Rain In The Forest Light In The Trees Contemporary Poetry From The Northwest:

Rain in the Forest, Light in the Trees Rich Ives, 1983 **From a Three-Cornered World** James Masao

Mitsui, 2016-06-01 From a Three Cornered World presents 60 poems by James Mitsui 25 of them new His poetry has over two decades time and three previous volumes asserted a strong and significant voice within the growing tradition of Asian American literature Mitsui's poems contain a family history of immigration to the Pacific Northwest from Japan and the assimilation of American culture over three generations including the relocation of Japanese Americans during World War II His vignettes of family life are gems of bittersweet humor and tenacious affection revealing a deft and earthly poetic charm Mitsui ranges over many subjects and deals with major themes in language that is spare yet lyrical expressing historical insight in profoundly moving imagery **In Blue Mountain Dusk** Tim McNulty, 2023-05-23 In Blue Mountain Dusk is one

of those rarest of books of poetry containing poems that ought to have been written rather than poems that merely could have McNulty is a careful poet and the pieces in this book are the hard clean nuggets left in the gold pan after washing and washing over and over The love poems alone are worth the read tender and subtly erotic As an observer of the natural world this poet rates right up there with the best of the Chinese poets or Robinson Jeffers in our own country This is an honest poet and these are honest poems McNulty's evocations of nature demonstrate an engagement that is both intense yet gracefully detached In passionate witness his poetry moves like the wind over the landscape stroking every leaf and stone it passes THE SEATTLE TIMES Tim McNulty's poems have a real voice moving them forward Enriched by a love of common thought and feeling enlivened by a musing on the wisdom tradition and made accessible by simple and unaffected observation his poems come to us wearing the familiar shirts and shoes poetry has always worn ROBERT SUND Tim McNulty has become one of the strongest poetic voices for a huge realm that is new to history the north Pacific the western edge of the continent These fresh clear poems are full of subtle crossings from the wild to the human from the ongoing world of forest work and life to the emergence of the new urban Northwest Friends family tracks the northern stretch the spaces and the cool darkness of the woods Poems of craft and deep awareness that are graceful and hard won GARY SNYDER Tim McNulty's poems belong to the where and what of his life in a rare degree They live in equality with moss ferns flakes of bark river stones roots buds their mountains are particular mountains Reading them puts one among these things he knows with such authentic intimacy If the tone of his evocations is more often elegaic than exultant it is because such close knowledge must involve in our day a great sense of mourning for the daily demise of so much yet his love for what he evokes gives song to his images and inspires even among those who may never see more than their outskirts a will to cherish and defend the remaining wild places
