Radio Talk August Yeager, 2005-01-01 This is not a fly on the wall book There are no secrets to tell This author is not a former speech writer has never talked to a president has never been in the White House is not a diplomat and has never served in any administration But this is a good sign This author is not looking out for anybody It is a good reason to read this book An everyday American puts on the thinking cap The objective of the book is to look at the thought process of America by way of talk radio Political and social issues and the resulting opinions by the hosts and by the author make up the substance of the book The topics range widely and thus the subtitle From Sex to Socrates Eleven talk show hosts selected for their ability to think and analyze were listened to for about ten months in 2003 and early 2004 A quick look at the book's contents will outline the topics and ideas that concern talk radio For the most part the issues in the book are timeless They are not old news Decisions made on many of these topics will determine the direction America will take in the 21st century My grandpa's advice If you want to go fast slow down **Talking Dirty** Carole McKenzie, 2014-01-02 Women should be obscene and not heard John Lennon The only unnatural act is that which you cannot perform Alfred Kinsey Fat people are brilliant in bed if I'm sitting on top of you who's going to argue Jo Brand What most women want is not a man who ties you to the bed but one who unstacks the dishes while you watch The Great British Bake Off Harriet Harman Throughout the centuries talk of sex has proved irresistible producing wide ranging responses contradictory remarks denouncements and appraisals something seen as harmless by one is often condemned as damnable by another Whatever your sexual preferences Talking Dirty is a hugely entertaining treasury of wit on this endlessly entertaining and controversial topic **Equal Rights**, 1926

Minotaur Maze Robert Sheckley, 2014-04-01 Minotaur Maze is Robert Sheckley's modern take on the myth of the Minotaur It is a tour de force of imagination fantasy and creative confusion Through brief chapters running from How Theseus Got His First Minotauring Job to I Hate to Blame Daedalus for Everything The Attack of the Self Pity Plant Daedalus Dispenses with Causality and finally Falling Through the Story we travel a maze as lethally complicated as the Minotaur's and arrive at the end breathless with wonder surprise and laughter Sheckley a master of science fiction has been called a precursor to Douglas Adams by the New York Times *The Spectator*, 2009 *Speaking into the Air* John Durham Peters, 2012-04-26 Communication plays a vital and unique role in society often blamed for problems when it breaks down and at the same time heralded as a panacea for human relations A sweeping history of communication Speaking Into the Air illuminates our expectations of communication as both historically specific and a fundamental knot in Western thought This is a most interesting and thought provoking book Peters maintains that communication is ultimately unthinkable apart from the task of establishing a kingdom in which people can live together peacefully Given our condition as mortals communication remains not primarily a problem of technology but of power ethics and art Antony Anderson New Scientist Guaranteed to alter your thinking about communication Original erudite and beautifully written this book is a gem Kirkus Reviews Peters

writes to reclaim the notion of authenticity in a media saturated world It s this ultimate concern that renders his book a brave colorful exploration of the hydra headed problems presented by a rapid fire popular culture Publishers Weekly What we have here is a failure to communicate book Funny thing is it communicates beautifully Speaking Into the Air delivers what superb serious books always do hours of intellectual challenge as one absorbs the gradually unfolding vision of an erudite creative author Carlin Romano Philadelphia Inquirer
