way Harrison hoped. However, some incredible and varied music was created from 1974 to 1977 including some of Harrison's best solo material. Towards the end of its initial life, Dark Horse dropped most of its artists and released mainly Harrison's solo work. Thankfully, since 2020, Dhani Harrison has taken the reins and has made Dark Horse viable once again, signing Cat Stevens and Billy Idol and releasing music from Joe Strummer and Leon Russell. Finally, in 2023, it was announced that Harrison's entire solo catalog was going to be re-released on Dark Horse. This book tells the story of the label from the beginning through its struggles and on to its exciting renaissance in the new millennium.

At a very young age, Aaron Badgley developed a profound love of The Beatles and music in general, also developing a fascination with record labels. At the age of 19, he started working in radio, and by the age of 20, he was a production manager for a number of stations in Canada. Here Comes the Sun Joshua M. Greene, 2010-12-09. A fascinating read. Associated Press. Joshua Greene, who studied meditation with the legendary Beatle George Harrison, draws on personal remembrances, recorded conversations, and firsthand accounts to create a moving portrait of Harrison's spiritual life, his profound contribution to the Beatles' music, and previously unpublished anecdotes about his time with music legends Bob Dylan, Elvis Presley, and others. Many well-known artists have touched people's hearts with their music, but few have ever succeeded in touching people's souls. That was George's gift, and his story is described here with affection and taste. A wonderful book. Mia Farrow. *General Knowledge*

Tulsi Badrinath, 2013-05-20 V P Dhananjayan was one of the first men to make a successful career as a Bharata Natyam dancer. In the late sixties when he made this choice, Bharata Natyam, the classic dance form that Rukmini Devi helped evolve from the dance of the devadasis, was almost exclusively the domain of women. In making Bharata Natyam his profession, Dhananjayan had to create a space for his dance where none existed. It is only recently, in the relatively short span of the past seventy years, and to a great extent because of the creative efforts of versatile and innovative dancers like Dhananjayan, that a greater number of men have performed Bharata Natyam as men without needing to dress as women to appear on stage. As Dhananjayan's student for nearly forty years, now and a trained dancer herself, the author Tulsi Badrinath chronicles the story of his brilliant life in dance with the insight of one who understands each nuance of it. Weaving her own life-long passion for Bharata Natyam with his remarkable story, she brings to light the difficulties faced by a male dancer in establishing himself in what was thought to be a somewhat unrespectable profession and tells the compelling story of his life with empathy and understanding. Writing of his years in Kalakshetra and his departure from it, of the deep love that blossomed between him and his wife Shanta and the incredible dance partnership they forged, making them famous as The Dhananjayans, of his international collaborations with Ravi Shankar and of his ability as guru and teacher to impart his passion for dance to his disciples, she explores her own understanding of what the dance and her guru have meant to her. Interspersing this remarkable tale of guru and shishya with the stories of other young male dancers in the realm of Bharata Natyam, she pays tribute to their extraordinary commitment, their talent, and their courage.

Global Beat Fusion Derek Beres, 2005. *Global Beat Fusion: The History of the Future of Music*. Words by Derek Beres. Foreword by Ajay Naidu. Derek Beres is part reporter and part prophet, standing in the middle of the eye of the World Music storm that is raining new musical genres on the Earth today, each one fused by the love of song and spirit. Krishna Das, kirtan artist, I met Derek Beres as a writer interested in shedding light on what was happening in the world of future music. I know him now as a major force pushing this scene in all directions. He has gone so far deep inside that he has become exactly what he writes about. He will forget to write one chapter of this book, and that is the one about himself. Karsh Kale, tabla player, DJ, producer. Derek Beres is a modern-day shaman. He knows new hybrids of electronic and non-Western music deliver the same ecstatic release as ancient tribal rituals of so-called primitive societies, and that the implications go far beyond an ambient groove. For Beres, the fusion of technology and ritual, the reconciliation of mind, body, and spirit that electronic world music represents is not just the cutting edge of modern entertainment but the early stages of a numinous revolution in American culture. In *Global Beat Fusion*, he explains why music is the new religion and how, in one sense or another, we are all destined to become believers. Gardner, Hanna Walsdorf, 2016 Music always mirrors and acts as a focal point for social paradigms and discourses surrounding political and national identity The essays in this volume combine contributions on historical and present day questions about the relationship between politics and musical creativity The first part concentrates on musical identity and political reality discussing ideological values in musical discourses The second part deals with musical constructions drawing on diverse national connections within our own and foreign identity
