Since the 1990s following the end of postmodernism literary theory has lost much of its dynamics This book aims at revitalising literary theory exploring two of its historical bases German poetics and aesthetics Beginning in the 1770s and ending in the 1950s the book examines nearly 200 years of this history thereby providing the reader with a first history of poetics as well as with bibliographies of the subject Particular attention is paid to the aesthetics and poetics of popular philosophy of the Hegel school empirical and psychological tendencies in the field since the 1860s the first steps towards a plurality of methods 1890 1930 theoretical confrontations during the Nazi period as well as the rise of formalist and anthropological approaches from the 1930s onwards All approaches are evaluated regarding their relevance for academia as well as for the general history of education If possible international references and contexts of the relevant theories are taken into account In sum the analysis not only shows how differentiated historical accounts in the field were but also reflects how current literary theory could move forward through the rediscovery of sunken ideas Réflexions Critiques Sur La Poésie Et Sur La Peinture Jean Baptiste Dubos,1719 **Réflexions critiques sur la poesie et sur la peinture ; première partie** Jean Baptiste Dubos,1733 *Catalogue of the Library of the Peabody Institute of the City of Baltimore* N.
