Clinical Neuropsychology Mark E. Maruish, James A. Moses, 2013-05-13 With the emergence of clinical neuropsychology as one of the fastest growing specialties in psychology comes the need for current and future practitioners to stay abreast of the most recent research. A number of professional journals more than adequately meet this need. But there is also a need to stay up to date on the current thinking about important problems. Drawing upon the expertise of leaders in the field, the editors' intent in this book was to provide the practitioner with a source for discussions of topics that are vital to their ongoing development as clinical neuropsychologists but that generally are not addressed in the literature to any great degree.
