**Humour in Political Activism** Majken Jul Sørensen,2016-08-23 This book analyses how humour in political activism contributes to facilitating outreach mobilisation and the sustaining of cultures of resistance Drawing on examples of attention grabbing stunts from around the world Humour in Political Activism demonstrates how they succeed in turning relations of power upside down The ambiguity and unpredictability of humour Sørensen argues makes it difficult to respond to this form of political activism when it is performed in public Humorous political stunts can therefore challenge state power help influence changes in law and make significant contributions to the conversations about how societies should be organised The book also investigates the potential risks and limitations of using humour in nonviolent action and what makes humour unique compared with other forms of non humorous political activism

**Grandmothers and Grandmothering: Creative and Critical Contemplations in Honour of our Women Elders** Kathy Mantas,2021-10-13 Today more and more grandmothers around the world are taking on varied responsibilities and many roles sometimes concurrently Consequently grandmothers continue to play as in the past an influential role not only in the lives of their grandchildren but also in our communities and in society more broadly Grandmothers and Grandmothering Creative and Critical Contemplations in Honour of our Women Elders as the title suggests seeks to pay homage to our grandmothers and their contributions to society As well it aims to explore the textured and complex phenomena of grandmothering from a range of disciplines and cultural perspectives Our hope is that this collection challenges preconceived notions of what it means to be a grandmother and provides insight into the multifaceted nature of grandmothering

**A Song to Save the Salish Sea** Mark Pedelty,2016-10-03 On the coast of Washington and British Columbia sit the misty forests and towering mountains of Cascadia With archipelagos surrounding its shores and tidal surges of the Salish Sea trundling through the interior this bioregion has long attracted loggers fishing fleets and land developers each generation seeking successively harder to reach resources as old growth stands salmon stocks and other natural endowments are depleted Alongside encroaching developers and industrialists is the presence of a rich environmental movement that has historically built community through musical activism From the Wobblies Little Red Songbook 1909 to Woody Guthrie s Columbia River Songs 1941 on through to the Raging Grannies formation in 1987 Cascadia s ecology has inspired legions of songwriters and musicians to advocate for preservation through music In this book Mark Pedelty explores Cascadia s vibrant eco musical community in order to understand how environmentalist music imagines and perhaps even creates a more sustainable conception of place Highlighting the music and environmental work of such various groups as Dana Lyons the Raging Grannies Idle No More Towers and Trees and Irthlingz among others Pedelty examines the divergent strategies musical organizational and technological used by each musical group to reach different

audiences and to mobilize action He concludes with a discussion of applied ecomusicology considering ways this book might be of use to activists and musicians at the community level

*The Raging Grannies* Carole Roy, 2004 Women fought against slavery and offered shelter to hunted runaways demanded economic justice for the starving or working poor raised their voices when rights were trampled raised their fists when their children were murdered Women's collective acts of resistance have played and continue to play a vital but often unacknowledged role in humanizing social political and economic policies To death danger and oppression women have frequently responded in life affirming ways their contributions concealed in invisibility and silence for too long without stories of resistance and opposition But no more This is the tale of the Raging Grannies Their beginning and growth the invention of their identity the educational and bold potential of their activism the values expressed in their actions and songs and their impact on issues stereotypes media and people At a time when environmental destruction and war threatened when the growing chasm between poor and rich endangered justice a group of women stood up with courageous irreverence to denounce government lies corporate greed and short sightedness and in the process created a new cultural figure that challenged authority as well as stereotypes of women The Grannies distinctive approach is surprisingly popular and effective in sixteen years more than fifty groups of Raging Grannies exist across Canada in the United States and as far away as the UK Australia and Greece Greek Grannies call themselves Furies Their popularity reveals the power of creativity and humour which allow them to claim their space on the political scene refusing to be dismissed or ignored The Raging Grannies both records and celebrates this vibrant activism Bursting with adventures this is the tale of the Raging Grannies their beginning the invention of their identity and their impact on issues stereotypes media and people

