High Stakes Vic Flinham, 2008-10-15 After the dust of World War II had settled the military position of the UK was far from straightforward It was of course allied to the USA and part of NATO but it was at odds with the former in maintaining an Empire and the two nations also had competing oil interests in the Middle East The UK's engagement in war after 1945 was thus a strange mixture ranging from homeland security through insular actions within the colonies or protectorates to preserve empire to playing a major role in confronting the USSR The types of active involvement of the RAF Fleet Air Arm and Army Air Corps between 1945 and 1995 include the following with examples Maintaining Local Stability Greece Netherlands East Indies Maintaining Empire Malaya Kenya Defending Empire Borneo Defending Interests Suez Kuwait Homeland Security Northern Ireland air defence Confrontation Berlin Airlift Korea Covert Action Albania strategic reconnaissance Humanitarian and Peacekeeping Jordan Cyprus Development of Deterrent Bombs bombers and missiles

The Bombing Of Brittany: Solving The Wrong Problem Major Jeremiah S.

Heathman,2014-08-15 As a result of the Allied bombing campaign against Nazi submarine bases during the Second World War the cities of Brest Lorient and Saint Nazaire were nearly completely destroyed Despite thousands of bombing missions all three submarine bunkers still stand today This monograph examines the effectiveness of the Allied bombing campaign against German submarine bases in Brittany by analyzing the campaign through the use of a design methodology Research is broken down into three frames the operational approach the operational environment and the problem frame The first frame provides an account of the bombing missions and effects Next an overview of the operational environment is conducted by exploring the historical context of Brittany German construction efforts and Allied institutional barriers The study concludes by examining the problem frame which entails how the Allies perceived their operational problem and developed an approach based on their understanding Ultimately the Allies failed to accurately identify their problem and developed an ineffective approach towards defeating the threat Had the Allies incorporated design thinking into their planning and execution they may have developed an effective campaign towards defeating the Nazi U boat threat rather than solving the wrong problem

Allen Fletcher,Jean Tucker Fletcher,2012-04-12 Drafted while events were fresh in his mind in 1942 1943 Alabama born American diplomat George Platt Waller s memoir chronicles his war time experience in the Grand Duchy of Luxembourg In vivid prose he recalls the outbreak of World War II in September 1939 the Phony War the German invasion of May 10 1940 and the Wehrmacht occupation Intimately involved with the political and public life of this small democratic nation Waller did not follow Grand Duchess Charlotte and her government into exile Instead he remained as long as he could to witness and

champion the Luxembourg people doing his best to rescue the flood of refugees seeking visas and asylum in the United States Waller bitterly condemns the Nazi civilian administration its oppressive racial laws and its attempts to annex the country to Germany under the banner of Heim ins Reich From his pivotal position as dean of the diplomatic community representative of the powerful United States and trusted confidant of leaders executives and citizens alike Waller was privy to information from a wide range of sources government military the church the professions the resistance ordinary people and refugees He narrates gripping accounts of individual initiative and courage and exposes the many official hindrances to the timely rescue of refugees His observations shed new light on life in Luxembourg from 1939 to 1941 when he was finally expelled from the country The editors introduction places this brief but highly significant memoir in the context of Waller s family background education and career including his dramatic return to Luxembourg at its liberation by American troops in 1944 and his participation in the Grand Duchy s postwar renaissance Extensive annotations and photographs complement the text

Emergency War Plan Sean M. Maloney, 2021-02 Using strategic plans intelligence analysis and other materials that have only recently been declassified *Emergency War Plan* examines the theory and practice of nuclear deterrence during the 1945-1960 period of the Cold War

Learning to Love the Bomb Sean M. Maloney, 2007 In *Learning to Love the Bomb* Sean M. Maloney explores the controversial subject of Canada s acquisition of nuclear weapons during the Cold War Based on newly declassified Canadian and U.S. documents it examines policy strategy operational and technical matters and weaves these seemingly disparate elements into a compelling story that finally unlocks several Cold War mysteries For example while U.S. military forces during the 1962 Cuban Missile Crisis were focused on the Caribbean Sea and the southeastern United States Canadian forces assumed responsibility for defending the northern United States with aircraft armed with nuclear depth charges flying patrols and guarding against missile attack by Soviet submarines This defensive strategy was a closely guarded secret because it conflicted with Canada s image as a peacekeeper and therefore a more passive member of NATO than its ally to the south It is revealed here for the first time The place of nuclear weapons in Canadian history has until now been a highly secret and misunderstood field subject to rumor rhetoric half truths and propaganda *Learning to Love the Bomb* reveals the truth about Canada s role as a nuclear power

Rearming the RAF for the Second World War Adrian Phillips, 2022-07-28 When the RAF rearmed to meet the growing threat from Nazi Germany s remorseless expansion in the late 1930s it faced immense challenges It had to manage a huge increase in size as well as mastering rapid advances in aviation technology To protect Britain from attack the RAF s commanders had to choose the right strategy and the right balance in its forces The choices had to be made in peacetime with no guidance from combat experience These visions then had to be translated into practical reality A shifting cast of government ministers civil servants and industrialists with their own financial political and military agendas brought further dynamics into play The RAF s readiness for war was crucial to Britain s ability to respond to Nazi aggression before war broke out and when it did the RAF

s rearmament was put to the acid test of battle Adrian Phillips uses the penetrating grasp of how top level decisions are made that he honed in his inside accounts of the abdication crisis and appeasement to dissect the process which shaped the RAF of 1940 He looks beyond the familiar legends of the Battle of Britain and explores in depth the successes and failures of a vital element in British preparations for war

The RAF's French Foreign Legion G. H. Bennett, 2011-04-28 This book examines and analyses the relationship between the RAF the Free French Movement and the French fighter pilots in WWII A highly significant subject this has been ignored by academics on both sides of the Channel This ground breaking study will fill a significant gap in the historiography of the War Bennett's painstaking research has unearthed primary source material in both Britain and France including Squadron records diaries oral histories and memoirs In the post war period the idea of French pilots serving with the RAF seemed anachronistic to both sides For the French nation the desire to draw a veil over the war years helped to obscure many aspects of the past and for the British the idea of French pilots did not accord with the myths of the Few to whom so much was owed Those French pilots who served had to make daring escapes Classed as deserters they risked court martial and execution if caught They would play a vital role on D Day and the battle for control of the skies which followed
