Zeus Arthur Bernard Cook, 1914 *Dancing in the Rain* Tracy Brooks, 2012-08-27 There are times in all of our lives when we look to the sky and wonder if the dark clouds shadowing our lives will ever part when we wonder if we'll ever be warmed by the sunshine again. We may be challenged to overcome a single tribulation or a series of trials, but we all find ourselves facing and enduring heartache. Tracy Brooks has perhaps experienced more than her fair share of heartache, most notably experiencing the ultimate betrayal and abandonment of the dearest person in her life. Getting back on your feet can seem like an insurmountable task after being wounded so deeply, but Tracy realized there was nothing else she could do but move on and wait for the clouds to part. In this memoir, she seeks to reaffirm that storms of life really do pass and that the sun can shine again. She shares what encouragement can do for someone going through difficult times in their life and how those encouraging others through their journeys are blessed. She hopes to restore faith and reminds readers to pray through hard times. Brooks's memoir shows that regardless of the adversity you're facing, faith can get you through. Hers is a story of finding peace among all the pieces.

The Secrets of the Mist Witches Gunivortus Goos, 2022-03-30 The German term *Nebelhexe* (Mist Witch) is no longer an unknown word; you can find it in many places. In ghost stories in books for children and grown-ups, it is used in comics and plays as well as in poetry, as picture descriptions, and in fantasy and role-playing games. A musician used it as her artist name, and as a pseudonym, it is also used more and more often on the Internet. It is even used in recipes as a type of beer and as the name of a well-known tourist destination. The underlying customs and folk knowledge, including many folk tales from past centuries about the fog creatures from mainly the German-Dutch border area, is presented here. In the book, the dialect term *Witte Wieven* in this or similar spellings is often used for these supernatural mist women who often have their dwellings in small hills or waters. By means of background information, collected customs, and folk knowledge, more than 80 folk tales, some fictional but exciting stories, and many decorative illustrations in color, these fog creatures are presented here, but in a chapter of its own, it also gives due attention to similar beings from other parts of the world.
