How to be Evangelical Without Being Conservative Roger E. Olson, 2008 In recent years the American media have portrayed the evangelical movement as a conservative force in society equating it with fundamentalism Many people equate evangelical Christianity with conservatism in religion politics theology and social attitudes But is this the whole story of evangelicalism Roger Olson's new book sets forth evidence that the link between evangelicalism and conservatism has not always been as strong as it is today in the popular mind Olson shows how contemporary

Evangelicals and the End of Christendom Hugh Chilton, 2019-12-09 Exploring the response of evangelicals to the collapse of Greater Christian Britain in Australia in the long 1960s this book provides a new religious perspective to the end of empire and a fresh national perspective to the end of Christendom In the turbulent 1960s two foundations of the Western world rapidly and unexpectedly collapsed Christendom marked by the dominance of discursive Christianity in public culture and Greater Britain the powerful sentimental and strategic union of Britain and its settler societies disappeared from the collective mental map with startling speed To illuminate these contemporaneous global shifts this book takes as a case study the response of Australian evangelical Christian leaders to the cultural and religious crises encountered between 1959 and 1979 Far from being a narrow national study this book places its case studies in the context of the latest North American and European scholarship

on secularisation imperialism and evangelicalism Drawing on a wide range of archival sources it examines critical figures such as Billy Graham Fred Nile and Hans Mol as well as issues of empire counter cultural movements and racial and national identity This study will be of particular interest to any scholar of Evangelicalism in the twentieth century It will also be a useful resource for academics looking into the wider impacts of the decline of Christianity and the British Empire in Western civilisation

The Other Evangelicals Isaac B. Sharp,2023-04-18 What s the first thing that comes to mind when you hear evangelical For many the answer is white patriarchal conservative or fundamentalist but as Isaac B Sharp reveals the big tent of evangelicalism has historically been much bigger than we ve been led to believe In The Other Evangelicals Sharp brings to light the stories of

those twentieth century evangelicals who didn't fit the mold including Black feminist progressive and gay Christians. Though the binary of fundamentalist evangelicals and modernist mainline Protestants is taken for granted today, Sharp demonstrates that fundamentalists and modernists battled over the title of evangelical in post World War II America. In fact, many ideologies characteristic of evangelicalism today, such as biblical womanhood and political conservatism, arose only in reaction to the popularity of evangelical feminism and progressivism. Eventually, history was written by the winners: the Billy Grahams of American religion, while the losers were expelled from the movement via the establishment of institutions such as the National Association of Evangelicals. Carefully researched and deftly written, *The Other Evangelicals* offers a breath of fresh air for scholars seeking a more inclusive history of religion in America. Symposium on Social Action (JCR Vol. 08 No. 01) Kerby Anderson, David Chilton, Edward Coleson, Ricky Cotton, Vern Crisler, Michael Gilstrap, Archie Jones, George M. Marsden, James M. Peters, Tommy W. Rogers, Tom Rose, John Whitehead. In a thought provoking exploration of the historical tension between fundamentalist beliefs and social action, the narrative delves deep into the roots of mistrust that have shaped American perspectives over the years. With incisive analysis and sharp wit, the book challenges traditional notions of engagement social within evangelical circles, shedding light on the complexities of theological conservatism in a rapidly changing world. From the struggles of the Great Reversal to the modern day debates on liberalism and activism, this book offers a fresh perspective on the intersection of faith and social responsibility. Through a rich tapestry of historical anecdotes, theological reflections, and contemporary critiques, the reader is invited to reconsider long held assumptions and explore the potential for a more nuanced understanding of Christian social action. A must read for those seeking to navigate the complexities of faith and societal engagement in today's world. *'Ethos' and the Oxford Movement* James Pereiro, 2008. A revisionist assessment of the Oxford Movement, James Pereiro's rediscovery of a so far neglected concept fundamental to Tractarian thinking provides a deeper understanding of Tractarian intellectual developments and the historical events surrounding the Movement. Bebbington, George M. Marsden, 2019-11-25. The past, present and future of a movement in crisis. What exactly do we mean when we say evangelical? How should we understand this many-sided world religious phenomenon? How do recent American politics change that understanding? Three scholars have been vital to our understanding of evangelicalism for the last forty years: Mark Noll, whose *Scandal of the Evangelical Mind* identified an earlier crisis point for American evangelicals; David Bebbington, whose *Bebbington Quadrilateral* remains the standard characterization of evangelicals used worldwide; and George Marsden, author of the groundbreaking *Fundamentalism and American Culture: The Shaping of Twentieth Century Evangelicalism*. Now in *Evangelicals*, they combine key earlier material concerning the history of evangelicalism with their own new contributions about present controversies and also with fresh insights from other scholars. The result begins as a survey of how evangelicalism has been evaluated but then leads into a discussion of the movement's perils and promise today.

World Christian Trends Ad30-ad2200 (hb) ,2001 **American Evangelicals and the 1960s** Axel R. Schäfer, 2013-08-23 In the late 1970s the New Christian Right emerged as a formidable political force boldly announcing itself as a unified movement representing the views of a moral majority But that movement did not spring fully formed from its predecessors American Evangelicals and the 1960s refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade Bringing together fresh research and innovative interpretations this book demonstrates that evangelicals actually participated in broader American developments during the long 1960s that the evangelical constituency was more diverse than often noted and that the notion of right wing evangelical politics as a backlash was a later creation serving the interests of both Republican conservative alliances and their critics Evangelicalism s involvement with rather than its reaction against the main social movements public policy initiatives and cultural transformations of the 1960s proved significant in its 1970s political ascendance Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history

Why many Evangelicals are not Protestant Virgil A. Walker, 2025-10-31 In Why Many Evangelicals Are Not Protestant The Creedless Drift author Virgil A Walker delivers a bold loving critique of modern evangelicalism s

departure from historic Christianity Drawing parallels to early radical movements like the Paulicians Bogomils and Anabaptists Walker argues that evangelicalism's emphasis on individual experience and rejection of historic creeds such as the Nicene and Apostles has led to theological individualism cultural conformity and fringes like prosperity gospel and polygamist sects Grounded in Anglo Lutheran theology's justification by faith and liturgy Walker affirms evangelicals as fellow Christians while calling for a return to communal orthodoxy With insights from Dietrich Bonhoeffer's warnings against cheap grace and resources like *To Be a Christian An Anglican Catechism* this book urges readers to reclaim the Reformation's disciplined faith balancing truth and unity in love 1 Corinthians 13:6-7 Ideal for theologians church historians and reform-minded believers this concise exploration challenges evangelicals to seek first God's kingdom Matthew 6:33 and heal the Church's wounds Truth matters discover how creedless drift threatens Protestantism and find hope in historic Christianity's enduring path

In the Midst of Much-Doing Charles R. Ringma, 2023-05-31 How are we to sustain activism and compassion amidst the never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to transform the world from within Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation

Age of the Spirit John Maiden, 2023 How did charismatic renewal transform the churches in the twentieth century moving from the periphery to the mainstream In *Age of the Spirit* John Maiden looks at the rise of charismatic Christianity before during and after the long 1960s across the English speaking world
