of the post conciliar Church. Though focused more on Catholic and ecumenical affairs than interreligious ones, the volume is intentionally outward facing and strives to make clear the diverse and pluralistic contours of the cardinal's nearly unrivaled impact on the North American Church which truly crossed ideological, denominational, and generational boundaries. While critically recognizing the limits and lacunae of his historical moment, it serves as one among a multitude of testaments to the notion that the ripples of Avery Dulles's influence continue to widen toward intellectually distant shores.

Inside the Vatican  
Thomas S.J. Reese, 1998-02-19. A comprehensive examination of the world's most complex religious organization. There are one billion Catholics in the world today, spread over every continent, speaking almost every conceivable language, and all answering to a single authority. The Vatican is a unique international organization, both in terms of its extraordinary power and influence, and in terms of its endurance. Popes come and go, but the elaborate and complex bureaucracy called the Vatican lives on. For centuries, it has served and sometimes undermined popes; it has been praised and blamed for the actions of the pope and for the state of the church. Yet an objective examination of the workings of the Vatican has been unavailable until now. Drawing on more than a hundred interviews with Vatican officials, this book affords a firsthand look at the people, the politics, and the organization behind the institution. Thomas Reese brings remarkable clarity to the almost Byzantine bureaucracy of congregations, agencies, secretariats, tribunals, nunciature, and offices, showing how they serve the pope and through him the universal church. He gives a lively account of how popes are elected and bishops appointed, how dissident theologians are disciplined, and how civil authorities deal with them. Throughout, revealing and colorful anecdotes from church history and the present day bring the unique culture of the Vatican to life. The Vatican is a fascinating institution, a model of continuity and adaptation which remains constant while functioning powerfully in a changing world. As never before, this book provides a clear, objective perspective on how the enormously complex institution surrounding the papacy operates on a day to day level, how it has adapted and endured for close to two thousand years, and how it is likely to face the challenges of the next millennium. Praise for *Inside the Vatican*: Reese does an admirable job of lifting the veil of secrecy surrounding the Holy See to examine the nuts and bolts of the operation. He paints a revealingly human portrait of Vatican life. Ultimately, this is the merit of *Inside the Vatican*: Reese gets it right. And in such a place, that's no easy task. Greg Burke, *Time*. Reese paints a clear, largely dispassionate and often compelling picture of Vatican operations, and in so doing, highlights the tensions that tear the church. Diego Ribadeneira, *The Boston Globe*. This is a useful and even valuable study of the institutional centre of the Roman

Catholic Church and of the relations between the centre and the worldwide network of local churches which go to make up the Church catholic Dr Reese brings impressive qualifications and experience as a political scientist to this study It is the special virtue of Dr Reese s study that he succeeds where many have failed in providing an analytic critical and comprehensive account of how the Vatican works See n Mac R amoinn *The Irish Times*      **The Reception of the Second Vatican Council's Liturgical Reforms in Nigeria (Nsukka Diocese)** Uchenna Aba,2016 Fifty years after the promulgation of the Constitution on the Sacred Liturgy a great moment has dawned in which a more dispassionate assessment of the reception of this important document has become imperative in order to enable the Church to undertake necessary steps in realizing the full potential of the renewal envisaged by the Council Fathers The present study identifies peculiar and diverse challenges confronting the process of reception in the Nsukka Diocese Nigerian Church today However the author acknowledges that the full reception of Sacrosanctum Concilium is still a work in progress Uchenna Aba is a Catholic priest in Nsukka Nigeria and currently the Chaplain of St Martin s Parish Goch Diocese of Muenster Germany