**Unsettling Activisms** May Chazan, Melissa Baldwin, Patricia Evans, 2018-08-23 How and why do ordinary women and nonbinary people engage in various forms of social change work at different times in their lives What does it mean for these people to age as activists Unsettling Activisms brings together insights from academics and activists in an intergenerational conversation that addresses these questions Drawing on diverse lived experiences including contributions from leading feminist and age studies scholars this volume investigates how powerful interlocking forms of difference such as gender class race ability ethnicity sexuality and Indigeneity shape the meaning and experience of both ageing and activism This vital resource consists of eight analytic chapters and eight vibrant reflective pieces alongside poignant poetry and photography This collection is best suited for undergraduate and graduate courses in gender studies activist and social movement studies and age and ageing studies

Storying Later Life Gary Kenyon, Ernst Bohlmeijer, William L. Randall, 2010-12-20 In its brief but vigorous history gerontology has spawned a broadening range of specializations One of the newest of such specializations is narrative gerontology so named for its emphasis on the biographical or inside dimensions of the experience of aging Telling stories about our world our relationships and ourselves is fundamental to how we make meaning Everything from our history to our religion and our memories to our emotions is linked to the tales we tell

ourselves and others about where we have come from and where we are going They are central to who we are The biographical side of human life is every bit as critical to fathom as the biological side if we seek a more balanced positive and optimistic perspective on what aging is about if we would honor the dignity and complexity the humanity and uniqueness of the lives of older persons no matter what their health or economic standing In this respect a narrative approach is particularly suited to the exploration of such topics as meaning spirituality and wisdom and the connections they share This volume reflects a selection of new directions and insights and constitutes a general broadening and deepening of narrative gerontology exploring its implications for theory and research in the field of aging and for the quality of life of older adults themselves Such deepening indicates a greater refinement of thought method and intervention The evolution of narrative gerontology is also evidenced by a significant increase in the number of faculty and graduate students engaged in research in this area as well as by increasing collaboration among researchers practitioners and administrators in applying narrative insights to contexts such as long term care indeed healthcare in general These initiatives have given rise to the phrase narrative care as core care

*Marching Dykes, Liberated Sluts, and Concerned Mothers* Elizabeth Currans, 2017-10-15 From the Women in Black vigils and Dyke marches to the Million Mom March women have seized a dynamic role in early twenty first century protest The varied demonstrations whether about gender sexuality war or other issues share significant characteristics as space claiming performances in and of themselves beyond their place in any broader movement Elizabeth Currans blends feminist queer and critical race theory with performance studies political theory and geography to explore the outcomes and cultural relevance of public protest Drawing on observation interviews and archival and published sources Currans shows why and how women utilize public protest as a method of participating in contemporary political and cultural dialogues She also examines how groups treat public space as an important resource and explains the tactics different women protesters use to claim transform and hold it The result is a passionate and pertinent argument that women organized demonstrations can offer scholars a path to study the relationship of gender and public space in today s political culture

**Struggles for Justice in Canada and Mexico** Linda Snyder, 2017-01-03 *Struggles for Justice in Canada and Mexico* examines Canadian and Mexican communities engaged in collective action to address problems related to the context of aggressive capitalism which favours economic freedom of the powerful over the needs of people and the planet The book s several case examples portray income generating projects action to promote health adequate housing and a safe environment including resistance to mining women s resource and advocacy programs as well as grassroots support organizations and independent organizers The author gathered stories in six states in the south of Mexico and two provinces in Canada between 2004 and 2010 with follow up to 2012 Thematically they centre on oppression and struggles for rights experienced by the poor women and Indigenous peoples The author s case study method bolsters her narratives by including interviews observation and some participant observation with analysis that draws on social movement theory from sociology and

community organizing theory from social work as well as knowledge from social psychology liberation theology popular education and political science The book presents the common themes and illustrates the central theories for practitioners in the many fields that promote social justice social work social development health human rights environmental protection and faith based justice movements among others The conclusion presents a framework for conceptualizing social justice practice as a congruent paradigm composed of values theory objectives and practice methods
